(ENTERED AT THE PHILADELPHIA POST-OFFICE AS SECOND CLASS MATTER.)

VOL. XVIII.—No. 1

PHILADELPHIA, WEDNESDAY, JANUARY 7, 1903

\$5.00 PER YEAR.

Architect Notes

The architectural business heretofore conducted by William L. Price at 731 Walnut street, will be conducted hereafter at 1624 Walnut street, by William L. Price and M. Hawley McLanahan.

Owing to increasing business and being cramped for room, Rowland W. Boyle, architect, of 1530 Chestnut street, will move after February the first, to larger quarters at 1626 Chestnut street, rooms 5 and 6, second floor.

Mr. Charles J. Brooke, architect, of 14 South Broad street, has removed from room 702 to room 1002 in the same building. This removal was necessary owing to his increasing business. His new quarters are much larger and he has an abundance of light, so useful to an architect.

T. Mitchell Hastings, architect, 328 Chestnut street, has been commissioned to prepare plans and specifications for additions and general improvements to the University Hospital at Thirty-fourth and South streets. It is estimated that this new work will cost between \$200,000 and \$300,000 at the present time no details can be given.

Chester A. Kirk, architect, 602 Harrison Building, is working on plans and specifications and will send same out the latter part of this week to builders for estimates for an addition to Green's Hotel, at 725 Chestnut street, for Mahlon W. Newton, owner and proprietor. It will be six stories high and will measure 25x172 feet, and will be built of brick and terra cotta. The addition will contain 100 rooms. Bids due January 16th.

Carl P. Berger, architect, South Penn Square building, has completed plans and specifications for operation of 74 houses and stores to be erected on Thirtieth and Thirty-first streets, Oxford and Redner streets for Wm H. Allen, owner and builder, with office on the grounds, who is now ready for sub-bids (details previously given). The Thirtieth, Thirty-first and Oxford street houses are three stories, porch front, 11 rooms and built in pairs. The Redner street houses are two stories, porch fronts, 8 rooms.

M. H. Dickinson, 2d, architect and engineer, Real Estate Building, will submit, at a special meeting of the Building Committee of the Gethsemane M. E. Church, to be held on or before January 15th, preliminary drawings and estimates for the superstructure of their new edifice to be built at the Southeast corner of Broad and Westmoreland street. It will be built of stone with tile roof and copper trimmings; one story and basement high and will measure 58x90 feet. It will have a handsome tower on the corner. It will be wired for electricity, heated by steam and will have the usual church furnishings.

Hales & Perrott, architect and engineer, 1200 Chestnut street, are working on plans and specifications and will send same out to build-

ers for estimates on January 10th, for a summer residence to be built at Ventnor, N. J., for Mr. Oliver Jones of the Victor Talking Machine Co. It will be three stories high and will be built of frame with shingle roof and will contain all up-to-date improvements. The same firm are working on plans for a four story addition 120x90 feet to be built of brick and slow burning constructions to the plant of John Lucas & Co., at Gibbsboro, N. J. Local builders will be invited to bid in a short while.

Hale & Morse, associate architects, Drexel Building, plans have been accepted in competition by the building committee for the handsome new Norfolk Public Library, to be built at the corner of Freemason and Shombert streets, Norfolk, Va. It will be two story and basement high and will measure 90x50 feet. It will have a handsome ornamental front and will be built of brick and stone. The interior will be finished in oak or mahogany, with Mosaic and tile floors. It will be heated by steam, wired for electricity and will accommodate 40,000 volumes and will cost \$45,000. This library has been donated by Andrew Carnegie to the City of Norfolk. Working plans and specifications will be ready for bids in about six weeks.

Building and Real Estate Notes.

Miriam P. Roberts and others, trustees, have sold a tract of twenty-nine acres, in Radnor, to Benjamin F. Clyde, of Philadelphia, for \$14,627.50.

E. F. Bertolotte, architect, Heed Building, has awarded the contract to Hartnett & Potts, builders, for remodeling of and additions to Dr. A. J. Bevan's residence at Bryn Mawr, Pa., according to plans and specifications prepared by him.

H. B. Shoemaker & Co., builders, have been awarded the contract for interior and exterior improvement to the store property at the northeast corner of 11th and Market streets, for Blumenthal & Co. Work will proceed at once.

J. S. Rogers, builder, of Stanwick, N. J., has been awarded the contract to make alterations and additions to 410 Race street, for Whitehall, Tatem & Co., of this city. The addition will be two stories high and will be built of brick and iron. Plans and specifications by Savery & Scheetz, architects, Stephen Girard Building.

A meeting will be held at Harrisburg, Pa., next week, by the Legislative Commission to select a site for the new State Homeopathic Hospital. The Commission has options on several sites, but a selection cannot be made until every member of the body is present. It is expected at the next meeting to have a full attendance of the committee and the site will be selected.

W. A. & A. E. Wells, Doyle & Doak and John R. Wiggins & Co., builders, have sub-

mitted to Frank Miles Day & Bro., architects, 925 Chestnut street, their bids for the new gymnasium and grand stand to be built at 34th and South streets, for the University of Pennsylvania.

Wm. Wrifford & Co., builders, at Camden, N. J., have been awarded the contract to build the new battery house for the Camden & Suburban Railway, at Camden, N. J. It will be two stories high and will be built of brick and will be fireproof. Contract price \$3,000. Plans and specifications by Thomas Stephens, architect Masonic Temple Building, Camden, N. J.

W. R. Dougherty, builder, 1604 Sansom street, has been awarded the contract for alterations and additions to the Farmers' and Mechanics' Bank, at 427 Chestnut street. Plans prepared for interior alterations, new elevator, etc. Plans and specifications by W. Woodward Potter, architect. Work will proceed at once.

Arthur Williams & Sons, builders, 509 Locust street, have been awarded the contract for the interior improvement and remodeling of the residence of James Hope, Esq., at 3905 Chestnut street. Work will include new steam heating plant, plumbing, tile work, new mantels, etc. Plans and specifications were prepared by Albert W. Dilks, architect, 1001 Chestnut street.

Kendrick & Co., builders, 1709 Sansom street, have plans posted for the large new furniture plant of Hale & Kilburn, to be built at 18th and Glenwood avenues. It will be four stories and basement high, 352x200 feet and will be partly fireproof and partly slow-burning. The bids are due January 17th. Plans by Lockwood & Green Co., architects, Boston, Mass.

The Institute for Colored Youth on Bainbridge street above Ninth, has secured a farm at Cheney, Delaware County, Pa., and will erect the necessary buildings for an academic and industrial school. The institute is under the direction of the Society of Friends and the Board of Managers consists of: George Vaux, Francis Stokes, George Vaux, Jr., Ed-ward M. Woster, Francis E. Gunawere, Walter Smokey, J. Henry Bartlett, Davis H. Forsythe, Alfred C. Elkmore, David G. Yardnall, Stanley R. Yardnall, Comly R. Shoemaker and James G. Bidle.

William T. Richards, artist, formerly of Philadelphia, but now of Newport, R. I., has bought real estate at Jumstevn, Conicut Island, just across Narragansett Bay from Newport. He bought from the Ocean Highlands Company and the Cottrell heirs by quiet claim deed, the island and adjacent rocks, lying east of the Cottrell farm and the land of the Ocean Highland Company.—A deed has also been filed for record, conveying all the rights and title owned by the State of Rhode Island in these islands to Mr. Richards, who will build a handsome summer cottage on one of the islands. We believe that as yet no architect has been engaged.

PHILADELPHIA, WED'Y, JAN. 7, 1903

"The Lucas Business Bringers"

It is seldom, indeed, outside of the patent medicine world, that a manufacturer appreciates the importance of educating the public to believe in himself, his methods, his products as well as in the concerns which distribute the goods he manufactures.

There are many exceptions, of course, and among them there are none that appreciate the importance of meriting as well as cultivating the confidence of the buying public, more than the old paint manufacturing concern of John Lucas & Co., with immense works at Gibbsboro, N. J., and office and warehouses at Race and Fourth streets, Philadelphia.

This system of public education was originated by Mr. Lucas, the founder of the house, many years ago, and it has been continued to such an extent that almost any old tree on a country road side, can tell you the story of the true goodness of the Lucas paint and other products and its brawny limbs seem to point to the neighboring houses and barns as beautiful and durable examples of the truthfulness of the story it tells.

Is there any room for wonder or surprise at the popularity of this concern, its strenuous efforts to command a large share of the trade of the country; its business methods and above all the reliability and worth of its products. A magnificent country home, beautifully decorated with Lucas paints, makes a pretty picture at the head of the company's calendar for 1903.

The Fire Association Calendar.

Is neat, but not gaudy. Serviceable, but not pretentious and just such a calendar as a business man needs, as the figures are large enough even for people with impaired vision. The name of this old and popular company is in large white raised letters on a field of deep blue. The calendar is a good one to own. Get one!

The Pennsylvania Fire Calendar.

With the grace of a Chesterfield the vice president of the Pennsylvania Insurance Co.,

of this city, office 508-510 Walnut street, handed us several of the Company's calendars for 1903. It is the same practical useful business article as heretofore, in blue and white and it is an attractive office fixture, obtained for the asking as long as the supply lasts.

During 1902 there were more transfers of real estate, and the value over \$91,000,000 was greater than any other year since the Phila. Real Estate Record has been published, and for what we know both the number of transfers as well as their value, was greater than any year since the city was founded.

Interesting School Facts.

There are 30,640 public school teachers in Pennsylvania, and 22,055 of them are women and girls. These thirty odd thousand draw \$17,821,871.38 a year in salaries, and their work is distributed in 29,032 schools, 17,162 of which are graded.

These are some of the instructive statistics embodied in the forthcoming report of Dr. Schaeffer, Superintendent of Public Instruction of the State, for the year ended June 2 last. Outside of Philadelphia, there are 15,298 school directors and 138 superintendents; and the army of teachers, directors and superintendents has direct charge of 1,163,509 pupils. The sum paid for their text books per year is \$826,477.77 and for other school supplies, maps, globes, etc., outside of Philadelphia, \$340,805.00. For fuel, contingencies, fees of collectors, and other expenses of the State schools there is annually expended the enormous sum of \$5,547,063.47 swelling the aggregate expenses of the Pennsylvania system to \$23,027,678.82 per year. Of this sum the State's direct appropriation is \$5,500,000, and for Normal Schools, \$200,000. The value of Pennsylvania's public property is \$52,994,604.25. Last year's increase in number of pupils in these schools was 1895, while the decrease in number of male teachers was 609, and the increase in number of female teachers 1208. The increase in wages for the year was \$476,736.91, and in cost of fuel, contingencies, debts and interest, \$172,581.17.

Building and Real Estate Notes.

The first prize of \$50,000, offered for the best window display of Lucas paints and other products by John Lucas & Company, of this city, was won by J. L. Beath & Co., of Bloomington, Illinois.

The Metropolitan Life Insurance Company of New York City, has bought the old Madison Square Presbyterian Church property, N. Y. The trustees accepted the offer of more than \$1,000,000, which will be used to buy a site and erect a new church.

The loss by fire in Canada and the United States during 1902 is given as \$161,000,000, against about \$170,000,000 for 1901, and \$179,000,000 for 1900. It is noticed that the heavy losses in this direction always come in cycles and after a prolonged period they gradually diminish to a point where the business of fire insurance becomes profitable.

1902

(COMPLETE)

Our Regular Annual Report of Construction Work for 1902 Including all Transfers of Real Estate for the Entire Year.

4785 New Buildings of all Kinds, Costing \$23,992,943 Exclusive of the Cost of the Land, a Falling off from the Record of 1901 of 247 New Buildings While the Investment is Greater Than Last Year by \$495,297.

2205 Alterations and Additions (Costing \$300 Each and Over) Costing \$3,307,500, a Falling off of 73, While the Cost Last Year was \$109,500 Less Than in 1901.

Total Expenditures of Building Improvements Worthy of Record for 1902 Amount to \$27,300,443 Against \$26,914,646 for 1901, an Increase of \$385,797.

In our November report of building operations for the season of 1902, we referred to the conservatism of the financial institutions towards building operations and said that in our opinion this was mainly responsible for the comparative shortage in operative building. We also expressed the opinion that for the results we were largely indebted to private capital. We also referred to the firm of Hazlett & Moss, 631 Walnut street, as instrumental in furnishing a large share of the advances necessary to carry on the operative work for the year.

At the time of writing, however, we had no idea as to how far this private capital influence extended, and we were greatly surprised to learn, after our November edition was issued, that the above firm had advanced to our builders, a round sum amounting to thirty-three and one-third per cent. of the capital invested in operative building in this city, during 1902, up to the time of our November Special.

It is only reasonable to suppose that after the results of last year, embracing, of course, the improved market conditions for real estate, that in the way of demonstration, these results will exercise a potent influence towards loosening the purse strings for operative building during the present year. The predictions point to greater results for 1903 than for many years, in fact, this sentiment is general and from our own observations, it seems to be fully justified.

In comparing the results of last year with those of 1901, we find that the two story dwellings are short of the record of 1901, 188, and the three story are short 166. A total shortage for the year of 354, in this direction, compared to the total when compared with the investment in these during 1901, just \$1,006,800.

The architects are in a wholesome humor over the outlook for 1903, and while much of the work has only advanced as far as the consideration or sketch phase, they are generally very confident as to the promises of the year.

Transfers merit weighty consideration in the estimate of future conditions and while it is frequently asserted that many of them are the results of the "swapping and cracking" of our builders, we would suggest that those who are inclined to think this merits a reasonable discount from the yearly average, should make it and base their estimates as to the demand for property on the balance. In this connection we note that for the last 15 years there has been transferred real estate representing an aggregate value of \$7,119,205,696.00, this divided by 15 gives us a yearly average of \$474,547.06.

We give one table of yearly dwelling construction work since 1889, inclusive. It will be easy from this table to recognize the work of our operative builders.

	Two-story Dwellings	Three-story Dwellings	Four-story Dwellings	Total

To be sure, these 98,401 comfortable dwellings erected here in 16 years, cut no figure in city development with the everlasting shouter from either New York or the City of Wind, but we who understand the humanitarianism of such influences upon city life—and this makes us as a community infinitely better off than the inhabitants of any other large city under the sun—have plenty of justification for our satisfaction that these homes, for all are examples which the world might follow to its advantage.

The industrial buildings erected during 1902 numbered 272, costing \$5,076,306. In 1901 there were 194 of these, while in 1900 there were but 141. This enormous growth in the industries, and the situation infinitely better than anything we can write, indeed, it explains the large numbers of thrifty people standing in line at the saving fund institutions, waiting for their turn at the deposit windows. It is from the ranks of these people the buyers as well as the renters of our small dwellings, come.

The following table of industrial buildings, erected in this city since 1889, is interesting as the drastic business conditions of the nineties are embraced in the 14 years:

	'89	'90	'91	'92	'93	'94	'95	'96	'97	'98	'99	'00	'01	'02
Warehouses	39	32	28	45	28	15	11	17	19	21	33	38
Dye and dry houses
Factories
Engine and boiler houses
Breweries and bottling houses
Foundries and shops
Stores

Miscellaneous buildings, of a character not sufficient in number of each, as to justify a classification, swell the total to such an extent as to justify all the care and attention we can give them. It will be seen that there were 117 of these last year, against 101 in 1901, yet the cost of these erected in 1902, is of very importance when compared with the cost of those built in 1901—the difference favors 1902 by \$2,836,062. Marriages are the natural result of thrift and prosperity and like the industrial growth of a community, they enter into the very heart of the real estate question. The first marriage license issued on January

2, 1902, bears the number 143,807, while the last one issued on December 31, 1902, is numbered 156,208.

Here, then, are 12,401 marriage licenses issued during 1902. How many of these couples have already made homes for themselves in the dwellings of Philadelphia, it would be difficult to estimate.

As this enormous showing is the natural result of industry, we give in the following table the changes by per centages of industrial building construction since 1889, inclusive:

	New Bldgs.	Indus. Bldgs.	Per Cent.
1889.....	10,250	296	2.8
1890.....	10,136	345	3.4
1891.....	6,738	447	3.5
1892.....	7,611	293	3.8
1893.....	6,255	232	3.7
1894.....	6,595	172	2.6
1895.....	7,540	150	1.9
1896.....	7,115	114	1.3
1897.....	7,344	102	1.4
1898.....	5,353	101	1.8
1899.....	3,677	133	3.4
1900.....	3,309	141	4.1
1901.....	5,032	194	3.8
1902.....	4,785	272	5.6

We want it noted that the per centage of industrial buildings erected in 1902, was greater than that of any year since 1889, and yet with all these influences at work, there are some people who still entertain their old notions as to the dire and calamitous influences, which are constantly insinuating the value of real estate.

We repeat our table of yearly construction work since 1887, inclusive, as without the ability to compare the respective years, our tables would fall short of the purposes intended.

Hot Water

for heating large or small dwellings is a perfect revelation to those who are not acquainted with its wonderful potency even under adverse conditions.

Successful Heating and Economy in Coal Consumption is only attained through the efficiency and reliability of the boiler.

As a horse is only as good as his legs, so also a hot water heating plant is only as good as its boiler.

The above figures represent the greatest growth in this direction, for the years named, of any city in the whole world, and yet Philadelphia, as a city, in the eyes of a host of outsiders, is but one remove from a wholesome country village.

The mortgage incumbrance on the real estate transferred during 1902, amounts to \$36,521,416.37, or 40 per cent., in 1901 it was 40.3 per cent., in 1900 39.3 per cent., in 1899, 39 per cent., in 1898, 36.4 per cent., in 1897, 38.8 per cent., in 1896, 34.7 per cent.

The ground rents on the property transferred last year amounts to \$482,251.08, which, on a six per cent. basis, represents a further incumbrance of \$9,037,518.00.

The sales of real estate at auction last year amounted to \$3,004,554. This is \$665,860.28.

The mortgage incumbrance on the sales of real estate at auction amounts to \$110,262.00, while the

gratulated on their execution of this work. We desire to thank them for one of those beautiful souvenirs for 1903 and wish them a happy and prosperous New Year.

Geo. W. Beard & Co., builder, at Reading, Pa., have been awarded the contract for the new buildings for the Montello Brick Co., at Perkiomen, Pa. (details previously noted.)

The time for submitting bids for the group of buildings for the Hale & Kilburn Company, at Eighteenth and Glenwood avenue, has been extended until January 17th. Oaks & Tyas, 45 North 13th street, have been added to the list of local builders who are figuring on the work.

Harry Brocklehurst, builder, 512 Norris street, has been awarded the contract to erect a warehouse for Frank Toomey at Glenats avenue, north of Llewellyn street, Sixteenth Ward. It will be two story brick structure 89x39 feet and will cost \$9,000 plans by P. A. Kley, architect.

Plans approved by the Board of Surveyors permit the relocation of the Rapid Transit Company's tracks on Old York road between Rockland avenue and Tabor road. The distance is over one mile. The double tracks are to be placed in the middle of the road, four and one-half feet apart. All curbing between Rockland avenue and Tabor road will be relocated, giving the sidewalks a uniform width of 12 feet. It is said that in a short time plans will have to be prepared to widen Old York road. Plans were approved allowing the Rapid Transit Company to lay a siding and curve at Fiftieth street and Girard avenue; also plans for the opening of Berks street through Monument Cemetery from Broad to Sixteenth streets.

The Orthodox Jewish Congregation, Adath Israel, are to build a gigantic synagogue to seat 40,000 persons, and will be erected in the vicinity of Eighth and Christian streets. The congregation is now negotiating for the old Ebenezer Methodist Episcopal Church property at Third and Christian streets, and will worship there until plans for a new and more commodious structure can be secured. Adath Israel congregation, for which a charter has been applied for, is intended primarily, for

the poorer classes of Hebrews, and the seating when the new synagogue is completed will be free. A bureau for providing free legal advice for the poor is also contemplated. Already \$17,000 has been raised towards the building fund which is expected to reach \$175,000 on a co-operative basis that will give every worshiper a part ownership in the synagogue and its furnishings.

The present building of the Commonwealth hotel, on Market Square, Harrisburg, Pa., will be torn down and replaced by a metropolitan structure, after the adjournment of the coming session of the Legislature. The new building will cost no less than \$500,000. The new edifice may also occupy the present site of the business building on Market Square, adjoining the present hotel building on the south. It is understood that negotiations are now on between the hotel people and the owners of the adjoining property. The hotel management had as its original plan that of building an additional story to the present structure. With this in view architects examined the building and reported that it would not be able to stand the strain of another story and the plan of an entirely new hotel was then decided upon. The new building will be a handsome one and built upon metropolitan lines. It will cost and built upon metropolitan lines. It will cost no less than \$500,000. Work on the demolition of the present building will be commenced after the adjournment of the session of the Legislature which begins next Tuesday.

C., until 2 o'clock, January 14th, for the installation of a conduit and electric wiring system for the United States Post Office Building at Helena, Montana.—Also until 2 o'clock sixth day of January for installation in complete working order of an ash elevator in the United States Custom House and Post Office at St. Louis, Mo.

Sealed proposals will be received for \$30,000 Sinking Fund Loan of Wilmington, Del., until 12 M., Thursday, January 15, 1903, bonds will date from January 26, 1903, in denominations of \$50 or multiples thereof, and bear 4 per cent. interest, payable semi-annually on April 1st, and October 1st, and will mature: \$12,400 on April 1st, 1907, and \$17,600 on October 1st, 1907, for the use of the Board of Park Commissioners for the purchase of park lands. All proposals will be accompanied by certified check to the order of "The Mayor and Council of Wilmington," for two per cent. of the amount of bonds bid for, and the same to be forfeited if the bidder fails to accept and pay for the bonds awarded. The successful bidder or bidders will be required to settle for the bonds at or before 12 M., January 26th, 1903. The right to reject any and all bids is reserved. Address all bids in sealed envelopes to Seth H. Feaster, City Treasurer, marked "Proposals for Sinking Fund Loan." Attest: Seth H. Feaster, City Treasurer, Wilmington, Del.

Architect Notes

Totten & Rodgers, architects, formerly of 937 Chestnut street, have moved to larger and better quarters, at 1112 Chestnut street, rooms 85 and 87.

Otto C. Wolf, architect, 1025 Arch street, has completed plans for an alc vault, 45x130 feet and 20 feet deep, for the brewery of Robert Smith & Sons, Girard avenue near Thirty-eighth street.

At East Liverpool, Ohio, Architect Walter Supplee has prepared plans for twenty-five dwellings to be erected for the Midway Land Company. They will be well finished throughout and provided with modern conveniences. Work on them will begin early in the spring.

At Harrisburg, Pa., Architects W. O. Weaver & Sons, 14 South Second street, have prepared plans for a store and dwelling to be erected for Mr. J. W. Cottrell. It will be of brick and stone, fine interior finish, sanitary plumbing, wood mantels, tile work, steam heat, slate roof, all modern conveniences.

Jacob Naschold, architect, 504 Walnut street, is working on plans for extensive interior and exterior improvements to be made to the cottage of A. Frei, at Norwood, Pa. Will be ready for bids in a short while. The same architect has plans in the course of preparation for alterations and additions to the Labor Lyceum on 6th street above Brown street.

Edgar V. Seeler, architect, Real Estate Building, plans have been accepted in competition for the new 11-story office building to be built at Milk near Washington street, Boston, Mass., for the Penn-Mutual Life Insurance Co. It will be built of granite to the second floor and the upper portion will be brick with terra cotta trimmings. (Further details later.)

Newman & Harris, architects, Real Estate Building, have plans in the course of preparation for the building of a new library, additions and interior and exterior improvements to the residence of L. F. Benson at 2014 Delancy place. The new library addition will be one story high and will have accommodations for 20,000 volumes. Plans will be ready for bids in a short while.

C. E. Schermerhorn, architect, 430 Walnut street, has completed plans and specifications and sent same to the owner, who will take bids for two two-and-a-half-story frame and brick residences, 28x40 feet, each to be built at Bala, Pa., for F. W. Nieman, of that place. They will have porches on front, the interior in hardwood finish and will contain all up-to-date improvements.

At Allentown, Pa., Architect Wallace E. Ruhe, 12 North Sixth street, has prepared plans for a dormitory for Muhlenberg College. It will be three stories high, 185 feet long, fine interior finish, sanitary plumbing, all modern conveniences, including steam heat, freight elevator, iron stairs, electric lights, fireproof

vault, tower with bell and clock, finely equipped gymnasium, etc. The estimated cost is about \$40,000. It will be known as Berks Hall. Rev. Dr. Theodore L. Seip is president of the college.

Guy King, architect, 431 Walnut street, has invited preliminary estimates from local builders for entirely reconstructing the present apartment house at 1812 Green street. The completed structure will be of brick, five stories in height, 30x150 feet. The basement will contain the laundry, servants' quarters; the first floor will have two parlors, two dining-rooms, a smoking-room, kitchen and pantry, while the upper floors will each contain 21 bed-rooms and six baths. The building will be equipped with elevators, steam heat and electric light.

Hale & Perrot, architects and engineers, 1200 Chestnut street, have completed plans and specifications and sent same out to builders for estimates, for a two-story and basement knitting mill, to be built at Hazelton, Pa., for Wilde & Company. It will be built of brick and wood burning construction, and will measure 66x110 feet. There will also be a boiler and engine house built. It will be equipped with tower fire escapes and wire glass windows over the exposed part of the building. Local builders only will be invited to bid, and bids due January 26th.

Edwin F. Durang, architect, 1200 Chestnut street, has completed plans and specifications and sent same out to builders for estimates, for a new chapel building for St. Francis' Hospital, to be built at Trenton, N. J. It will be built of brick and brownstone trimmings and will measure 44x110 feet. The following builders have been invited to bid: John McShane, William McShane, Jacob Myers & Sons and Geo. C. Dietrich, of this city; Chas. Kafer, D. Cumberly, J. W. Lanning and Joseph Frier, of Trenton, N. J. Bids due February 2d.—At the same office have also completed plans and sent same out for estimates, for alterations and addition to St. Joseph's Church at Sea Isle, N. J. The plans provide for a winter frame chapel, 25x28 feet, and other minor improvements. The following builders have been invited to bid: John McShane, William McShane, Jacob Myers & Sons and Geo. C. Dietrich, of this city, and William Cates, of Avon, N. J. Bids due January 17th.

Building and Real Estate Notes.

Geo. Watson & Son, builders, of 907 North Marshall street, has been awarded the contract for extensive improvement to the properties 1420-1422 Arch street, for the Wetherill Real Estate Company. Contract price \$5,000.

Cramp & Co., Doyle & Doak, John W. Emery, Payne & Co., Marion Zane and Appleton & Burrell, Stacey Reeves & Sons, John Maginnis, Monroe Stout, F. L. Hoover & Sons, builders, are estimating on

the six-story addition to Green's Hotel, at No. 725 Chestnut street. (Details previously noted.) Bids due January 15th, from plans prepared by Chester A. Kirk, architect, 602 Harrison Building.

Over \$200,000 is to be spent by the authorities of St. Agnes' Hospital during the spring and summer in enlarging and improving the institution. A nurses' home, a new operating room, a separate structure for the isolation of patients and a new wing on the central building, are provided. Plans are in course of preparation by a Philadelphia architect for this work and bids will be invited in a short while.

Doyle & Doak, builders, 1509 Samson street, have been awarded the contract to build the handsome new residence and stable at St. Davids, for Miss Helen R. Murphy. The house will be three stories high, 132x105 feet, and will be built of stone with red tile roof. The stable will be two stories high, also of stone with red tile roof, and will measure 73x46 columns.) Plans and specifications by Edgar V. Seeler, architect, Real Estate Building. Work will proceed at once.

Joseph F. Myers, builder, 1237 Ridge avenue, has been awarded the contract for an addition to the Blenheim apartment at the southeast corner of Seventeenth and Chestnut streets, to cost \$43,000. The plans call for the erection of a 5-story addition, 60x53 feet. The addition will be constructed of brick, stone and terra cotta. A tower fire escape and iron platforms will be built. The first floor of the new addition will be occupied for store purposes and the floors will be of fireproof construction. The 2d, 3d and 4th floors will contain 7 rooms and baths each. The fifth floor will be the dining-room. This work will be done for J. W. Hallahan, owner.

The following is a clipping from one of the daily papers. It may be true, but it strikes us that the money end is an important factor. We know, however, that only \$5.00 per share has been paid on the stock, when a reasonable assessment has been made and paid in, we will begin to think that the underground is something more than a bluff: "Plans of the Philadelphia Rapid Transit Company's Market street bridge crossing the Schuylkill have been submitted to the United States Government for approval. Similar plans for crossing the Baltimore and Ohio Railroad have been sent to that corporation. When they are returned the Rapid Transit Company will be ready to submit proposals for the construction of its proposed subway and elevated road. It is expected that by January 15 all arrangements will have been completed for the improvement. It is the purpose of the Rapid Transit Company to begin work on the subway as soon as the winter season ends. John B. Parsons, President of the company, said yesterday that the construction work would be done as rapidly as possible with least inconvenience to traffic."

Interesting Figures as to the Growth of American Portland Cement

Mr. R. W. Leslie, President of the American Cement Co., has issued a pamphlet on Portland and other cements, also giving Pennsylvania's production for 1901. The work is full of illustrations, explaining the character of the machinery used in making cement. On page 22 an interesting table of the Portland Cement product of the U. S. since 1882 is given. Commencing with an annual product of \$5,000 barrels in that year its growth has been steady and uninterrupted until 1901, when the product amounted to 12,711,225 barrels. In a diagram is shown the wonderful yearly increased consumption of Portland Cement in the United States.

Starting in 1890 with 2,500,000 barrels, the consumption steadily increased until 1901, when 14,000,000 barrels were used. Of this enormous amount the American product, as above stated, monopolized the market to the extent of 12,711,225 barrels, while the consumption of the imported article fell off from about 2,000,000 barrels in 1890, to considerably less than 1,000,000 in 1901.

The German American Charity Ball

No people of any country seek amusement and diversion more than the Yankees.

This is justifiable for a hundred reasons and more particularly in a case where the net proceeds go for works of charity.

The 16th annual German-American Charity Ball will take place at the Academy of Music on Monday, February 2d next. The proceeds will be donated to the visiting Nurse Society and the Woman's Directory, both of Philadelphia.

See advertisement in this issue, for particulars.

A Hot Water Bag

In the bed of a sick person, practically illustrates
the wonderful heating quality of a

HOT WATER HEATING PLANT

in your residence, regardless of its size or exposure.
The Radiators are like so many iron hot water bags
through which the hot water from the boiler in the
cellar, constantly circulates, maintaining even in the
coldest weather, a summer temperature in every part
at the smallest possible cost for fuel.

As the man behind the gun establishes its efficiency
while in action, the Boiler behind the Radiators, if
right in every way, does the trick without an ounce of
pressure and with only an average fire.

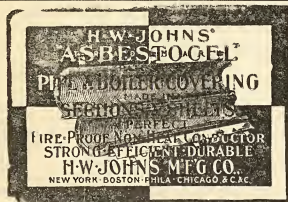

If you will only insist on having a

PHILADELPHIA, WEDNESDAY, JANUARY 21, 1903

\$5.00 PER YEAR.

Architect Notes

Isaac Pursell, architect, 110 South Fourth street, will invite to New York builders and 2 Philadelphia builders to furnish estimates on the handsome new church to be built at Staten Island, N. Y. (Details previously noted.) Bids due February 5th.

Chas. J. Brooke, architect, 14 South Broad street, is engaged on plans for 100 houses and stores, to be built in West Philadelphia. They will be three stories, brick and stone, 80x18 feet, porch fronts, interior in hardwood finish. They will have all up-to-date improvements. This operation will cost \$300,000.

Mr. Hillman, architect, 401 Chestnut street, has completed plans and specifications for a three-story brick building, 40x50 feet, to be built in Huntingdon, Pa. The first floor will be used as the United States Post Office and the building will be entirely fireproof. Local builders only will be invited to bid.

Balling & Perrot, architects and engineers, 1200 Chestnut street, have prepared plans for addition and improvements to the plant of John Lucas & Co., Gibbstown, N. J. Plans provide for a four-story and basement building, 100x50 feet, to stand the heavy machinery about to be installed there; also the building of two-story addition of brick and slow burning construction. Bids will be invited this week.

Adin B. Lacey, architect, 1020 Chestnut street, has completed plans and specifications and sent same out to builders for estimates for a new residence for Dr. E. H. Wiggins, to be built in Germantown, Pa. It will be two stories and attic high, of brick and will measure 37x40 feet. It will have a porch on front, the interior will be in hardwood finish, and it will contain all up-to-date improvements. Bids due about February 2d.

Duhring, Okie & Ziegler, architects, South Penn Square Building, have completed plans and specifications for a new colonial residence to be built at Rosemont, Pa., for Miss Alice M. Patten. It will be three stories high, 60x25 feet, with a servants' wing, 35x50 feet. It will have hardwood on the interior. It will be heated by steam, wired for electricity, open fireplaces, tile baths, etc. Bids due January 24th. The following builders are bidding: W. R. Dougherty, Machine & Brown, Jacob Myers & Sons, R. C. Ballinger & Co.

Thomas Stephens, architect, Masonic Temple Building, Camden, N. J., has plans in the course of preparation for a new Methodist Church to be built at Magnolia, N. J. It will be one story and basement high and will be built of stone and shingle, and will measure 38x64 feet. The basement will contain dining-room and kitchen, etc., the first floor, Sunday-school room and auditorium, seating 300 people. It will have a tower on front and will have the usual church furnishings. Will be ready for bids in one week's time.—At the same office are working on plans for a factory

to be built at Front and Market streets, Camden, N. J. It will be three stories high, 30x90 feet, and will be built of brick and slow burning construction. It will have tower fire escape all up-to-date improvements.—Mr. Stephens will send out plans the early part of next week for a new summer residence to be built at Wildwood, N. J., for Chas. Reynolds. It will be three stories high and will be of frame and will contain all up-to-date improvements and will cost about \$4,000.

Balling & Perrot, architects and engineers, 1200 Chestnut street, are receiving sub-bids on the 12 three-story stores and dwellings, to be built at Northeast corner of Germantown and Allegheny avenues, for J. P. Matthew. (Details previously noted.) Bids due January 26th.—In the same office have completed plans for a two-story main building, 43x20 feet, a boiler and engine house, 40x82 feet, to be built of brick for G. & H. Barnett, and to be erected at their plant, 21-43 Richmond street.

Chas. E. Oelschlaeger, architect, Harrison Building, has completed plans and specifications and sent same out to builders for estimates for interior alterations to the property at 27 South 16th street, for M. A. Dempsey & Co. After alterations and improvements have been made it will be used as the real estate office of the firm. The following builders have been invited to bid: John R. Wiggins & Co., Stacey Reeves & Sons, Mitchell Bros., Jno. F. Ehnman. Bids due January 22d, 12 o'clock noon.

David Knickerbacher Boyd, and Totten & Rodgers, architects, will submit competition plans on Saturday, January 24, to the building committee of the Daughters of the American Revolution at Washington, D. C., for a memorial Continental hall to be built at Washington, D. C. It will be three stories high and will be built of stone and will measure 210x162 feet. It will contain a large auditorium and stage, a museum, library, dining-room, kitchen, etc. It is estimated to cost about \$300,000.

Newman & Harris, architects, Real Estate Building, have completed plans and specifications and sent same out to builders for estimates for alterations and improvements to the residence of J. E. Faunce, at 4027 Pine street. The following builders have been invited to bid: J. S. Ruff, John R. Wiggins Co., J. P. Thompson, F. L. Hoover & Sons, Roydhouse Aray Co., Jacob Myers & Sons and John Duncan. Bids due January 28th.

Isaac Pursell, architect, 110 South Fourth street, is working on plans and specifications to govern the erection of a memorial church to be built at Wenonah, N. J., for the Presbyterian congregation of that place. This church has been endowed by Thomas W. Synnott of this city. It will be one story high, of stone, 110x90 feet and will have a slate roof. The interior will be hardwood finish and it will have the usual church furnishings. It will be ready for bids in one week.

Balling & Perrot, architects & engineers, 1200 Chestnut street, have completed plans and specifications and sent same out to builders for estimates for a two-story and basement knitting mill, to be built at Hazelton, Pa., for Wilde Company. (Details previously noted.)

The following builders have been invited to bid: S. Y. Frederick, Charles Knellie, P. F. Boyle, Justice Schaub, Frederick May, of Hazelton, Pa., Wm. M. Sheppard and Wilson Smith, of Wilkesbarre, Pa.; Nagle & Son, of Allentown, Pa., and Kendrick Roberts, of Philadelphia. Bids due January 26th.

Carl P. Berger, architect, South Penn square, is now ready for sub-bids on the new seven-story light-faced brick and terra-cotta apartment house, to be built at 1208 Walnut street for Charles B. Joy. This apartment house will contain 51 living rooms, 20 bath, and public bath and toilet rooms. The first floor will be stores. The private dining-room, kitchen, etc., will be on the sixth floor. The seventh floor will contain servants' dormitory, roof garden, etc. It will be heated by steam, tile floors and wainscoting, wired for electricity, copper bay windows, etc. There will also be one passenger and freight elevator installed in this apartment house.

Watson & Huckel, architects, 1208 Chestnut street, have prepared plans and specifications for additions to and alterations of building No. 66 Liberty street, near Broadway, opposite the Chamber of Commerce, New York city, for the United States Security and Guarantee Co., of Baltimore, Md., and will be used by the company as their New York office. Plans provide for altering the building for office purposes, with a steam heating and ventilating apparatus, fireproofing work, two new elevators, new vaults and a new front of stone. New York builders only will be asked to bid.—Also making sketches for two store buildings to be built at Asheville, N. C., for Col. Frank Cox, of that place. They are to be built adjoining the Battery Park Hotel and will be three stories high, of stone, brick and terra-cotta, and will have every up-to-date improvement.—Also preparing plans for a litch gate to be built at the entrance of the

church grounds of St. Francis P. E. Memorial Church, at Rutherfordton, N. C. It will be built of stone.—The same office is at work on sketches for the remodeling of an old Colonial residence at Charlotte, N. C., there is to be a handsome new porch built and general interior improvements.—The same firm will complete plans and specifications and send same out for bids on January 27th or 28th, for extensive alterations and additions to the residence of W. H. Ridgeway, Esq., at Coatesville, Pa. Plans provide for a new rear wing to be three stories high of stone and general interior improvements, such as new plumbing work, steam heating, wiring for electricity, etc. Local builders only will be invited to bid.

PHILADELPHIA, WED'Y, JAN. 21, 1903

You Can Run and Read It

Diagonally across the top, so large indeed that those who run may read in bold clear type, Wm. Krause & Son, Cement Pavements, Cement and Asphalt Floors, Office 1621 and 1623 North Fifth street, as a few introductory remarks which lead up to the big calendar of this concern for 1903.

The half-way method of doing things was never in keeping with the Krause idea, whether it be calendars or pavements, and those who believe the contrary want to fall down good and hard on a Krause pavement and realize for themselves just how solid it is.

Is This a Fact?

In Vienna every man's home is his dungeon from 10 P. M. to 6 A. M. Vienna is a city of flats, and at 10 P. M. the common entrance door of each block is closed and bolted. Thereafter persons passing in or out must pay a fine of twopence to the concierge until midnight and fourpence from that hour to 6 A. M. To go out to post a letter costs twopence and the same amount to return. To prolong a visit to a friend after 10 P. M. means twopence to get out of his house and twopence more to enter your own. A natural result of this irritating tax is that of all capital cities Vienna is earliest to bed.—Exchange.

Architect Notes

Watson & Huckle, architects, 1208 Chestnut street, have completed plans and specifications for remodeling and exterior improvements of the Norristown Trust Co., at Main and De Kalb streets, Norristown, Pa. The work will include the addition of that part of the building on the west fronting on De Kalb street and other interior improvements will be ready for bids on January 22.

Building and Real Estate Notes.

James A. Bradin, builder, 2036 Sansom street, has been awarded the contract to build the new storage house for H. W. Catherwood, at 114 South Front street. It will be four stories, of brick and slow burning construc-

tion, and will cost \$1,200. Plans by Haupt & Franklin, architects, Corziet Building.

It is stated that the City Council of Trenton, N. J., has made a traction company pay \$50,000 for the use of one street and imposed the fare limit to three cents.

The Board of Managers of the Protestant Episcopal Hospital is stated to have recommended the erection of a separate dispensary building, at a cost of \$75,000.

P. J. McDevitt, builder, has been awarded the contract for alterations to 1013 Market street, for Berg Bros. Plans and specifications by D. K. Boyd, architect, Harrison Building.

Nixon & Zimmermann, of this city, will erect a handsome new theatre at 6th avenue near Smithfield street, Pittsburg, Pa., to cost \$250,000. The details and name of the architect will be announced in the next issue.

H. Melon, H. F. Murphy & Co., J. W. Cuff, and James P. Smith, have filed bids with Harry Dagitt, architect, for the installation of a steam heating plant at St. Joseph's Hospital, Seventeenth and Girard avenue.

Henry P. Schneider, builder, 9th and Tioga streets, is requesting sub-bids on a new hotel to be built on Second street pike, near Wyoming avenue, for G. Garling. It will measure 20x76 feet. Bids due January 22d.

Doyle & Doak, builders, 1509 Sansom street, have been awarded the contract to build the handsome new stone residence at 2025 Girard avenue. (Details previously noted.) Plans and specifications by John T. Windrim, architect, 1107 Walnut street. Work will proceed at once.

New York City pays \$817,000 a year for rented buildings and Comptroller Groat says that it would be an important act of economy for the city to own its own buildings. No doubt that is true. It is a case like that of the National Government which pays \$273,000 in rents in Washington alone.—Exchange.

The Pennsylvania Railroad Company contemplates relieving the congestion of the roads between Philadelphia and Pittsburg by constructing a low grade freight line from the Susquehanna river to the Delaware, which will include the building of a bridge across Susquehanna river, and will cost \$3,000,000.

Wm. Smith, builder, 1825 South 5th street, has been awarded the contract to build the new 15th Division School House, to be built on the north side of Clearfield street below 19 street, in the 36th Ward. It will be three stories high, of stone, 148x50 feet. His bid was \$81,083. Plans by Horace Cook, architect Board of Public Education, 7-2, City Hall.

F. E. Wallace, Wm. Morrow, J. M. Howard have plans posted for alterations and additions to store building at 309 Market street, for the estate of R. Francis Wood. Plans provide for a three story rear addition of brick and general interior improvement. Bids due January 24th. Plans and specifications by Ches. L. Hillman, architect, 401 Provident Building.

F. L. Hoover and Sons, Inc., J. E. & A. L. Pennock, of this city, and John Hooper, of Haddonfield, N. J., builders, have filed bids with Arthur H. Brockie, architect, 338 Chestnut street. Plans provide for a two-story addi-

tion of frame and general interior improvement to the residence of Isaac R. Pennypacker, at Haddonfield, N. J.

J. S. Cornell & Sons, Girard Building, have plans posted for the Nurses' Home at the Polyclinic Hospital at 19th and Naudain streets. It will be a four-story structure, of brick and will measure 43x93 feet, and will contain all up-to-date improvements and will cost \$46,000. Bids due January 24th. Plans by J. S. Cornell & Sons.

John L. Fry, builder, 1201 Real Estate Building, is taking sub-bids on 32 houses to be built on Haverford and Girard avenue, west of Sixtieth street. They will have Pompeian brick fronts with porches, bay windows, etc. The interior will be in hardwood finish and will have every modern and up-to-date improvements, each house will contain 9 rooms. Work will be started about March 1st.

John M. Whelen, builder, Witherspoon Building, is receiving sub-bids on 55 dwellings to be built at Wayne Junction, at Wayne and Roxan avenues. They will be two stories high, of Pompeian brick, with porch fronts and will measure 15x40 feet each. The interior will be in hardwood finish with tile baths and all up-to-date improvements. It is estimated that this operation will cost about \$100,000.

Thomas S. Seeds, Jr., John W. Emery, Kendrick & Co., H. B. Shoemaker Co., and D. A. Clelland have plans posted for a shop-building to be built on west side of Sutherland avenue, near Christian street, for the Philadelphia Rapid Transit Company. It will be two stories high and will measure 70x155 feet. Bids due January 26th. Plans and specifications by the company's engineer.

H. B. Shoemaker Co., Angus Wade Co., 113 North Seventh street, have plans posted for alterations and additions to the property of Charles Simmickson, at 13 South Third street. The work contemplated is the removal of the present front and rear walls, the reconstruction of new floors, a new roof and a few changes at 15 South Third street. Bids due January 22d. Plans and specifications by the company's engineer.

It is stated that the directors of the Rapid Transit Company have accepted the plans and specifications for the improved subway on Market street, west of the Public Buildings. The work contemplated at present, will extend from the City Hall to Twenty-second street, the loop under the City Hall, together with the tunnel under the Schuylkill, being left for further consideration. It is not stated when contracts for the work will be let, as it will be first necessary to construct an elevated bridge suitable for travel and to be moved when necessary before excavations can be made.

Immigration during the fiscal year ended June 30, 1902, was greater by 45 per cent. than during the previous year. The total number of immigrants was 648,743, the largest since 1882, and was surpassed only in 1881 and 1882. The average amount of money owned by immigrants was \$16 each, an increase of \$1 over the

per capita wealth in 1901. New York, Massachusetts, Pennsylvania and Illinois received 69.5 per cent. of the total number in 1901, and 67.8 per cent. in 1902.

Arrangements have been made for the building of a memorial altar in honor of the venerable Bishop Neumann in the Catholic Cathedral of St. Peter and St. Paul. It will be completed within six months. It is related that Bishop Neumann sought the intercession of St. Anthony of Padua, and his prayer being granted had made a vow to erect an altar in honor of that saint. He died before the vow was performed and the altar about to be built is the fulfillment of that promise.

The Rev. John F. McQuade has raised most of the funds. The altar will cost about \$3000. It will be of Bianco marble and Mexican onyx. The tabernacle doors will be of polished brass. Its height will be twenty-two feet, and it will have a marble statue of St. Anthony in a niche surmounted by a marble canopy.

Burd P. Evans, builder, 706 North Ninth street, has been awarded the contract to build the new summer residence for Mr. Samuel W. Haines, at Walnut Hills Station, on Pennsylvania Railroad. It will be a three-story structure of stone and will measure 62x18 feet, with a servant wing 18x20 feet. It will have a porch on front. The interior will be in hardwood finish, with steam heat, tile baths, etc. Plans and specifications by John Thompson, architect. It is estimated to cost \$10,000.

Fire destroyed, last week, three of the greenhouses on the estate of Clement B. Newbold. The estimated loss is \$3,000.

A theatre, museum and roof garden will be soon erected on the northwest corner of 8th and Vine streets, by Jeremiah S. Donahue, at a cost, he says, of \$1,000,000. The property was purchased about six weeks ago from the Jacob Reed estate. The building, according to Mr. Donahue, will be seven stories high. There will be stores and a theatre on the first floor, a museum on the second floor, modeled after the Eden Musee of New York, and the seventh floor will be fitted up as a roof garden. High-class and popular entertainments will be given. Mr. Donahue also says that he will add four more stories to his hotel on the corner of 8th and Vine streets, at the cost of about \$500,000 at the time of going to press the architect's name could not be learned.

A railroad man is authority for the statement that the Pennsylvania Railroad Company is to erect a large round house at Marcus Hook and while no further information has been given, it is generally believed that the company will construct a freight yard at that point in connection with the round house. Several months ago the *Chester Times* reported a rumor that the railroad company had intended constructing a freight yard on the strip of land running back of the Marcus Hook Grammar School, but nothing could be learned to substantiate the report. The company has four tracks running from the main line into the borough and the location of the property is well adapted for a freight yard. The exact time for the commencement of work on the round house is not given out, but it is thought the excavations will be made as soon as the weather conditions become favorable.

—At Coatesville, Chester Co., borough council has adopted a resolution to have the citizens take a vote on a proposition to borrow \$40,000 for laying sewer pipes and improving the streets.

—At Erie, Erie county, the final agreement with the railroad companies for an overhead bridge on the Buffalo road at East avenue, has not yet been reached. The estimated cost of the improvement is about \$50,000.

—At Meadville, Crawford Co., a resolution has been passed by council providing for the paving of State street with brick at an estimated cost of \$14,580 including curbing and storm sewer. W. A. Doanette, engineer.

—At Lancaster, Lancaster Co., the Lancaster & Rocky Springs Railway Company has applied for a charter. The company purposes to construct a line through the city to Rocky Springs Park. William B. Given is president of the company.

—At Palmyra, Lebanon County, it is stated that steps will be taken to bring the water of Swatara Creek into the town from a point at Erb's farm, at Lyonville, a distance of one and a half miles. S. F. Engle and Gabriel H. Moyer can give information.

—At Cambridge Springs, Crawford County, applications have been received from two sources for franchises for electric light plants. The estimated cost of the plants is from \$20,000 to \$25,000. A. F. Moses, borough clerk, can give additional information.

—At Shamokin, Northumberland County, council has passed an ordinance of first reading granting the Shamokin and Edgewood Street Railway Company, a franchise to construct a short line to Edgewood.—A bridge will be constructed across Carbon Run Creek.

—At Wayne, Delaware County, James F. Kromer, the proprietor of the Wayne livery stable, will erect a large stable to be provided with all modern improvements. The new structure will be thirty by one hundred feet in dimensions, with a capacity of stabling forty head of horses.

—At Apollo, Armstrong Co., the Pittsburg and Allegheny Valley Street Railway Company has under consideration the construction of a line from Apollo through Vandergriff, Hyde Park, Leechburg, Arnold, New Kensington and Parnassus. The distance is about twenty miles.

—At McKees Rocks Allegheny Co., council has passed an ordinance to give a franchise to the McKees Rocks and Allegheny Electric Railway Co. to lay tracks from River avenue to the proposed Ohio river bridge.—The company is required to pave the streets with vitrified brick.

—At Oakmont, Allegheny County, borough council has under consideration ordinances providing for the paving of a number of streets. The question will probably be submitted to a vote of the people. Bonds to the amount of \$40,000 will be issued to pay for the work in case the vote is favorable.

—At Mount Carmel, Northumberland county, the recently organized brewing comping has decided on a site near the western end of Fifth

street for the proposed new brewery. The lot is 60x150 feet, and is convenient to the Reading Railroad from which a siding will probably be laid to the new plant. The price paid for the site was \$3,000.

—At Altoona, Blair County, Mr. Bertram Leopold, of the firm of Leopold & Biegly, has bought the business block in which the firm's clothing store is located, at 1123 Eleventh avenue. It is the intention of Mr. Leopold to make extensive improvements to the building, beginning in the spring. All modern improvements will be provided.

—At Boyertown, Berks Co., it is said that a trolley line will be constructed from Boyertown to Palm, the road to form a loop around Boyertown and New Berlinville. Dr. Thomas J. B. Rhoads is president of the company.—Town council has granted a franchise to the Ringing Rocks Traction Company of which Ralph E. Shaner is the general manager.

—At Altoona, Blair county, Messrs. C. H. Cassidy and J. A. Elder, contractors, have bought the planing mill of William Stockes at Ninth avenue and Twentieth street, and will take possession April first. The ground at Fifth avenue and Twentieth street, occupied by Mr. Elder's mill, will then be vacated and the site will be used on which to erect a number of dwellings.

—At Chester, Delaware County, the property on the north side of Third street, between Broomall and Norris streets, has been bought by the Solid Steel Casting Company, which will extend its plant. The property is 80 by 90 feet and was formerly used as a convent by the Sisters of the Church of the Immaculate Heart. Rev. P. J. Ryan made the sale. The price paid was \$14,000.

—At Williamsport, Lycoming Co., in his report to city council early in January, City Engineer Snyder stated that the cost of improving Grafius run, north of High street, would be about \$125,000. He also recommended considerable sewer extension at a cost of about \$28,000.—Building of a bridge over the Potomac river from Williamsport into Berkeley county, W. Va., is again being agitated.

—At Lancaster, Lancaster County, it is reported that plans and specifications have been prepared by J. J. Deery, of Philadelphia, and presented to city council with a proposition for the filtration and purification of the entire city water supply. It is proposed by Mr. Deery to erect a plant and to charge the city 1 1/2 cents per thousand gallons for the water, the city to buy the plant at the end of thirty years.

—At Erie County ordinances have recently been passed for sewers in East avenue and adjacent streets during the coming season. The estimated cost of the work is about \$53,000.—Ordinances have been passed and are now awaiting the annual appropriation in April, for 6 pieces of pavement comprising 5,800 yards stone, 3,600 yards sheet asphalt and 22,500 yards of brick. Paving 10th street is also being agitated.

—At Mechanicsburg, Cumberland County, a disastrous fire, last week, destroyed property to the value of about \$40,000. The Thomas Printing House, Market street and Strawberry avenue was completely destroyed. It contained the plant of the *Daily Journal* and the *Farmer's Friend*, the post office, the private school of D. E. Kast and a number of lodge rooms. The building belonged to R. H. Thomas and R. H. Thomas, Jr.

—At Harrisburg, the Susquehanna Fire Company will erect a new engine house. Building Inspector Thomas F. Ferree has visited Philadelphia to examine a number of engine houses in order to observe the latest improvements. Mr. Ferree will probably present sketches of the proposed structure at the next meeting of council.—The carriage works of C. A. Sefton, at 1207 Capital street, were damaged by fire a few days since. The estimated loss is about \$9,000.

—At Lancaster, Lancaster County, it is said

in your residence, regardless of its size or exposure. The Radiators are like so many iron hot water bags through which the hot water from the boiler in the cellar, constantly circulates, maintaining even in the coldest weather, a summer temperature in every part at the smallest possible cost for fuel.

As the man behind the gun establishes its efficiency while in action, the Boiler behind the Radiators, fit right in every way, does the trick without an ounce of pressure and with only an average fire.

that the Northern Central Railroad will construct two additional tracks and a bridge across the Susquehanna river at Shacks Mills.—A trolley system will be constructed to connect with the line of the Harrisburg Traction Company. New lines will also be constructed from Lancaster to Mount Joy and Florin, where it will connect with a line from Harrisburg. Another line will run from Lancaster to Rohrerstown and another to Fork Furnace.—A company has also been formed to construct a line from Ephrata to Myerstown, Lebanon County, Pa.—Lancaster County will also be the centre of the greatest electric power plants in the State if plans of the promoters are carried out. Companies have been organized to develop the water power of the Susquehanna, and the coming summer will see the erection of several of these plants.—The Western Maryland Railroad is also planning to bridge the Susquehanna at Chickies and build a line from York to Marietta.

—At West Chester County, the Pennsylvania Railroad Company, through its solicitor, John J. Penberton, Esq., has bought the ground bounded by Adams, Union and Magnolia streets, from Colonel Henry R. Guss, as a site for a new freight station. The lot is 360x200 feet. Work on the new station will begin early in the spring. It is said that the Pennsylvania Railroad will make a number of improvements at Crum Lynne, Delaware Co., Pa.

—At Leechburg, Armstrong county, it is said that the Pittsburgh & Allegheny Valley Railroad Company has bought four electric light plants of the district; also the franchise of the Leechburg & Apollo Street Railway Co. The plants are the Parnassus Electric Light & Power Co., the Leechburg Electric Light & Power Co., the New Kensington Electric Light & Heat Co., and the Apollo Light, Heat & Power Co. The street railway will be built from Apollo to Vandergrift, Leechburg, Breburn, Arnold, New Kensington and Parnassus, a distance of 20 miles, and will connect with the Pittsburgh Railways Co. The company has a capital of \$1,500,000, and is organized by John Q. Cochrane, Pittsburgh; Dr. J. D. Orr, Leechburg, and others.

—At West Chester, Chester Co., Meyer Schamberg, President of the West Chester Street Railway, has been in consultation with the heads of the various city departments in regard to making a number of improvements on the trolley system including an extension of the line in the town. It is said that the

line will be extended around the town, both north and south and that the overhead wires will be renewed. The Lenape line will be improved and the extension to Kennett Square will be finished in the spring. Lenape Park will be extensively improved under the management of Mr. Narber.—Mr. T. Evans Smith is about to close a deal for the purchase of a large lot on Price street on which he will erect a handsome dwelling for his own use and a large brick stable in the rear, with a macadam road from Price street.—Muzant Brothers have the cellars dug for two new dwellings on South Market street.—It is probable that some changes will be made in the Assembly Building including remodeling the basement and fitting it up for business purposes. Mr. P. E. Jeffries will draw the plans for the work. C. W. Gallot is president of the Assembly Association.—It is reported that a number of handsome dwellings will be erected on Dean street, west of New street, during the coming building season.—Mr. Charles H. Walker will also erect a number of dwellings on Dean street. A number of improvements will be made to the Opera House.

—At North East, Erie county, the congregation of the First Methodist Episcopal Society will erect a handsome new church from plans prepared by Sidney R. Badgley, of Cleveland, Ohio. The structure will be colonial in design, 80x90 feet, of brick with stone trimmings, a green slate roof with red slate on dome cornices and gutters of galvanized iron; interior walls and ceilings of hard plaster, southern pine wood work, oil finished, leaded art glass windows, combination steam and warm air plant, gas and electric lighting. The first floor will contain the church auditorium, 50x50 feet in size, with bowled floor, arched alcove for choir and organ. Main Sunday-school room, primary room, six class-rooms, choir-room and pastor's study. Ample vestibules and Narthex afford hospitable entrances to both church and Sunday-school departments. The Sunday-school rooms all open together with sliding sash doors and the Sunday-school department is separated from the church by a lifting partition in arched opening, corresponding with arch over choir. This partition is finished and frescoed to match the walls. The basement, which will be high and well lighted, will contain a large dining-room, reception parlor, check room, kitchen, toilet rooms and furnace rooms. The combined seating capacity of the auditorium and Sunday-school rooms will be seven hundred and thirty and by the use of extra chairs fully one thousand persons can

Through New Jersey.

At Irvington the Essex Cross Railway Company has been granted a franchise by town council.

At Mountain View, Passaic County, the feed mill of Joseph Harrison was destroyed by fire last week. The estimated loss is about \$6,000.

At Rahway, Union county, it is proposed to construct two large reservoirs and one smaller one into which the water supply is to be filtered.

At Jamesburg Middlesex County, the Jamestown Electric, Heat and Power Company wants a franchise to string wires through the borough.

At Paterson, Passaic County, a new police station will be erected from plans prepared by Architect William Vermuelen. The cost will be about \$30,000.

At Trenton an ordinance has been passed by council to issue bonds to the amount of \$40,000, the money to be used in placing the fire alarm and police telegraph wires under ground.

At Camden five architects have sent in plans for the new court house. The award will be made about February 15th. The estimated cost is about \$550,000. Prof. Laird, of the University of Pennsylvania, is expert advisor to the Committee of Freeholders.

At Perth Amboy, Middlesex county, the Elizabethport, Perth Amboy and Long Branch Railway Company will construct a trolley line from Elizabethport to shore points in Monmouth county. Those interested are W. Parker Runyon, of Perth Amboy; Edwin Furman, of Sayreville, and others.

At Elberon, Monmouth county, J. A. Stratton has awarded to F. F. Krug, of West Long Branch, the contract for the erection of four stores on Lincoln avenue. The stores will occupy the first floors and the second floors will be fitted up as apartments to contain five rooms each. The cost will be about \$12,000.

At Atlantic City a hotel will be erected at New York avenue and the Boardwalk. A Raymond Raff, of Philadelphia, has posted the plans for sub-bids.—The Sterling Realty Company, which recently bought the former Children's Seashore House, at Ohio avenue and the Boardwalk, will subdivide the land into building lots.

At Asbury Park a meeting was held a few days since by the committee from the North Asbury hose company, to discuss plans for the location and erection of a new fire house at North Asbury Park. It was decided to appear before Council and request that a site be purchased in the neighborhood of Sunset and Grand avenues, and that an appropriation be made for the building. A double house will probably be erected to provide for the installation of a steamer at some future time.

At Atlantic City the Atlantic City and Chelsea Passenger Railway Company, of which Vice-President Samuel Rea, of the Pennsylvania Railroad, is president, has applied for permission to construct a trolley line on Arctic avenue from the Inlet to Boston avenue with side extensions to the ocean front and to Chelsea Heights. The corporation desires to use four distinct routes extending from the Inlet to Albany avenue, encircling the Boulevard at Chelsea Heights and tapping ocean front at South Carolina, Tennessee, Arkansas, Missouri and Albany avenues. The petition was filed and on motion of Councilman Parker January 28th at 8 P. M. was fixed for hearing the application for the trolley corporation and any objections that property owners may wish to present.—The United States Government is interested in the construction of two bridges which will connect three sections of the new meadows turnpike to Pleasantville. A representative of Colonel Smith, the navigation representative of the Government, has made an inspection of the proposed loca-

tion for the bridges. The structures will cross Peche Thoroughfare just beyond Chelsea Heights and a branch of Lake's Bay about two miles further out and known as Lake's Thoroughfare. Both bridges must have draws, so as not to interfere with the navigation of the stream. County Engineer J. J. Albertson has filed the specifications of the two bridges at the offices of Colonel Smith, in Philadelphia, in conformity to the rules governing the bridging of navigable streams.—The People's Traction Company has asked councils to operate a trolley line on a number of streets. J. A. Swigard is interested.

Through Delaware.

At Laurel it is stated that the borough will issue bonds to the amount of \$20,000 for the construction of an electric light plant.

At Farnhurst, New Castle County, the board of trustees of the poor have petitioned the Levy Court at Wilmington to make an appropriation of \$7,000 for the purpose of erecting a pumping plant at the County Hospital buildings at Farnhurst as a fire protection.

At Wilmington it is said that a large building operation, consisting of about 90 two-story brick dwellings, will soon be begun for Mr. Edwin C. Biddle, of Philadelphia. They will contain eight rooms each and bath, well finished and provided with modern conveniences. They will be located on Vandever avenue and Locust street. The estimated cost of the operation is about \$135,000. James L. Carpenter, 823 Market street, Wilmington, is in charge of the work.

At Wilmington, the Street and Sewers Directors will discuss the question of a sewer system for the lower end of the Ninth Ward. It is stated that a number of industrial plants will be removed to this section of the city and that real estate speculators are looking for a heavy increase in values in that section. It is expected that the Government will fill in and extend Cherry marsh at least a quarter of a mile further out in the Delaware river, increasing the city's deep river front at least two miles, to accomplish this a bulk head will be constructed. City Engineer Hutton is in charge of the sewer work and can give information.

Through Maryland.

At Oakland, Frederick T. Martin, of Fairmont, West Virginia, has been granted a franchise by city council to erect water works.

At Centerville, the directors of the Centerville National Bank have bought a site on which a new bank building will be erected to replace the structure recently destroyed by fire. The cost will be \$20,000.

At Frederick, it is stated that A. Beadle and others, of Baltimore and Philadelphia, have bought the plant of the Isabella Gas Works, at Frederick, with the intention of enlarging and improving the plant. Richard C. Condon is the manager.

At Baltimore, a two-and-a-half-story frame dwelling will be erected on Liberty Heights avenue by Mr. Frank H. Calloway. It will be well finished throughout and will cost about \$2500.—Edward D. Preston in his annual report as Building Inspector has suggested that considerable repairs be made to the tile flooring in the city hall, as all the tiling in the corridors is becoming loose, also that the part of the building known as the annex be remodelled, also that something be done in the way of a heating and lighting plant for the court house, as there is not enough room in the present structure for additional batteries of boilers. A building and plant outside of the court house has been suggested.—Mr. Jacob Hager will erect 36 two-story brick dwellings on Clifton street, near Fulton avenue. They will be well finished and provided with modern conveniences. The cost of the operation will be about \$40,000.—The Broadbent-Davis Mantel Company has bought ground at East

Falls avenue, Alicoanna and President streets for about \$32,000 and will erect a large mantel factory on the site. It will be six stories high, 80x124 feet. The plant will include dry-house and kilns, besides the main factory building. The estimated cost is about \$80,000.—Thomas C. Kennedy, architect, has completed plans for the improvements and addition to the Wiltson furniture warehouse and factory at the corner of Howard and Stockholm streets. The Howard street building will be practically rebuilt. It will be five stories in height and front on Howard street 100 feet and on Stockholm street 50 feet. The building in the rear will be altered and improved.—It is four stories and fronts 110 feet on Stockholm street. Another five-story building will be erected in the rear of these buildings, making the plant square.—General Felix Angus has bought of Mrs. Elizabeth G. Stump, sixty acres of land for his country seat in the Green Spring Valley. City Council has under consideration the paving of a part of Fairmount avenue with vitrified brick.

Washington, D. C.

A number of citizens of Washington have bought ground at Bluemont, Virginia, with the intention of erecting summer houses. Mr. W. H. Michael has bought twenty-seven acres; Mr. Brickenstein has bought about thirty-five acres and Messrs. Grosbeck, Schmidt and Metzgerot have bought a tract containing about forty acres. Dr. Wilmer has also bought ground for a summer home and it is said most of these sites will be improved at an early date by the erection of handsome country homes. There is considerable talk of the erection of a large public hall of some kind for public gatherings.—Representative Huff has bought a large building site at the northwest corner of New Hampshire avenue and Second street, on which he will have a handsome dwelling erected from plans prepared by Hornblower & Marshall.

The fine site at the southwest corner of 17th street and Massachusetts avenue has been bought by Dr. L. B. T. Johnson, who will erect a handsome dwellings in the near future.—Negotiations have just been concluded for the purchase of a large lot at the southwest corner of Twentieth and Q streets, extending to the dwelling of Commander McCalla. The lot is ninety feet front and a fine dwelling will be erected by the new owner. The sale was made by Mr. Arthur D. Addison, real estate broker. Mr. Addison has also sold two other fine building lots, one at the southwest corner of Connecticut avenue and S street, or Florida avenue, with a frontage of seventy feet on Connecticut avenue, the other on the north side of K street near Seventeenth street. Both of these lots, it is said, will be improved by the erection of handsome dwellings. The district appropriation bill includes appropriations for the following: For furniture for new school buildings and additions to buildings, as follows: for four eight-room buildings, \$1,750 each; addition to Cranch Building, \$875, and five four-room buildings, \$875 each. For fire extinguishers and fire escapes for school buildings, \$2,400. For extending the telephone system to the public school buildings within the fire limits, including the cost of the necessary wire, cable, molds, cross-arms, braces, conduit connections, manholes, telephone instruments, extra labor and other necessary items, \$5,000. Toward the construction of a Business High School Building, \$75,000 is appropriated. The Commissioners are authorized to enter into contract for the construction of this building at a total cost not exceeding \$175,000. For site for and toward the construction of one eight-room building, sixth division, \$30,000. The total cost of this building, including cost of site, under a contract which is hereby authorized therefor, shall not exceed \$60,000.

A four-room addition to the Takoma School \$20,000 is authorized.

A Weary Willie

is a fellow who follows his nose daily without a purpose on earth except to find a place to sleep and something to eat.

All Weary Willies, however, are not poorly dressed, there are many of them indeed, who make a bluff at the business end of life.

The most of them fail.

Is there any wonder that this is so?

Investigate and you will find them daily following their nose, and while it cannot be said that they do so without a purpose, they certainly have no system in their purpose.

Architect Notes

Architect Albert Kelsey, 931 Chestnut street, won the competition for reorganizing and the gradual rebuilding of the summer settlement of Chautauqua, N. Y., to cost about \$2,000,000. Details can be found in another column.

Architects Ballinger & Perrot, southwest corner of Twelfth and Chestnut streets, have prepared plans and specifications for a Sunday-school addition, 40x40 feet, to be constructed of local stone and connected with the Langhorne Presbyterian Church, at Langhorne, Pa. The addition will contain class rooms, to be fitted up with sliding partitions.

H. L. Reinhold, architect, 430 Walnut street, has prepared plans and specifications and sent same to the owner, who will take bids for alterations and additions to the residence of J. Howard Supple, at Media, Pa. Plans provide for the building of a two-story brick addition, 14x16 feet, and general interior improvements such as new plumbing, tile work, hot air heating, etc.

Adin B. Lacey, architect, 1020 Chestnut street, will receive bids until January 29th, from W. R. Dougherty, Frank E. Wallace, Appleton & Burrell, J. N. & T. W. Dagny, of La Motte, and James Mole, of Nicetown, Philadelphia, for the two-and-a-half-story Pompeian brick, slate roof dwelling, for Dr. E. N. Wiggins, to be built on Uber street, Germantown. (Details previously noted.)

H. L. Reinhold, Jr., 430 Walnut street, architect, has completed plans and specifications and sent same out to builders for estimates for the remodeling of store at 1004 Chestnut street, for William H. Steigewalt. Plans provide for new bulk windows, gallery around the store, new offices, etc. It is estimated that this work will cost about \$9,500. Geo. F. Payne Co., is bidding. Bids due February 2d.

S. Hudson Vaughn, architect, Real Estate and Law Building, Atlantic City, has completed plans and specifications and sent same out to builders for estimates for alterations and additions to the insane asylum at Smith's Landing, N. J. Plans provide for the extension of the female ward and a new laundry building to be one story high, of brick, to be equipped with all the up-to-date laundry fixtures. Mr. Vaughn will receive bids up to May the 1st.

Newman & Harris, architects, Real Estate Building, have begun plans for a two-story addition to the Corn Exchange National Bank, at Second and Chestnut streets. The addition will have a frontage of 30 feet on Second street and will extend to a depth of 70 feet. It is to be of the Queen Anne style of architecture, to conform in appearance to the present bank. The walls are to be of red brick and the trimmings are to be painted white. The interior is to be finished in mahogany. The site for the addition was purchased for \$25,000.

Edger V. Seeler, architect, Real Estate Building, has completed plans and specifications and sent same out to builders for estimates for the handsome new residence of Clifford Jones, to be built at Wynnewood, Pa. It will be three stories high, 90x100 feet, and will be built of stone. The interior will be in hardwood finish and it will have tile baths, wired for electricity and will have every modern appointment and convenience. Bids due February 1st. The following builders have been invited to bid: J. D. Lengel, of Wayne, Pa.; Wm. Grey & Bro., of Rosemont, Pa.; F. S. Riggs, Jacob Myers & Sons, Jno. R. Wiggins & Co., Doyle & Doak.

J. R. Ogden, architect, 1003 Atlantic avenue, Atlantic City, N. J., is receiving bids for alterations and additions to the Wolff cottage at Pacific and Indiana avenues. The addition will be four stories and basement high and will be built of frame with brick basement and will have tin roof. This addition will contain 15 bed-rooms, dining-room, 24x32 feet. The interior will be in hardwood finish with open plumbing work, new hotel range for the kitchen, etc. This work is to be completed in six weeks. He has also completed plans and specifications and is now taking bids for five three-story brick houses for G. Patroni, to be built at Arctic and New York avenues. The interior will be finished in hardwood. They will have open plumbing work and will have all up-to-date improvements. These houses will have a porch on the front with slate roof; the main roof is to be slag.

John D. Allen, J. D. Allen & Co., architects, Delz Building, Philadelphia, who designed the old Schenley Park Casino, the Duquesne Garden and the Duquesne Theatre, will also design the Nixon Theatre, as the new Nixon & Zimmerman playhouse in Sixth avenue will be known. Mr. Allen and Samuel F. Nixon yesterday afternoon examined the site, which Mr. Allen says is the best adapted place for a theatre in any American city. Plans will be begun to-day, work will be started on the building April 1, and the theatre will be ready for opening November 1. The intention is that the Nixon Theatre shall be the handsomest and the most complete in America. It will have many unique parts. The Alvin will be remodeled and redecorated during the summer. The theatre, which will occupy 122.6x140 feet, will be fronted by an entrance 42 feet wide and 32 feet long, on either side of which will be two storerooms and over which will be five, probably six stories of offices. The theatre proper will be built on the cantilever system, which Mr. Allen originated, and which does away with the posts intervening between the audience and the stage. A 14-foot foyer will surround the whole auditorium. The house will seat about 2,700 persons, affording standing room for about 2,000 more. The first floor will also contain the offices, ladies' parlors, lounge

ing rooms, etc., while the smoking-room will be in the basement. Under the front store-rooms will be the rathskeller. The curtain will be 45x40 feet, with a stage 51.6 feet deep, 60 feet wide and 80 feet high. There will be 36 dressing rooms and two chorus rooms, accommodating 300 people. The stage width and depth will equal those of the Academy of Music, Philadelphia, and the Metropolitan Opera House, New York, so that the largest productions of the drama or grand opera can be given. The stage lighting will be regulated by a slide cover over the footlights, so that only the floor of the stage may be lighted if desired. While the body construction will be of steel and brick, as fireproof as can be made, the front and sides, 32 feet deep, will be built of white glazed terra-cotta. The front will be of artistic design, with probably heavy column relief. The heating and ventilation will be of the best. The interior decorations will be light in tone, with royal red walls and gold trimmings, and with mural decorations in plaster relief. The main lobby and the outer wall of the foyer will be wainscoted seven feet high in marble, while the columns separating the main auditorium and the foyer will be of steel, covered in imitation marble. The main stairway will be of marble, with bronze railings and mahogany tops. Will be ready for bids on March 11th. Philadelphia and local builders will be invited to bid.

Building and Real Estate Notes.

John W. Emery, builder, 1520 Sansom street, has been awarded the contract for rebuilding the crematory at Cheltenham Hills Crematory, Washington Lane, below Limekiln pike. This work will cost \$12,000.

Press reports state that the engineers of the Pennsylvania Railroad are making a survey preparatory to the building of a drawbridge across the Brandywine. W. H. Brown, chief engineer, Philadelphia, Pa.

The following gentlemen have been elected as the board of directors of the Builders' Exchange for 1903: M. Magee, A. J. Slack, J. Lindsay Little, A. A. Reeves, J. Turley Allen, Geo. M. Lewis, Thos. F. Armstrong, F. M. Harris, Jr.

John R. Wiggins Co., builders, Heed Building, have been awarded the contract to make the alterations and additions at 27 South 16th street, for M. A. Dempsey & Co., according to the plans prepared by Chas. E. Oelschlager, architect, Harrison Building.

Cramp Co., builders, 1421 Filbert street, have been awarded the contract to build the new building for the new Bureau of Standards at Washington, D. C. (Details previously noted.) Contract price \$159,500. Plans and specifications by James Knox Taylor, supervising architect of the Treasury Department, Washington, D. C.

PHILADELPHIA, WED'Y, JAN. 28, 1903

The Penn Mutual's Wonderful Gain

The growth of the Penn Mutual Life Insurance Co., of this city, is not only remarkable but it voices in stronger terms than almost anything else could do the great confidence the public has in its managers. Since Mr. Harry West assumed direction of the affairs of this company in July, 1897, as its president, ably supported as he is by Mr. Geo. E. Johnson, its vice-president, the company's gain in business has been wonderful. Last year's business was its largest since its organization. New policies were issued to 29,729 persons, and the life insurance on these amounts to \$69,634,777, an increase over the previous year of over \$7,000,000. The percentage of increase over old business is greater than that ever gained by a single company in a single year in the history of life insurance. The reserve on January 1st was \$47,612,023.00.

The statement of the Penn Mutual appears in this issue. It not only merits careful reading but to fully comprehend the care, efficiency and rigid conservatism which enters into its management, the reader should acquaint himself with the names of the gentlemen who make up the long list of trustees as well as the officers of the company.

The Statement of the American Fire Insurance Co.

Ninety-three years ago the American Fire Insurance Co., 308-10 Walnut street, was organized, hence it is no stranger to those who seek safe insurance against fire throughout the country.

The statement shows that on January 1st the assets amounted to \$2,534,984.64. Its capital is \$500,000; reserve for reinsurance, \$1,710,780.39; surplus, \$179,821.43.

The company's management is in the hands of the following gentlemen: President, Thomas H. Montgomery; Vice-President and Secretary, John H. Packard, Jr.; Treasurer and Assistant Secretary, Wm. F. Williams; General Manager, Wm. B. Kelly.

The HOW of Electro Plating.

This is a booklet of just eight pages, which really contains more meat as to its subject matter than is usually contained in books ten times its size.

It is evident that John L. Gaumer Co. understands human nature as well as the correct way of electro-plating, in order to attain a non-rustable covering for iron work, which, while enhancing the beauty and attractiveness of the ornamentation, gives it the appearance as well as the durability of solid copper.

To reach this important and greatly desired end the basis metal is cleansed by means of a sand blast which makes it seem like so much silver; the common acid or bath method is never used by this concern in its electro plating.

It seems odd that a common plaster bust or ornamentation of any kind can be coated with copper and so finely finished as to deceive by its appearance (not its weight), the best expert.

Architects through the developments of electro plating by the Jno L. Gaumer Co., N. E. corner Nineteenth and Hamilton streets, can provide for any amount of ceiling or side-wall plaster ornamentation for a single room, or an entire house, the whole or any part to be electro-plated with a bronze, copper, or verd effect, and what is more its durability, outside of earthquakes or cyclones, is as well assured as if the whole shooting match was made of solid copper or bronze.

Building and Real Estate Notes

It is reported that Cramp Co., 1421 Filbert street, builders, are the lowest bidders for the Physical Laboratory, National Bureau of Standards, Washington, D. C.

At Havana, Island of Cuba, a capitol building, to cost \$300,000, it is stated, will be erected. The House of Representatives has appropriated that amount for the purpose.

R. C. Ballinger & Co., builders, 218 North 13th street, have been awarded the contract to make alterations to the principal house at the Institute for Colored Youth at Cheyney, Pa. Plans by Morris & Vaux, architects, Stephen Girard Building.

Hiram A. Miller, builder, Stephen Girard Building, has plans posted for a two-and-a-half-story summer residence to be built at Seaside Park for Mrs. Matilda Weber. It will be frame, 25x40 feet, and will contain the usual appointments. Bids due January 29th.

Chas. E. Prettyman, 764 South Broad street, is now receiving sub-bids on 111 houses to be built at 50th street and Haverford avenue. They will be two and three stories high and will be built of brick and all up-to-date improvements. This operation will cost about \$250,000.

F. T. Maguire, builder, 1720 Sansom street, has plans posted for a new residence to be built at Bala, Pa., for J. H. C. Simer. It will be three stories high, 38x43 feet, and will be of brick with shingle roof and will contain all up-to-date improvements. Bids due February 5th. Plans and specifications by Guy King, architect, 431 Walnut street.

The brick trust, which, it is stated, has been recently organized in Pittsburg, Pa., to

take in several States, we are informed is an old affair and has been in existence for a long time. Overtures have not been made to the large manufacturers here that we can learn. The capital, it is stated, is \$15,000,000.

William A. Patterson, builder, 5331 Vine street, is now ready for sub-bids for an operation of 10 two-story dwellings, 16x66 feet. They will have porch fronts and will be built of Pompeian brick front and will have all up-to-date improvements. This operation will cost about \$65,000, and is to be built on the west side of Sixty-third street, south of Haverford avenue.

Burd P. Evans, builder, 760 North 9th street, has been awarded the contract to erect the new storehouse at 642 North 8th street, for the Cocoa Colo Co., of Atlanta Ga. It will be three stories and basement high and will be built of brick, terra-cotta and Indiana limestone trimmings. Plans and specifications by J. Frank Stuckert & Sons, architects, 1421 Chestnut street.

Wm. Layton, builder, of Atlantic City, has been awarded the contract to build the new hotel at New York avenue and the boardwalk at that city, for B. Rosenblatt, also of Atlantic City. It will be three stories high, of brick and stone trimmings and will measure 100x50 feet. It will have all the appointments of an up-to-date hotel. Plans and specifications were prepared by W. S. Hewitt, architect, 2316 Arctic avenue, same city.

Machin & Brown, builders, 405 Provident Building, have plans posted for a double frame cottage to be built at 24th and Atlantic avenue, Oberon, N. J., for Mr. Wm S. Driver, of Philadelphia. It will be three stories and basement high, 20x35 feet; it will have a porch on front and will have a slag roof. It will contain all up-to-date improvements. Bids due January 31st. Plans by private parties.

The proposed version of the present building laws includes the prohibition of the erection of buildings, not absolutely fireproof, of a greater height than 70 feet. Fireproof buildings must be of steel and iron construction with cement floors and these must not be of a greater height than 125 feet, and must have fire walls at reasonable intervals, elevators and staircases must be enclosed with fire walls. All large buildings such as factories, business buildings, theatres, hotels, apartment houses, etc., must be provided with unobstructed fire escapes.

"Old Ebenezer" the First Methodist congregation to build a church in Philadelphia, will sell its present home in Christian street, below Fourth, to the city for a school site. At a meeting Thursday night the members decided to move the church to a new community, where a new field of opportunity will be presented. This old church, of which Rev. R. E. Johnson is the present pastor, is the mother of Wharton Street, Mariners' Bethel, St. Paul's and Scott Churches, all in the lower section of the city. The Ebenezer Methodist Episcopal Church was organized in 1771, the impetus for its life having come from a Sunday-school class which was formed practically twenty years before in the house of Robert Fitzgerald, in Penn street, near the present South street.

A Hot Water Bag

In the bed of a sick person, practically illustrates
the wonderful heating quality of a

HOT WATER HEATING PLANT

in your residence, regardless of its size or exposure.
The Radiators are like so many iron hot water bags
through which the hot water from the boiler in the
cellar, constantly circulates, maintaining even in the
coldest weather, a summer temperature in every part
at the smallest possible cost for fuel.

As the man behind the gun establishes its efficiency
while in action, the Boiler behind the Radiators, if
right in every way, does the trick without an ounce of
pressure and with only an average fire.

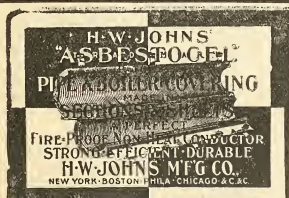

If you will only insist on having a

FOR Plastering Walls and Ceilings J. B. KING & CO., No. 1 Broadway, New York

This **MF** trade mark is stamped on every sheet of the best roofing tin made. This **MF** mark means "Most Favored," because this brand is most favored by architects, dealers, and builders everywhere. **MF** Roofing Tin was first made in Wales 50 years ago—later the process was improved in America—and the product developed, until now **MF** Roofing Tin is more in demand than any other brand. The superior quality of **MF** Roofing Tin is attested by the first prize awarded it at the Paris Exposition, 1900, where it was in competition with all the world.

The entire tinning process is effected by skilled hand labor, without the use of acids or rolls. The very best plates, a great amount of pure tin and new lead, the utmost care in manufacture, successively contribute to making **MF** the best of all roofing. It is most economical, because it lasts longest—many roofs made of **MF** 50 years ago are sound as ever today. **MF** Roofing Tin is sold by dealers everywhere. probable that the station will be erected in the near future by the New York and Long Branch Railroad.—A new school building in West Park is much needed that the Neptune township board of education has been approached on the subject. It is probable that a four-room building will be erected on West Sunset avenue. The high school is now much

crowded and there is some talk of adding another story to relieve the congestion.—The Smith & Mabley Automobile Company, of New York, is thinking of establishing a plant at Asbury Park, provided suitable inducements are offered. Mr. Bradley has made a standing offer to the manufacturing committee to furnish a site for manufacturing purposes and

Mr. J. Stanley Ferguson, of the committee, was authorized to consult with Mr. Bradley on the subject. The building to be erected by the company, provided a site is secured, will contain at least 25,000 square feet of floor space. Mr. Ferguson also reported that he was in communication with a hat manufacturing firm at Newark in regard to locating a plant at Asbury Park.

Through Maryland.

At Pikesville, the plans for the new army road for Troop A, to be erected on the Reisterstown road near Pikeville, are being revised by Wyatt & Nolting, of Baltimore, 4 East Lexington. At Denton, the Queen Anne Railroad Company will extend its line to Franklin City, including a line from Denton via Salisbury to Franklin City. I. W. Troxel, of Queenstown, chief engineer.

At Centerville, the recently destroyed Kent Narrows bridge will probably be replaced by a steel structure. The county commissioners and Engineer Gary, of Baltimore, have the matter under consideration.

At Baltimore, it is said that Mr. Harry T. Cersendaff, 1325 Madison avenue, and others will erect a large apartment house, 8 stories high 30x50 feet, at the northwest corner of Howard and Madison streets, to cost about \$75,000. It will be of brick, stone trimmings, iron frame, steam heat, fine interior finish, electric lighting, elevators, etc.—Richard Bernard, Central Savings Bank Building, will erect an apartment house at Lafayette avenue and St. Paul street, to cost \$50,000. It will be 28x150 feet, five stories high, of brick, stone and terra-cotta, steam heat, electric lights, elevators, etc.—Architect George C. Gaskill has made plans for a dwelling to be erected for James E. Ingram on Park Heights avenue. It will be of frame and stone, tile floors in bath-rooms and vestibule, steam heat, plate and stained glass. The estimated cost is \$20,000.—It is said that Richard Cromwell and others will erect about forty three-story dwellings at North and Greenmount avenues, on the Kennedy estate. Mr. Cromwell's address is Catonsville, Maryland. Cost \$100,000.

At Baltimore, Architect Joseph E. Sperry has prepared plans for extensive improvements to be made to the dwelling of Mr. Louis K. Gutman at 1321 Eutaw place. The present building will be remodeled and a three-story brick addition, 20x42 feet, erected. A library will be placed between the parlor and the dining-rooms, new interior decorations will be provided, fine plumbing, plate and ornamental glass, tile work and all modern conveniences. The cost of these improvements will be about \$15,000. Edward H. Glidden has under way elaborate plans for an apartment house to be erected at the southeast corner of Lawnvale street and Arlington avenue. It will be seven stories high and will be 50x150 feet in dimensions. Each floor will contain four apartments of seven rooms each, three bed-rooms, parlor, reception-room, dining-room, kitchen and bath-room. The interior will be handsomely finished, fine fixtures, plate and ornamental glass, the work, elevators, electric lights, steam heat and all modern conveniences. The estimated cost is about \$70,000. The exterior will be of brick, stone and terra-cotta.—Architect Charles E. Cassell is making plans for a large addition for Isaac Benesch & Sons, of 549 and 559 North Gay street, where they will conduct a branch store. It will be four stories high, 30x14 feet, of brick and terra-cotta with large plate glass windows, fine interior finish and store fixtures, and all modern conveniences. The estimated cost is \$50,000.—A. S. Miller has bought a lot at Roland Park and will erect a cottage.—J. J. Walsh & Son will rebuild the plant of the Beaver Dam Marble Company, recently destroyed by fire.—J. Korn has prepared plans for a two-story brick stable to be erected at

516 to 518 Rogers avenue, for J. C. Cavanaugh. The contract has been let to H. L. Mass. The cost will be \$2,500.—Henry Pierson has been awarded the contract for the erection of a warehouse for William Numsen & Sons at the southwest corner of Jackson and Belt streets. It will be three stories high, 50x103 feet, of brick with concrete foundations. The cost will be \$8,000.—It is said that the Baltimore & Frederick Electric Railway Company, which is planning to build a line from Baltimore to Frederick, will increase its capital from \$1,500,000 to \$2,000,000, and contemplates beginning the work of construction early in the spring. John W. Ellard, of Baltimore, and J. Roger McSherry, of Baltimore, are interested.

Washington, D. C.

At Washington, D. C., a bill authorizing the District of Columbia to borrow \$10,000,000 from the Treasury of the United States for a period of 20 years, has been ordered favorably reported to the House of Representatives by the House Committee on the District of Columbia, for the carrying forward of the sewage disposal system, the filtration plant, the District building and for other improvements.—Secretary Root has approved the plans and specifications for a highway bridge across the Potomac to be finished by February 12, 1905.—The following bids were opened January 20 at the office of Supervising Architect, Treasury Department, for the construction (except plumbing and mechanical equipment) of the physical laboratory, National Bureau of Standards, Washington, D. C.: A. B. Stannard, New York, \$189,745 and \$182,745; Cramp & Co., Philadelphia, Pa., \$171,593 and \$159,176; Doyle & Doak, Philadelphia, Pa., \$237,879 and \$228,322; Henderson & Co., Philadelphia, Pa., \$193,000; Meade & Reynolds, Washington, \$238,000 and \$221,251; Pavarini & Greer, Washington, \$179,000 and \$163,000; Richardson & Burgess, Washington, \$201,281 and \$186,061; W. E. Spier, Washington, \$185,700 and \$171,737.—W. E. Spier, 1417 F street, Northwest, is said to have sent in the lowest bid for erecting the dwelling of Dr. George Barrie at 22d street and Massachusetts avenue, Northwest. The cost will be about \$35,000.—It is reported that the Y. M. C. A. building on G street between 17th and 18th streets will be enlarged by the erection of two additions, from plans prepared by Architect Clarence Harding, 131 G street, Northwest. One will be of red brick, brownstone trimmings, the other will be a separate building facing 18th street, and will be of light Roman brick with white stone trimmings. There will be a gymnasium, classrooms, reading-rooms for boys. Fine interior finish, all modern conveniences.—Mr. Charles W. King has completed arrangements for the erection of about twenty two-story dwellings on the south side of Seaton street in the square bounded by 17, 18 U and V streets. Mr. King will build four three-story dwellings also on the south side of Burney street between 14th and 15th streets.—Work will soon begin on Dr. Barrie's dwellings, which will be a four-story structure of light gray brick with white sand stone terra-cotta and white limestone trimmings, with stone columns facing Massachusetts avenue, porte cochere and driveway on the 22d street side, and an automobile room. The floor will contain the offices, pathological laboratory, sterilizing room and an operating room finished in marble and tiles. The second floor will contain parlor, library, dining-room, reception room and large hall, mahogany and ivory white finish, bed-rooms and bath-rooms will occupy the third and fourth floors. The kitchen will be on the fourth floor with a breakfast room on the third floor; dumb waiters, a telephone system, electric lights, steam heat, all modern conveniences.

Wants

Notice to contractors, the Washington, Baltimore and Annapolis Electric Railway Company will receive bids on its new power house to be erected at Hyattsville, Md. Plans and specifications can be seen at the office of the company, 405 Bond Building, Washington, D. C.

At Camden, N. J., it is said that bids will soon be wanted for a roller lift bridge at Federal street. A joint meeting of the bridge committee of the East Side Improvement Association and the Board of Chosen Freeholders concurred in recommending such a bridge to remedy the Federal street nuisance.

At Morristown, N. J., it is stated bids will soon be asked by the board of chosen freeholders for the construction of Lincoln Park road, 4½ miles long, cost \$17,527; Green Village road, 3¼ miles long, cost \$13,567; Sussex and Newton turnpike, one mile long, cost \$4,977; and Pompton road, ¾ mile long, to cost \$3,634.

Office, Commissioners District of Columbia, Washington, January 21, 1903, the time for opening proposals for 8-room school building, 7th street between I and K streets northwest, is hereby postponed to January 31, 1903, instead of January 26, as previously advertised. Forms, specifications and necessary information can be obtained at this office. Henry B. F. Macfarland, Henry L. West, John Biddle, commissioners of the District of Columbia.

Architect Notes

At Allentown, Pa., it is stated that Jacob & Weishampel have prepared plans for a five-story stone building to be erected for Mr. John W. Eckert at 812 Hamilton street. It will be 40x150 feet, well finished throughout, and provided with modern conveniences.

At Reading, Pa., Architect A. Smith, 531 Court street, has prepared plans for an extension to the Widows' Home. It will cost about \$30,000. Mr. John D. Misher is manager of the institution.

Newman & Harris, architects, Real Estate Building, have been commissioned to prepare plans for three new buildings for the Jacob Tome Institute, at Port Deposit, Md., one will be the residence of the chief engineer of the institute and the other two for the professors. They will be three stories high, of brick and stone, and will have the usual appointments.

Otto C. Wolf, architect, 1025 Arch street, has plans nearly completed for a new brewery to be built at Pittsburg, for the Liberty Brewing Co., of that place. Plans provide for a new brew house, stock house, stable, etc., all to be built of brick and slow burning construction, with all up-to-date appointments of buildings of their kind.

Bunting & Shrigley, architects, 140 North Fifteenth street, have completed plans and specifications, and sent same out to builders for estimates, for alterations and additions to the parish house of St. Peter's Protestant P. E. Church, at Third and Pine streets. The addition will be three-story high, of brick, and will measure 20x100 feet. The following builders have been invited to bid: Appleton & Burrell, A. McDevitt; W. R. Dougherty, Thomas Ganron. Bids due February 5th.

C. E. Schermuhen, architect, 430 Walnut street, has prepared plans for a frame twin house to be erected on Stewart avenue, Abington, Pa., for Neal Devlin. It will be finished on the interior in hardwood and will contain all up-to-date improvements. The following builders have been invited to bid: Joseph Ashly, of Fox Chase; D. A. Sperry, Burd P. Evans, R. W. Stout, Kendrick Co.

Ballinger & Perrot, architects and engineers, have sent out plans and specifications for alterations and additions to the Black Diamond File Works at Frankford avenue and Richmond street. (Details previously noted.) The following builders are bidding: John Gill, Roydhouse & Arey Co., Stewart Construction Co., Appleton & Burrell, Cramp & Co., A. Raymond Raff, Geo. F. Payne Co., Burd P. Evans, William R. Dougherty. Bids due February 16th.

Dull & Coates, architects, 1120 Walnut street, has completed plans and specifications and sent same out to builders for estimates for two double and one single cottage to be built at Walnut avenue below Summit avenue, Jeniktown, Pa., for Thos. B. Culber, Esq. The double cottage will be three stories high, 33x45

feet and will be built of stone and timber with porch fronts and all up-to-date improvements. Bids due February 18th. The following builders are bidding: James Riley, W. J. Stevens, F. L. Hoover & Sons, Inc., C. F. Sharp, Jas. J. Kraufe.

There is to be a new building built at Doylestown, Pa., for the historical society of that place. It will be two and a half stories high and will measure 40x60 feet and will be built of stone and brick. A number of Philadelphia architects will submit plans for the erection of this building and the successful architect will be decided in a few days.

Mantle Fielding, Jr., architect, 110 South Fourth street, has prepared plans and specifications and sent same out to builders for estimates, for converting the old residence at 1216 Walnut street into a store and office building. The following builders have been invited to bid: W. R. Dougherty, H. Marion Zane, W. J. Grubler, of Germantown, and William Ferguson. Bids due February 16th.

Otto Wolf, 1025 Arch street, architect, has completed plans and specifications and sent same out to builders for estimates for a new saloon to be built at 7129 Woodland avenue, for Bernger & Engel Brewing Co. Plans provide for a new wing to be built, three stories high and general interior improvements to the present residence. The following builders are bidding: J. R. Wiggins & Co., Louis Elliott, Chas. McCaul & Co. Bids due February 10th.

Herman Miller, architect, Crozier Building, has completed plans and specifications for a handsome new residence to be built at Easton, Pa., for Dr. Fred. Sterrer. It will be three stories high, 22x50 ft., stone and shingle. It will have a porch on the front; the interior will be in hardwood finish and it will contain all up-to-date improvements. Will be ready for bids the latter part of this week. Local builders will be invited only.

Harry J. Reinhold, Jr., architect, 430 Walnut street, is working on plans and specifications for a new Colonial residence, to be built at Newtown, Pa., for Mr. J. W. Barnsley. It will be two stories and attic high and will measure 42x64 feet, and will be built of frame and stone. It will have a porch on front; the interior will be in hardwood finish and will have the usual appointments. It is estimated that this house will cost about \$8,500. Will be ready for bids in about two weeks.—The same architect has completed plans and specifications and sent same out to builders for estimates for the remodeling of store at 1004 Chestnut street, for William H. Steigewalt. (Details previously noted.) The following are bidding: Geo. F. Payne & Co., Angus S. Wade Co., R. M. Stout, Jacob Myers & Sons, C. F. Sharp, Burd P. Evans, Kendrick & Roberts, F. L. Hoover & Sons, D. A. McClelland, John W. Emery, Mitchell Bros., and Scott & Kriebel. Bids due February 7th.

Amos Barnes, architect and engineer, north-

east corner of 9th and Walnut streets, has completed revised plans and specifications for the new plant of the Diamond State Manufacturing Co., at Wilmington, Del. Plans provide for a foundry building one story high, 2 factory buildings two stories high, and one office building two-and-a-half stories high, all to be built of brick and slow burning construction. The following builders are bidding: Mr. Haddock, Mr. Brown and Mr. Reed, of Wilmington, Del.; Manufacturing Construction Co., of Newark, Del., and Doyle & Doak, of Philadelphia.

Jacob Naschold, architect, 504 Walnut street, is working on plans and specifications for a new frame stable to be built at Ambler, Pa., for Mr. E. Nice. It will be two stories high; the first floor will contain stalls, carriage house and harness room; the second floor, hay loft. It will have all the up-to-date sanitary stable appointments. Will be ready for bids in one week's time. Local builders only will be invited to bid.

Savery & Scheetz architects, Stephen Girard Building, have completed plans and specifications and sent same out to builders for estimates for a two-and-a-half-story stone and timber residence for H. F. Scheetz, to be built at Wynote. (Details previously noted.) The following builders have been invited to bid: F. L. Hoover & Sons, Chas. Platt, of Philadelphia; Alex. Simson, of Germantown; Hill & Stevens, Oak Lane; M. E. Hauser, of Wynote, Pa.; D. W. Sperry, of Fort Washington. Bids due February 7th.

Herbert J. Wetherill, architect, 328 Chestnut street, is preparing plans to govern the alterations and additions to the Lincoln Apartment House at 1220 Locust street. Plans provide for the building of two five-story wings of brick and stone. The interior will be in hardwood finish and will be arranged in suites of two and three rooms each, with bath attached; also general interior improvement to the present apartments. Work will be started about May 1st.

PHILADELPHIA, WED'Y, FEB. 4, 1903

The death of Mr. Edward R. Strawbridge, a member of the firm of Strawbridge & Clothier, of this city, removes an active and progressive business man as well as a genial and courteous gentleman.

Mr. Strawbridge's home was at Moorestown, N. J., where he expressed a deep interest in municipal affairs and where he was held in high esteem for his generous bounty to the poor. It is stated that the citizens of Moorestown contemplated making him a candidate for legislative honors at the fall election.

There have been many questions raised and many times raised as to the correctness of the statement made by Andrew Pinkerton, floor layer and planer, 2432 North 33d street, who has been established 14 years, as to the figures contained in his advertisement which represent the number of square feet of flooring he has laid in a single year. We are confident as to the correctness of Mr. Pinkerton's statement as those who know the man know that he would not mistake facts. In fact, he could have no object in doing so, as his business is so well established and he is known for his skill, promptness and straightforward business methods by almost every builder in the city.

It will be noticed that Mr. Pinkerton's figures have been considerably increased as they are now given as 5,000,000 square feet for 1902. Mr. Pinkerton's books are open to any one who disputes his claims.

Wm. Krause's Calendar for 1903.

Mr. Wm. Krause, artificial stone pavements, cement and asphalt floors, 1640 North Marshall street, has issued a very attractive business calendar which bears the portrait of Mr. Wm. Krause, Sr. (deceased), as well as one of himself and which also emphasizes the statement that they were the originators of artificial stone.

The wonderful adaptability of cement work for almost all places as well as conditions, even to the construction of buildings when done by experienced and expert workmen, suggest an even greater range of possibilities in the use

of this now very important adjunct to building construction of all kinds. The business is a growing one and the present outlook for 1903 means more work of this kind than ever before.

Joseph Yeager's Calendar.

Leon Moran's great painting, entitled "The Country Cousin," it will be remembered, created quite a sensation when first exhibited. The scene itself is laid in a quaint but beautiful Colonial home. The cousin, from the picture which is a copy of the original, at the top of Joseph Yeager's calendar for 1903, is entirely too demonstrative to please the beautiful woman's lover, who seems to be startled at the cousin's profuseness.

It is little wonder that Yeager's artistic tastes naturally led him to his present selection, for Yeager is a veritable artist in tile and Mosaic work, which, in conjunction with his mantel and slate work, keeps him busy as well as a large corps of workmen. Mr. Yeager's office and warerooms are at 817 Spring Garden street.

Building and Real Estate Notes

F. L. Hoover & Sons, Inc., 799 Ranstead street, have awarded the contract for the addition to the residence of Isaac R. Pennypacker, at Haddonfield, N. J., according to plans and specifications prepared by Arthur H. Brookie, architect, 328 Chestnut street.

Herman Miller, builder, Stephen Girard Building, is estimating on the construction of a three-story house, 30x36 feet, to be built at Ocean City, N. J., for L. H. Buffington. Bids due February 5th.

W. R. Dougherty, 1604 Sansom street, has plans posted for removing the present passenger station of the Pennsylvania Railroad Company at Norristown, Pa., to DeKalb and Swede streets. Bids due February 9th. Plans by the company's engineer.

Hiram Miller, builder, Stephen Girard Building, has awarded the contract to build the new three-story brick residence, at Woodbury, N. J., for Louis Starr. It will have a porch on front, the interior will be in hardwood finish, and it will contain all up-to-date improvements. The house will cost about \$10,000.

Kendrick & Roberts, builder, 1120 Chestnut street, has been awarded the contract to build the two-story building, 148x224 feet, to be built of brick with slag roof, at Schuylkill and Sunderland avenues, for the Philadelphia Rapid Transit Company. Contract price \$42,000. Plans by the company's engineers.

Wm. R. Steele & Sons, builders, Witherpoon Building, has plans posted for a foundry building to be four stories high, to be built of brick and slow burning construction, and to be built at Aramingo and Cumberland streets, and to contain all up-to-date improvements. Bids due February 13th. Plans by Wm. R. Steele & Sons, builders.

William J. Smith, of Hazelton, Pa., has been awarded the contract to build the two-story factory at Hazelton, Pa., for Wilde & Co. It will be built of brick and will measure 66 x 95 feet and will contain all up-to-date im-

provements. Contract price, \$16,000. Plans and specifications by Ballinger & Parrot, architects, 1200 Chestnut street, Phila.

W. R. Dougherty, 1604 Sansom street, has plans posted for alterations and additions to the Union Passenger Station at Baltimore, Md. The plans provide for the extension of the restaurant, kitchen, and pantry. Baggage room to be used for the dining room, and other general improvements. Bids due February 9th. Plans by the company's engineer.

R. C. Ballinger & Co., builders, 218 North Thirteenth street, have been awarded the contract to build the new residence at Rosemont, Pa., for Miss Alice M. Patten. It will be two and a half stories high, of brick, and will measure 60x24 feet, with a wing 17x34 feet. (Details previously noted.) Plans and specifications by Duhning, Okie & Ziegler, architects, South Penn Square Building.

A syndicate of New York, Philadelphia and Pittsburg capitalists, in which are said to be George Gould and Henry Clay Frick, has expended in the past six months at Cape May, N. J., over \$200,000 in the purchase of property and in acquiring options on real estate. The syndicate is having James H. Windrim, former supervising architect of the United States Treasury, prepare plans for a three-story hotel to cost \$150,000, and is seeking to purchase the water plant and the sewerage system.

Andrew Pinkerton, floor layer and planer, 2432 North 33d street, reports the following contracts: Laying and planing floors at the block, cooper and spar shop, League Island; manufacturing building, southwest corner 13th and Arch streets; laying floors at Morse, Williams & Co.'s factory, Frankford and Girard avenues; boiler house Southwark Mills and Dannebaum Building, 808 Arch street; planing floors at Convent Building, Chester, Pa.; laying and planing hardwood floors at Mr. H. B. Owsby's dwelling, Princeton, N. J.

James Arthur will erect 76 houses at Fifty-eighth and Race streets, in the following order: A three-story 16-foot front store and dwelling, on the north east corner of Fifty-eighth and Race streets; 13 two-story dwellings, 15 feet front, and one two-story store and dwelling 16 feet front. In Fifty-eighth street above Race, twenty dwellings, 14 foot front and two with 16 foot front. In Cecil street north of Race street, twenty-two measuring the same. In Allen street above Race street, twelve 16 foot front and four 13 foot front dwellings in Race street east of Fifty-eighth street. The cost of this operation is \$300,000.

At a recent meeting of the committee of plans and improvements of the park commission, on the suggestion of Chief Engineer Vogdes, the committee decided to recommend to the board that \$20,000 be appropriated to improve the walks and slopes along the East River Drive between Lemon Hill and the Falls of Schuylkill; \$7,000 for cementing walks around Belmont mansion and \$10,000 for improvements of the Fifty-second street entrance at George's Hill and the road around the Catholic fountain. The suggestion to construct stone steps at the same entrance at a cost of \$12,000 was allowed to rest for the time being.

DEAR SIR:

I Will Contract

to heat your residence, however large or small, with HOT WATER, and file a Trust Company's bond for ten times the cost, the same to be forfeited if I fail in any direction.

This means that there shall be more than enough radiation at the smallest possible cost for coal. No leaks, no mistakes, no annoyances of any kind. The boiler to be of the best make.

The responsibility all mine, and the cost no greater because of good work and material.

in your residence, regardless of its size or exposure. The Radiators are like so many iron hot water bags through which the hot water from the boiler in the cellar, constantly circulates, maintaining even in the coldest weather, a summer temperature in every part at the smallest possible cost for fuel.

As the man behind the gun establishes its efficiency while in action, the Boiler behind the Radiators, if right in every way, does the trick without an ounce of pressure and with only an average fire.

of duty and encampment of the Guard. The bill proposes that the Adjutant General, the Auditor General, the State Treasurer, the Major General of the National Guard and the three Brigadier Generals of the Guard, purchase from 300 to 350 acres of ground, at not more than \$100 an acre, for the establishment of a permanent camp for the State troops. It is said that the Harrisburg Traction Company may lease its plant to a new corporation to be organized. The new capital under consideration should the lease be made will be used for extensions and improvements, including the paving of streets and the erection of a finely equipped power house.

—At Pittsburg the city has been asked to appropriate \$100,000 for the construction of a speedway through Highland Park by the Road Drivers' Association. It is stated that a steel viaduct will replace the present wooden structures in white Oak Level, where the Hulton road crosses the main line track of the Bessemer & Lake Erie R. R. H. T. Porter, Greenville, Pa., chief engineer. The Second Presbyterian Society has under consideration the erection of a church on Duquesne way, to cost \$200,000. Rev. Dr. S. E. Young is the pastor. A new hospital for the Sisters of Mercy will be erected at the head of South Twenty-second street. The Legislature will be asked to give \$75,000 toward the construction of the buildings, which will cost \$300,000. The board of trustees consists of Dr. J. P. Kerr, president; Joseph Dieterly, vice president; Dr. John P. Saling, secretary, and John A. Bleicher, treasurer. It is said that Mr. Nirdlinger, Fitzsimmons Building, will prepare plans in competition for the proposed theatre to be erected by Nixon and Zimmerman, of Philadelphia. It is probable that the Eighteenth Regiment will erect an armory. Several sites have been suggested, including one at Forbes street and Craft avenue. No selection has yet been made. Colonel Frank L. Rutledge is interested. A six-story building will be erected on Federal street near Fifth avenue for the Pittsburg Free Dispensary. The cost will be about \$60,000. A four-story apartment house will be erected on Ellsworth avenue near Maryland avenue, for Nicholas Mangold, 808 North Negley avenue. The cost will be about \$30,000. It will be well finished and provided with modern conveniences. Dr. J. F. Shafer, 422 Penn avenue, will erect an office and dwelling at 418 Penn avenue. W. A. Thomas, Park Building, is receiving estimates for a four-story apartment house to be erected at Negley avenue and Broad street to cost \$30,000, also for a ten-room brick dwelling to be erected on Ash street near Perry street, Wilkinsburg for C. R. Peregrine. The cost will be \$10,000. Mr. George L. Peck, the general manager of the Pennsylvania lines west of Pittsburg, will erect a handsome dwelling on Dallas avenue, East End. The cost will be about \$30,000. Mr. Peck lives on Castelman street, East End. The Hotel Schenley will be extensively improved from plans prepared by Rutan & Russell, First National Bank Building. J. P. Karch, 802 Aiken street, will erect a dwelling on Atlantic avenue, Bradley place, to cost \$8,000. Architect M. Rousseau, Smith Building, has prepared plans for a brick and steel business block to be erected at Mc. Keesport for D. L. Clark & Co. It will cost \$100,000. E. E. Rankin, of Cluett, Peabody & Co., Park Building, has had plans prepared for a handsome dwelling to be erected at Thornburg. At the same place ten attractive dwellings will be erected by the Thornburg Land Company. Work will soon begin on the eight-story office building and theatre to be erected on Penn avenue near Highland avenue for McCargo & Miller, 607 Penn avenue. F. G. Schreiber, Wilkinsburg, has made plans for a church to be erected at Swissvale, Pa., by the Lutheran congregation. It will occupy a site on Monongahela avenue near

Schenley avenue. The cost will be \$15,000. Vrydagh & Wolf, Chronicle Telephone Building, have made plans for a dwelling to be erected at Benavon for P. W. McKee. The Civic Club bath house will be altered and improved from plans by Rutan & Russell, First National Bank. Milligan & Miller, Wilkinsburg, have prepared plans for a handsome Colonial dwelling to be erected on Wakle avenue, Edgewood, for Mr. Henry M. Lytle. It will cost \$11,000. The Pittsburg Brewers' Supply Co. contemplates the erection of a warehouse at 1427 Liberty street. It will be six stories high, of brick and steel and will cost \$75,000. John C. Reilly is president of the company. J. T. Keil will erect a two-story building to be fitted up as a cafe. It will cost \$20,000 and will occupy a site at 329 Spahr street. W. E. Albert, 6011 Centre avenue, has the contract. Geo. W. Theis has taken out a permit for the erection of an apartment house and store on Fifth avenue between Jumonville street and Seneca street. It will be well finished, provided with modern conveniences and will cost about \$30,000.

Through New Jersey.

At Vailsburg, Eugene A. Murray has been appointed engineer for the local sewerage system.

At Pleasantville, Atlantic county, the Delaware Valley Traction Company has asked for a franchise.

At Jersey City, the construction of a bridge over the Passaic river between Hudson and Essex counties is under consideration.

At Haddonfield, Camden county, it is said that the bonds will be issued for \$300,000, for cement sidewalks, curbing, brick gutters and macadam roads.

At Montclair, bonds for \$75,000 will be issued and sold, the proceeds to be used for the purchase of sites and the erection of fire engine houses and equipment.

At Atlantic City, it is stated that the Atlantic City Sewerage Company will spend about \$50,000 to make improvements to the sewerage system. M. Jordan, president.

At Clayton, Gloucester county, the South Jersey Gas, Electric and Traction Co. will extend its line from Mantua to Clayton. F. D. Moses, Trenton, N. J., chief engineer.

At Summit, Union county, it is stated that council has selected Boyd Ehle, of New York City, as engineer to take charge of the joint sewer work within the borough limits.

At Paterson, until February 13th, proposals will be received for 5,000 feet of double jacket, 2½ inch fire hose. James Miller, chairman committee on fire department, board of aldermen.

At Newark, the board of works has been asked to grant a franchise to the North Jersey Street Railway Company to lay tracks on Bergen street. J. G. Elliott, chief engineer, Jersey City.

tion of a sewer in the Ninth Ward. The Pennsylvania Railroad Co. will erect a large power plant at Shelpot.

Through Maryland.

At Salisbury, a site has been purchased on which to erect a home for aged men and women. John B. Parson, president of the Rapid Transit.

At Frederick, a part of church street will be paved with vitrified brick at an estimated cost of \$8,767. The board of aldermen will be in charge.

At Baltimore, Maryland, a resolution has been introduced in city council to pave Columbia avenue with Belgian block at a cost of \$30,000.

At Salisbury, it is said that R. E. Powell & Co. will erect a three-story building, 75x200 feet, to be fitted up for a department store. Fine interior finish and fixtures, steam heat and private electric plant.

At Belair, it is stated that articles of incorporation have been filed for the Baltimore & Belair Electric Railway Company. The capital is \$500,000. The route will be either on the Baltimore and Harford or Baltiford and Jerusalem turnpike.

At Baltimore, Bartlett, Haywood & Co. have begun work on a gas holder for the Consolidated Gas Company, Race and Health streets. It will be one hundred and seventy-seven feet in diameter and will cost about \$150,000.

John Cowan has been awarded the contract for the erection of the new surgical building for Johns Hopkins Hospital. It will be five stories high, of brick and stone and will occupy a site on Monument avenue. The cost will be about \$115,000. The plans have been prepared by Architect George Archer.—A permit has been granted for the erection of an addition to the Maryland Club House on Eager street. It will be about 48x50 feet, two-and-a-half-stories high. On the basement floor will be a dressing room, bath room, several additional rooms in connection with the oyster bar and present barber shop and a large power room. The first floor will contain a billiard room with metal paneled ceiling. The second floor will comprise an open porch, with marble railing on the north side. The floor will be of concrete or tile. The top floor, which will be half a story, will contain a kitchen and scullery. The new building will be of stone and similar to the main building in architect-

ural features.—The vice-president of the Roland Park Company, Mr. Edward H. Burton, has planned to extend the development of the park in the northern suburb of the city. Options have been secured on additional ground on Roland avenue between Lake Roland and Roland Park, in all about seven hundred acres. It is proposed to consolidate the property from Wyman Park to Lake Roland and to combine the water and electric light plans of the Roland Park Company. If the scheme is successful a fine boulevard will be constructed to connect with the proposed driveway to Wyman Park and a new company formed with a capital of \$2,000,000.—The United Real Estate Company has bought two lots in West Baltimore for \$18,000, one at Mulberry and Calhoun streets, the other on Saratoga street. The company will erect ten handsome two-story dwellings. The Calhoun Street Church of Disciples has bought a lot at Garrett Park at Fulton and Penrose avenues and will erect a church on the site.

Washington, D. C.

It is stated that plans have been prepared for an addition to the Georgetown University. The estimated cost is about \$65,000.—Extensive improvements will be made to St. Patrick's Roman Catholic Church at 10th and G streets. The interior of the structure will be remodeled and the exterior will be changed by completing the two gothic towers, flanking the main entrance. They will be of stone to harmonize with the rest of the building. The parsonage fronting G street will be removed and a new residence will be erected, also a large building to be fitted up as a parochial school. There will be a large hall also. About \$100,000 will be spent on these improvements, for which plans have been prepared by Wood, Dam & Denning. The contractor is Mr. John S. Larcombe.—It is proposed by the Great Falls and Old Dominion Railroad Company to utilize the right of way that has been secured on the Virginia side of the river as far as Great Falls and build a substantial double-track electric road, which will begin at the Georgetown end of the Aqueduct bridge and terminate on the banks of the Great Falls, a distance of about fourteen miles. The route chosen follows the river bank, but at a distance of a mile of a mile and a half the greater portion of the way. The line of the new road lies about midway between the river and the steam

railroad to Leesburg. It is also contemplated to build a branch line which will leave the main road at Lewinsville and run to Fairfax Court House via Vienna. The cost of the work, it is estimated, will be about \$400,000, which includes a power house to be erected at some point on the route, probably opposite the Three Sisters Island. The officers of the company are: Joseph S. Miller, president; R. D. Weaver, vice-president; A. B. Hines, secretary, and A. B. Greenwell, treasurer.—During the coming season three large buildings will be erected near the Roman Catholic University for the use of orders.—The Apostolic Mission House will be erected on the ground of the University fronting on the north of Bunker Hill road, east of Keane Hall. On the same road a building will be erected for the Sulpician Fathers and at Second and Savannah streets, outside the University grounds, will be erected a seminary for the Marist Fathers.—Colonel Miller, the engineer officer in charge of the water supply system of the District, has recommended the rejection of all the bids opened by him last Wednesday for the construction of filter beds and other auxiliaries of the proposed filtration plant at the head of 1st street and the readvertisement for new beds for that work.

The Senate has passed the bill to provide for laying a single-track electric street railway over the Aqueduct bridge. The bill provides that the Commissioners shall build such an addition to the bridge as will allow the installation of a single-track electric railway, over which the cars of any electric street railway reaching the Aqueduct bridge on the Virginia side of the Potomac may cross into the District of Columbia.

Wants

At Trenton, N. J., it is probable that bids will soon be called for to pave parts of Barnes street with sheet asphaltum and Kersey alley with brick.

At Chester, Delaware county, Pa., it is said that bids will soon be wanted for paving parts of Graham and Kerlin streets with sheet asphaltum and for setting granite curb.

At Harrisburg, Pa., Mayor V. C. McCormick has signed ordinances for paving fifty-seven streets and alleys, making in all about 395,500 square yards. M. B. Cowden, city engineer. Also has signed an ordinance for the construction of the South avenue and Fourteenth street sewers.

At Morristown, N. J., bids will be received until February 22, 1903, for macadamizing parts of Morristown and Green Village road, Bonton and Beaverdown road and Sussex turnpike, a distance in all of about eight and a half miles. G. A. Becker, director county board of freeholders.

Sealed proposals will be received by James Knox Taylor, supervising architect of the Treasury Department at Washington, D. C., as follows: Until March the 2d, for furnishing the low pressure steam heating apparatus complete in position, for the United States post office at Jamestown, N. Y., and until March 9th, for the installation of a conduit and electric wiring system at the same post office; also until March 2d for a low pressure steam heating and ventilating apparatus complete in position, for the United States public building at Cheyenne, Wyoming; also until March 4th, for the construction, including plumbing heating apparatus, electric conduits, etc., of the extension of the United States Custom House and post office at Alexandria, Va.; also until 16th day of February, for new floor construction in the United States post office at Minneapolis, Minn., according to plans and specification prepared by him.

Miscellaneous

At Wilmington, North Carolina, the I. O. O. F. has under consideration the erection of a temple to cost about \$50,000.

At Waco, Tex., J. E. Flanders, of Dallas, is reported to have been selected to prepare plans for a temple for Masonic Grand Lodge, to cost about \$150,000.

At Jamestown, N. Y., plans have been prepared for a three-story parochial school to be erected at Washington and West Washington streets. The cost will be \$30,000.

Cincinnati, O., the Cincinnati Telephone Co. will build a \$200,000, three-story exchange building. A 9,000-wire switchboard will be installed. John Kilgour, president.

At Springfield, Mass., a site for a building has been bought by the Rescue Mission. It is 50x150 feet, situated on Court street. No plans have been made for the proposed building.

At Huntington, West Virginia, two new school houses will probably be erected. Bids for the work will be received until February 10th. J. B. Steward, board of education, can give information.

At Bristol, Texas, Drs. George E. Wiley, L. H. Gammon and H. B. Edmonson, of Saltville, Virginia, are said to be interested in the erection of a hospital at Cumberland and Moore streets, Bristol.

At Richmond, Va., it is stated that an ordinance will be introduced in council providing for the appointment of a committee, to investigate and report on the cost of installing an electric light plant in the city hall.

At St. Louis, Mo., the Century Architectural Co., Carleton Building, is reported to be preparing plans for the Louisiana Hotel, to be erected at Jefferson avenue and Olive street, to cost between \$65,000 and \$80,000.

At New London, Conn., it is said that Morton F. Plant has under consideration the erection of a handsome dwelling at Eastern Point, to be granite, 150x50 feet, fine interior finish. The estimated cost is about \$250,000.

At Louisville, Ky., it is said that Otto Seelbach will erect a hotel at Fourth avenue and Walnut streets, at a cost of about \$1,000,000.

At Shreveport, La., a union station is talked of to cost \$450,000. L. S. Thorn, of Dallas, Texas, vice-president of the Texas & Pacific Railroad, is said to be interested.

Cleveland, O., the city council has decided to erect the following school buildings during 1903: 12-room building, Lawn street, \$60,000; 12-room building, Doan street, \$60,000; 12-room building, Mill and Walton streets, \$63,000; 8-room building, Locust street and Fruitland avenue, \$35,000; 8-room building, Broadway, \$35,000; 8-room building, Brandon street,

\$35,000; 5-room annex, Brownell street, \$25,000; 8-room annex, Sackett street, \$32,000.

Sandusky, O., it is stated that the Pennsylvania Company is negotiating for the purchase of about three square miles of land at Cedar Point, across the bay from this city, to be used for terminals and switching yards. Cedar Point is now used exclusively as a pleasure resort. Should the proposed deal be made, the Pennsylvania would probably construct its line almost around the city and bridge Sandusky Bay for a mile and a half at its narrowest point.

At Lima, Ohio, Architects Leech & Leech have prepared plans for a handsome two-story dwelling to be erected for J. B. Adkins. It will be of press brick, with trimmings of brownstone, slate or tile roof, gas and electric light fixtures, art and plate glass, finely finished and equipped bath-rooms with tiled floors, laundry, hot water heating. Also have plans for a two-story dwelling for Victor Bond. Frame, slate roof, patent plaster, plate and art glass, gas and electric fixtures, water-closet, bath-room, laundry fixtures and mantels. Also plans for a two-story dwelling for Dr. W. E. Hoove. Frame, plate glass, bath-rooms, water-closets, patent plaster, gas and electric fixtures, electric wiring and mantels.

At Brooklyn, N. Y., the Eastern District Savings Institution will erect a new bank building at Gaves avenue and Broadway. The officers are L. E. Mecker, president; J. Parker Sloane, first vice-president; H. L. Bartlett, second vice-president; Wm. A. Lock, cashier; Charles L. Sigarde, counsel. The Williamsburg Savings Bank, 175 Broadway, Brooklyn, will erect a one-story annex, 54x55 feet, to its present building at a cost of \$300,000. It will be of plain and polished granite with interior of Ohio limestone and granite columns. The plans have been prepared by Helme & Hudsells, Broadway and Eighth street, Brooklyn. There will be handsome fixtures and furniture and all modern conveniences. The president, William T. Lamb, has the work in charge.

At New York City, Mr. Jno. R. Drexel, 636 Fifth avenue, will erect a handsome dwelling at 1 and 3 East Sixty-second street, on a lot 42x100 feet. McKim, Mead & White, 160 Fifth avenue, have prepared the plans for a large dwelling to be erected at Newport, R. I., for Mr. Gordon J. King, who is now receiving estimates for the work. About February 1st Buchman & Fox, 9-13 East Fifty-ninth street, will be ready for estimates for the construction of an addition to the Hotel Albert on University place. It will be 40x100 feet, twelve stories high and will occupy the northeast corner of University place and Tenth street. The Rosenbaum estate, 16 Exchange place, are the owners. H. Raabe & Sons, who own the block on Boulevard Lafayette between 161st and 162d streets, will improve the same by the erection of two six-story apartment houses to contain twenty-apartments on each floor. Elevators, large light rooms and all modern conveniences. No architect has as yet been selected. R. B. Architect Notes

Newman & Harris, architects, Land Title Building, have been commissioned by the authorities of the Jacob Tome Institute at Port Deposit, Md., to prepare plans for a stadium to accommodate 800 people. It will be built of stone, concrete and brick. We will give more details later.

Savery & Scheetz, architects, Stephen Girard Building, have completed plans and specifications and sent same out to builders for alterations to the residence of G. L. Harrison, at 1706 Locust street. The following builders have been invited to bid: John R. Wiggins Co., W. R. Dougherty, R. C. Ballinger Co., Thomas Little & Sons, and C. J. W. Platt. Bids due February 11th.

Jacob Naschold, architect, 504 Walnut street, is working on plans and specifications for a new parsonage to be built at Bridgeport, Pa. It will be two stories high, of brick and stone and will have a slate roof and will measure 20x60 feet. It will have a porch on front; the interior will be in hardwood finish. It will be heated by steam and will contain all up-to-date improvements. Will be ready for bids in a short while.

Wm. Copeland Furber, architect and engineer, 421 Chestnut street, is working on plans and specifications for a new residence at Cape May, N. J. It will be three stories high and will measure 30x50 feet, and will be built of frame and shingle with shingle roof. The interior will be in chestnut finish. It will have open fireplaces and will have 11 rooms and will contain all up-to-date improvements and cost \$3,500. Local builders only will bid.

Henry D. Dagit, architect, 435 Chestnut street, has completed plans and specifications and sent same out to builders for estimates for the new rectory of St. Rose R. C. Church. Rev. Jos. A. Egan, rector, to be built at Hadron Heights. It will be three stories high, frame, 40x50 feet. (Details previously noted.) Bids due February 14th. The following builders are bidding: J. S. Rodgers, of Stanwick, N. J.; Wallace Miller, of Magnolia, N. J.

John W. Allen, architect, Betz Building, is now receiving sub-bids from plans and specifications as prepared by him for the erection of the theatre, casino and auditorium building to be erected at Franklin and Howard streets, Baltimore, Md., for P. F. Kernan, of that city. It will be an L shaped structure in the French renaissance style of architecture. At either end of the building will be the auditorium and theatre with the casino in the centre. Each wing will cover an area of 158x70 feet. Details of this theatre previously noted.

Chas. W. Bolton & Co., architects, Wither-spoon Building, have completed plans and specifications and sent same out to builders for estimates for general interior alterations to the Snyder Avenue Methodist Episcopal Church. Burd P. Evans, A. Jackson Hook, Jas. G. Hart, Thomas Little & Sons, H. B.

Shoemaker & So., are bidding. Bids due February 16th.

Seymour & Paul Davis, architects, 907 Walnut street, have completed plans and specifications and sent same to the owner, Mr. John W. Healey, of Pottstown, Pa., for a three-story brick and stone residence to be built at that place. It will have a porch on front; the interior will be in hardwood finish. It will be wired and lighted by electricity, heated by hot water and will contain every appointment and convenience. The owner is now ready for bids for the erection of the same.

Chas. W. Bolton & Co., architects, Wither-spoon Building, have completed plans and specifications and sent same to the building committee who will take bids from local builders for the handsome new edifice to be built at 12th and Northampton streets, Easton, Pa., for the Olivet Presbyterian congregation of that place. It will be one story and basement high and will have a tower on the corner 100 feet high. It will be built of brick and stone with terra-cotta trimmings and will measure 80x100 feet. It will have the usual church appointments.

Isaac Pursell, architect, 119 South Fourth street, has completed plans and specifications and sent same out to builders for estimates for the Thomas W. Symont, Memorial Church, to be built at Wenonah, N. J. It will be one-story high, of stone with slate roof and will measure 110x90 feet. (Details previously noted.) The following builders have been invited to bid: R. C. Ballinger & Co., and A. Whitehead Co., of this city; William Allen, of Vineland, N. J.; Harry Harkins, of Bridgeton, N. J.; William Lacey, of Richwood, N. J.; Chas. C. Ware, of Glassboro, N. J., and Francis Rea, of Millville, N. J. Bids due February 21st.

H. D. Dagit, architect, 435 Chestnut street, is working on plans and specifications for a handsome new edifice in the Gothic style of architecture, to be built at 23d and Lehigh avenue, for the Roman Catholic congregation of St. Columbus. Rev. Walter Gough is the rector. It will be two-story and basement high, 160x60 feet. It will be built of cut granite and will have a tower of cut granite 200 feet high. The basement of this structure will be built first. The basement and the church will be wired for electricity, heated by steam. The interior will be handsomely decorated. It will also have marble altars, stained glass windows, etc., and is estimated, when finished, to cost about \$50,000.

David Knickerbacker Boyd, architect, Harrison Building, has been commissioned by the school board of the Garrett Hill school at Wayne, Pa., to prepare plans and specifications for a one-story addition of brick and pebble dashed to the present building; also to arrange for toilet-room in the basement, a new plumbing system and water supply is about to be installed and general interior improvements

will be made. Plans will be ready for bids in about three weeks' time.

Albert Kelsey, architect, 931 Chestnut street, completed plans for a model city to be built at Chautauque, N. Y., for the Chautauqua Institution of that place, at a cost of \$2,000,000. It is to be laid out on about 185 acres of land. At present only four buildings will be erected: A hall of philosophy, an arcade, a granger building and a business men's club-house.

J. F. Stuckert & Sons, architects, 1421 Chestnut street, is working on plans and specifications for a new residence to be built at Oak Lane, Philadelphia. It will be three stories high, of stone and shingle and will contain 14 rooms with all conveniences.

Proprietor, Publisher and Editor.

PHILADELPHIA, WED'Y, FEB. 11, 1903

At the naval academy, Annapolis, there will stand, when completed, the finest group of buildings in the world. The transformation has progressed to such an extent that a visitor can now get a fair idea of the magnitude of the undertaking, and what it represents in building construction and material.

When all the buildings are completed and the last stone has been placed in position and the last structure turned over to the Government it will represent an outlay of over \$10,000,000.

Some young ladies of Pittsburg have organized what they call the Octavia Hill Association. It will soon be incorporated. It will have for its object "giving humanity a chance." They propose, so far as lies in their power, to go down into the slum districts of Pittsburg, buy the ramshackle tenements and rebuild them so that they will be sanitary, comfortable and clean—then to be rented again at a no greater rental than had been previously charged. In

At the Naval Academy, Annapolis, there will this they will be doing a work which should have the encouragement of every architect and builder in their territory, for they not only give work, but they start a movement which should have a very salutary effect on the improvement of building in the sections where the poor are compelled to dwell for want of something better. They could do no nobler work than that which they have undertaken.—Exchange.

Architect Notes.

Henry Loomis Curtis, architect, Harrison Building, is working on plans and specifications for interior improvements to the chapel at South Broad Street Baptist Church, at Broad and Reed streets. Will be ready for bids in about three weeks' time.

The Real Estate Title Co., 523 Chestnut street, has purchased the adjoining property, 527, with the view of enlarging its present office building by the erection of a similar building. While this extension will not be done right away the business of the company is growing so rapidly that an improvement of this nature will soon be absolutely necessary.

Building and Real Estate Notes.

Angus S. Wade Co., builders, 1501 Sansom street, have plans posted for interior improvements to 5709 Germantown avenue, for J. M. Reiber. Bids due February 13th.

It is stated that the National Water Tube Boiler Co., of New Brunswick, N. J., has submitted the lowest bid for the installation of two water tube boilers at the Philadelphia Hospital, 33d and Spruce streets. Their price was \$9,500.

The members of the Master Builders' Exchange, have been invited to submit estimates to J. Walter Gillette, manager of the Schuylkill Valley Illuminating Co., at Phoenixville, Pa., for the erection of 2 power-houses with steel roofs; one to measure 100x150 feet, and the other 40x80 feet, to be built at that place for the company.

William K. Steel & Son, builder, Wither-spoon Building, have been awarded the contract to build the additional story of brick, to measure 154x56 feet, to the five-story building of the Lehigh Manufacturing Co., at Lehigh avenue and Lawrence street. Plans prepared by Wm. Steele & Sons.

W. R. Dougherty and Armstrong & Printzenhoff, builders, are requesting sub-bids on the store-room and office building for the Shellport shop near Wilmington, Del., for the P. B. & W. R. R. It will be a 2-story structure of brick and will measure 140x50 feet. Bids due February 16th. Plans by the company's engineers.

F. L. Hoover & Sons, builders, 709 Ranstead street, have filed their bid with Clark Dillenbach, architect, for the new edifice for the Grace Lutheran congregation to be built at Wyndmoor, Pa. It will be one-story and basement high, 150x100 feet, and will be built of stone with slate roof and will have the usual church furnishings.

F. L. Hoover & Sons, builders, 709 Ranstead street, have plans posted for a Sunday School addition to the Langhorne Presbyterian Church at Langhorne, Pa. It will be 2 stories high, of stone with slate roof and will measure 38x47 feet. Bids due February 17th. Plans and specifications by Ballinger & Perrot, architects and engineers, 1200 Chestnut street.

Isaac Pursell, architect, 110 South Fourth street, this city, has awarded the contract to Whalan & Miller, builders, of 1133 Broadway, New York, for the handsome new edifice of the Christ P. E. congregation, to be built at Staten Island, N. Y. It will be a one-story structure of stone. (Details previously noted.) Contract price \$40,000. Plans and specifications by him.

MacLain & Brown, builders, 4th floor of the Provident Building, have plans posted for the three-story brick building, 300x84 feet, to be built at Modena, Pa., for the Megaree Paper Co., of this city. Plans by G. F. Hardy, architect, Broadway and Duane street, New York. Bids due February 16th.—Also plans posted for a five-story building to be built on Front street below Vine street. Plans by Milligan & Webber, architects, 520 Walnut street. Bids due February 14th.

Wm. K. Steel & Sons, builders, Wither-spoon Building, are requesting bids on revised plans for the erection of several buildings for the Williamson Bros. & Co., at Aramingo ave-

nue and Cumberland street. There is a moulding shop, 150x55 feet, a 20x55 feet floor moulding shop, which will be two stories; a three-story pattern storage building and a three-story building for shipping, cleaning and storing castings, all to be built of brick and slow burning construction. Bids due February 16th. Plans by William Steel & Sons.—The same firm have plans posted for the addition to the West End Trust Company building at Broad and South Penn Square. (Details in another column of this paper.) Bids due February 16th. Plans and specifications by Furness, Evans & Co., architects, Provident Building.

Geo. L. Coulson & Clarence R. Siegel, builders, 51st and Race streets, is about to erect a large operation of 94 dwellings on the lot bounded by 50th and 51st streets, Haverford avenue and Race street. They will be as follows: 16 dwellings in pairs on Haverford avenue; 4 stores and 2 dwellings on 50th street; 2 stores and 7 dwellings on Race street; 1 store and 18 dwellings on Farson street, and 30 dwellings on Summer st. They will all be 2-story Pompeian brick with porch front houses.

The interior will be finished in hardwood finish and they will contain 7, 8 and 10 rooms each, with all the up-to-date appointments and conveniences. This operation will cost about \$300,000. Work will be started soon.

It is reported that the directors of the Pennsylvania Railroad Company and of the Pennsylvania Company, operating the lines west of Pittsburg, at a meeting at the Broad Street Station, January 28th, approved plans for a low grade freight cut-off to run from Enon, on the Port Wayne road, to Red Bank, on the low grade division of the Allegheny Valley R. R., and ordered that contract be let at once. The road will be double-tracked, with enormous freight yards at both ends, and will cost about \$600,000. They also authorized the construction of an electric plant at the 12th street yards, Chicago, Ill., to cost \$40,000; additional coal dumping machinery to be built at Ashtabula, O., to cost \$50,000; a power plant at Cleveland, O., to cost \$115,480, and a power plant at Erie, Pa., to cost \$27,000.

Bowman Sterling, builder, 608 Chestnut street, will erect 52 houses on the lot bounded by 50th and 51st, Cedar avenue and Catharine streets; 26 houses will be located on Cedar avenue and will be three stories high, built of brick with mansard roof. They will have a porch on the front; the interior will be in hardwood finish and they will contain all modern improvements, and will contain 12 rooms each. The other 26 will be erected on North Welton avenue between 50th and 51st streets. They will be two stories high, also brick porch fronts, hardwood on the interior with all up-to-date improvements and will contain 9 rooms each. This operation will cost about \$220,000. Work will be started in a short while.—He will also start, in a very short time, an operation of 10 houses, to be built on 50th street between Spruce and Irving streets. They will be two-story brick with porch front and will contain 9 rooms, with hardwood on the interior, open plumbing work, tile baths and all modern improvements. This operation will cost about \$35,000.

The miscellaneous buildings include a Power House, a Round House, an Ale Vault, addition to Apartment House, addition to Hotel, a Freight House and a Filter House.

H. M. Irwin, builder, 1613 Ranstead street, has been awarded the contract to make interior alterations to 1529-31 Chestnut street, for Frank E. De Long. Plans and specifications were prepared by Wilson, Harris & Richards, architects and engineers, Drexel Building.

The hosiery mill of James Farrell & Co., in the rear of 224 Ashmead street, Germantown, Philadelphia, was destroyed by fire last week. It is expected as soon as the insurance is adjusted that the firm will rebuild on the present site.

J. H. Ristine, builder, of Ardmore, Pa., has been awarded the contract to build the new stable, 60x60 feet, for J. Blair McAfee, to be erected at Ardmore, Pa. Plans and specifications by Price & McLanahan, architects, 1624 Walnut street.

R. C. Ballinger Co., builders, 218 North 13th street, have been awarded the contract for interior improvement to the residence of H. H. Collins, Jr., at 1712 Locust street. Plans and specifications by Morris & Vaux, architects, Stephen Girard Building.

Charles H. Autterman, builder, of Dravosburg, has been awarded the contract to build the handsome new stone church at Myersdale, Pa., for the Myersdale Methodist Episcopal congregation. (Details previously noted.) It will cost \$30,000. Plans and specifications by Chas. W. Bolton & Co., architects, Witherpoon Building.

Samuel Stonebach, builder, of Perkasio, has been awarded the contract to build the new edifice at Perkasio, Pa., for the St. Stephen Reform Church, of that place. It will be one story and basement high and will be in the Gothic style of architecture and will cost \$20,000. (Details previously noted.) Plans and specifications by Chas. W. Bolton & Co., architects, Witherpoon Building.

John R. Wiggins & Co., builders, Heed Building, have been awarded the contract for the erection of a three-story brick addition to cover an area of 200x75 feet, at 24th and Vine street, for the Newton Machine and Tool Co. This work will cost about \$50,000. —The same firm have also been awarded the contract for the following work: Remodeling the interior of the Union Republican Clubhouse, at 227 South Broad street, and alterations to the property at Potter and Lehigh avenues, which is to be fitted up for office purposes for the Southern Electric Co.

The trustees of the Stephen Girard estate have purchased the Fred Brown property at the northeast corner of Sixth and Chestnut streets. The trustees now own several properties besides the corner and it is stated that the recent purchase was with the view of erecting a large office building to cover all the proper-

ties. It is suggested that the corner would make an elegant location for a new national bank and that in view of the many consolidations of banks in that section, the scheme would be a good one. There are several long leases on these properties, however, and improvements will be delayed, of course, until they expire.

Burd P. Evans, builder, 706 North 9th street, will receive sub-bids until February 13th on the construction of the main building for Muhlenberg College, to be built at Liberty and Allen streets, Allentown. The plans show a three-story building of the style of the English renaissance. This structure will measure 196 by 62 feet and cost about \$90,000. The walls are to be of pressed brick, trimmed with Indiana limestone and granite. The roof is to be slate. The whole is to be surmounted by a clock tower. The first floor plans provide for a reception hall, president's and treasurer's rooms, temporary chapel, four large and one small reception room; the second floor plans include a temporary library, reading-room, laboratory, lecture-room, museum, recitation room; the third floor plans provide for a large society hall, room for the Muhlenberg Press Club, and rooms for other organizations. The bids are to be alternates, one for the building finished and the other for the building unfinished.

Bids are wanted until February 16th next, by W. H. Brown, chief engineer of the Pennsylvania Railroad Company for grading and masonry for the low-grade freight line, below Harrisburg, Pa., to Atglen. The proposed work extends from Parkersburg to Columbia and is divided into eight sections. Section A extends from Parkersburg to Atglen signal tower, 17,200 feet; section 1 from the Atglen signal tower to station No. 300, 30,000 feet; section 2 from station 300 to crossing of Quarryville Railroad crossing to station 790, west of New Providence, 24,000 feet; section 4 from station 790 to station 1000, one-and-one-half miles east of Pequea crossing, 21,000 feet; section 5 from station 1000 to station 1200 at Shenk's Ferry, 20,000 feet; section 6 from Shenk's Ferry, 20,000 feet; section 6 from of Safe Harbor, 20,000 feet; section 7 from station 1400 to station 1600, one-half mile north of Creswell station, 20,000 feet. No sub-contractor will be permitted on the work except to deliver material and contractors must personally examine the work before bidding.

Through Pennsylvania

—At Altoona, Blair county, it is said that extensive improvements to cost at least \$250,000 will be made by the United Telephone Company, including extension of lines which

will directly benefit Altoona. In the spring, work will begin on a through line to Harrisburg, the wires to be used being No. 8 coppers. This will complete the line between Altoona and Philadelphia; a new line will also be constructed between Bellefonte and Tyrone by the way of Bald Eagle Valley, and from Bellwood a new line will be built to Lloydsville, Blandburg, Mountaingle, Glasgow, Coalport and Irwona. A plan is also under consideration to extend the line from Hollidaysburg to Williamsburg. It is also probable that a central energy exchange like the one at Altoona will be placed at Hollidaysburg. W. P. Beardsley, of Altoona, is district superintendent.

—At Uniontown, Fayette county, it is stated that two theatres will be erected in the near future, one by John H. Todd and others on Peter street, for which foundations are finished, and one by Harry Beeson, the manager of the opera house, who will erect a combination theatre and hotel building on West Main street.

—At Altoona, Blair county, Elder & Cassidy have broken ground for the erection of five dwellings on the site of the old Metzger mill at Margaret avenue near Nineteenth street. They will be well finished and provided with modern conveniences.

—At Wilmerding, Allegheny county, ground has been broken for the erection of a theatre to cost \$5,000. It will occupy a site on Marquette avenue. I. H. Edwards is the contractor. C. H. Dreuz, W. C. Timenyer and Frederick Hinkle are at the head of the stock company interested in the matter.

—At Wayne, Delaware county, a movement has been started to form a company to erect a suitable opera house. Two plans have been suggested: To rebuild the present hall with stores, lodge rooms and in connection with a large hall for amusement and other purposes or to erect a building to contain a large auditorium on the ground floor. A lot on Lancaster pike, south of the Suburban office, has been suggested as a suitable site for such a building.

—At Willow Grove, Montgomery county, a great many improvements will be made to Willow Grove Park before the opening of the next season, on May 30th. A new woman's pavilion will be erected on the site of the former building, which has been torn down. The new building will be double the size of the old building and will be fitted up completely in every detail. The mystic maze building will be doubled in size. A new scenic railway will be constructed and a three-story brick administration building will be erected and brick paths will replace many of the present aisles in band shell, leading up to the casino. Many other minor changes will be made before the season opens.

In the bed of a sick person, practically illustrates
the wonderful heating quality of a

HOT WATER HEATING PLANT

in your residence, regardless of its size or exposure.
The Radiators are like so many iron hot water bags
through which the hot water from the boiler in the
cellar, constantly circulates, maintaining even in the
coldest weather, a summer temperature in every part
at the smallest possible cost for fuel.

*As the man behind the gun establishes its efficiency
while in action, the Boiler behind the Radiators, if
right in every way, does the trick without an ounce of
pressure and with only an average fire.*

How to Make the Best Roof

MF Roofing Tin is the first requisite; capable work the second—that is all—except, the roof will last 50 years. The manufacturers of MF Roofing Tin have lately published a complete manual of roofing and roofing material which will be sent free to anyone interested in roofs.

MF Roofing Tin

is heavily coated with pure tin and new lead by the most favored old style process. The thorough amalgamation of the coating with the surface of the black plates, effected by this process, makes the plates impervious to rust or atmospheric gases. Ask your roofer—or send for a copy of the book.

Architect Notes

Savery & Scheetz, architects, Stephen Girard Building, have been invited to prepare competitive plans for the new building for the Bucks County Historical Society, to be erected at Doylestown, Pa. It will be a stone and brick structure, two-and-a-half stories in height.

At Harrisburg, Architect M. L. Kast has made plans for a handsome dwelling to be erected at Elkwood, for Mr. J. A. Kipner, of New Cumberland, Pa. It will be two stories high, slate roof, porches, mantels, bathroom fixtures, electric lights and all modern conveniences.

Stearns & Castor, architects, Stephen Girard Building, have completed plans for nine dwellings for E. S. Radley. Four are to be built on Lehigh avenue and five on 11th street. They will be three stories high, of brick and will measure 18x60 feet, and will contain all up-to-date improvements and are estimated to cost about \$10,000.

United Improvement Company of Quakertown, Pa., with A. J. Roberts, president; W. T. Price, vice-president; H. H. Souder, secretary, and A. H. Kittleman, treasurer, all of Quakertown, Pa., will have erected a three-story factory, measuring 35x135 feet, to be built of brick and slow burning construction, at the above place, in the near future.

Watson & Huckel, architects, 1208 Chestnut street, have completed plans and specifications and sent same to local builders for alterations and additions to Norristown Trust Company, situated at Main and DeKalb streets, Norristown, Pa. Plans provide for a three-story brick addition and general interior improvements. Bids due February 23d.

Duhring, Okie & Ziegler, architects, South Penn Square Building, will complete plans and specifications and send same out for estimates on February 19th, for alterations and additions to the Shakespeare Building at 1021-23 Chestnut street. Plans provide for the building of a three-story brick addition to the rear and general interior improvements to the present building.

Chas. W. Bolton & Co., architects, Witherspoon Building, have been commissioned by Geo. Williams, owner, to prepare plans and specifications for two pairs of the three-story dwellings to be built at 64th street and Elmwood avenue. They will have Pompeian brick fronts with porches and will measure 16x55 feet. The interior will be in hardwood finish and they will contain all up-to-date improvements.

Nixon & Zimmerman, of this city, are negotiating for certain ground in Baltimore, Md., and should they secure it John D. Allen, architect, Betz Building, of this city, will prepare plans and specifications for a new theatre to be built on the site. It will be fireproof, stone and granite structure, in the Renaissance style of architecture and will accommodate 2,000

people and is estimated to cost \$200,000. Will be able to give further details later.

Harry L. Reinhold, Jr., 430 Walnut street, has completed plans and specifications and sent same to the owner, J. H. Barnsley, who will take bids for a two-and-a-half-story Colonial residence to be built at Newtown, Pa. It will be built of frame and stone with slate roof and will measure 40x64 feet. (Details of this house previously noted.) Kendrick & Roberts and R. Monroe Stout, builders, of this city, have been invited to bid.

Horace Trumbauer, architect, Land Title Building, is working on plans and specifications for a handsome new residence to be built at the northeast corner of 62d street and 5th avenue, New York, for Mr. I. Townsend Berden. It will be five stories high and will be built of Indiana Limestone and red brick. The interior will be in hardwood finish. It will have tile baths, best open plumbing work, wired for electricity, heated by steam with every modern convenience and appointment. Will be ready for bids about March the first.

Some of the January filter contracts awarded to Wm. B. Seafie & Sons Co., of Pittsburg, Pa., are the following: Secretary Hay, of Stoneleigh Court, Washington, D. C., 260,000 gallons per 24 hours; Alan Wood Iron & Steel Co., Conshohocken, Pa., 20,000 gallons per 24 hours; National Steel Co., Columbus, O., Gravit System, 300,000 gallons per 24 hours; Willard Office Building, Washington, D. C., 25,000 gallons per 24 hours; Thos. Gale's apartment house, Washington, D. C., 12,000 gallons per 24 hours; Duquesne Club, Pittsburg, Pa., 57,000 galls per 24 hours.

Horace Trumbauer, architect, Land Title Building, will soon complete plans and specifications and invite bids to make improvements costing \$100,000 to Washington Park at Twenty-sixth street and Allegheny avenue, for Martin Ulrich, proprietor. A new, double-deck pavilion, 378 feet in length, a grand stand a hotel and other necessary building are to be erected. All the old buildings are to be taken down and the entire place beautified and enlarged. Contract for the demolishing of the dance hall and grand stand have been awarded.

Work will start April 1st.

F. W. Woolworth & Co., who have a chain of 5 and 10 cent stores throughout the United States are about to open a large, new store at 1000-22-24 Market street. They have instructed their architect whose office is located in the main office of the company, in New York City, to prepare plans for a handsome new ornamental front to be built to the above stores and general interior alterations. The partitions are to be torn down and it will be one large store with counters and shelves, etc. Local builders will be invited to bid about May 1st, and the store is to be open September 1st.

Thomas Stephen, architect, Masonic Temple Building, Camden, N. J., is engaged on plans

for a new edifice to be built at Collingswood, N. J., for the Collingswood M. E. congregation of that place. It will be two stories high and will be built of Hummelstown granite and will measure 58x64 feet and will have an octagon-shape roof of slate. It will have a handsome tower on the front and will have the usual church furnishing and will cost \$18,000. Will be ready for bids about March 1st. Separate bids will be taken on the seating and pulpit furniture and cathedral-glass. Also is engaged on plans and specifications for the new Methodist Protestant church to be built at Magnolia, N. J. It will also be two stories high, of stone and shingle with slate roof and will measure 39x64 feet. It will be wired for electric light and will have every appointment of an up-to-date church. Will be ready for bids about March 1st.

Edwin F. Durang, architect, 1200 Chestnut street, has been commissioned by the Sisters of St. Agnes' Hospital, Broad and Mifflin streets, to prepare plans and specification for a new wing for the hospital. It is to be the same height as the present structure and is to measure 100x60 feet, and to conform architecturally with the main hospital; also general interior improvements are to be made. It is estimated that this work will cost about \$200,000. Plans will be ready for bids in about one month's time.

T. P. Chandler, Jr., architect, 338 Chestnut street, has completed plans and specifications and sent same out to builders for estimates for the handsome new edifice for the First Presbyterian Congregation to be erected at Sixth and Wood streets, Pittsburg, Pa. It will be two stories high and will be built of stone and will measure 200x100 feet and will be fireproof. The interior will be handsomely finished and decorated. It is estimated to cost about \$420,000 bids due February 24th. The following builders are bidding: Thomas Reilly, Arthur N. Williams, Jacob Myer & Sons, and J. E. & A. Pennock.

The Central Trust and Savings Co. will erect a handsome new bank building on the northwest corner of 4th and Walnut streets. The building now there will be demolished and the new building erected on the site. It will be two stories high and will be built of stone with an ornamental front. The lot has a frontage on Market street of 24 feet and on Fourth street of 81 feet to inches. The first floor will be the bank proper; the second floor, president and vice-president and secretary's offices. The following architects have been invited to submit designs in competition for this new bank. All designs due with the chairman of the building committee, C. H. Royal, on or before March 3d. Struthers & Hanna, of Pittsburg, Pa.; Newman & Harris, Wm. Copeland Furber, and Chester A. Kirk, of this city.

NIAGARA WILL NOT BE RUINED

Fears have sometimes been expressed that when the immense electric power installations at Niagara Falls are in complete operation the withdrawal of water through tunnels will spoil the beauty and grandeur of the vast cataract. But an experiment recently made by the Niagara Falls Power Company to ascertain the maximum capacity of its great tunnel, the current through which is calculated to develop at least 100,000 horsepower, shows that such fears are probably groundless. When a quantity of water "twice as great as many notable rivers discharge" was sent through the tunnel, its diversion was not noticeable on the brink of the falls, for it was but a very small fraction of the water that comes down from Lake Erie.

Architect Notes.

Frank Curry Miller, architect, Stephen Girard Building, is requesting sub-bids for 31 dwellings, as planned by him, to be built on the east side of Greene, below Apsley street, Germantown. This operation is to be three story Pompeian brick, with porch fronts, and they will measure 15 and 16 feet by 55 feet. The interior will be in hardwood finish, they will be heated by hot air and will contain nine rooms and bath, each, with all up-to-date improvements. This operation will cost \$125,000. Bids due February 19th.

Building and Real Estate Notes.

Thomas Little & Sons, builders, 1228 Rantstead street, have filed bid bids with Director of Public Works W. C. Haddock, for the new lower Roxborough Filter plant.

H. B. Shoemaker & Co., builder, 113 North Seventh street, have been awarded the contract to make general interior improvements to the United States Appraisers' stores at 134 South Second street at a cost of three thousand dollars. Work will proceed at once.

Joseph Bird, builder, 1029 Race street, has been awarded the contract for extensive interior improvements and alterations to the property at 918-20-22 Chestnut street. After

the improvements have been made it will be occupied as a retail store for the Welsbach Light Company.

W. R. Dougherty, builder, 1604 Sansom street, has plans posted for alterations to the store front at 604 Market street for B. Niederman, Esq. Plans and specifications by D. K. Boyd, architect, Harrison Building. Bids due February 19th.

Thomas Seeds, Jr., builder, 1216 Race street, has been posted for a two-story residence, 20 x 102 feet, to be built in Germantown; also plans posted for a three-story residence to be built near Chelton avenue, Germantown. It will be built of brick and will contain all up-to-date improvements.

Wells Bros. Co., builders, Stephen Girard Building, have signed contract as predicted by us some time ago, for the new gymnasium and grandstand to be built at the Franklin Field of the University of Pennsylvania. Plans and specifications by Frank Miles Day Bros., 927 Chestnut street.

Frank S. Riggs, builder, 608 Chestnut street, has been awarded the contract to build the new residence at Wynnewood, Pa., for Mr. John Clifford Jones. It will be three stories high, 90 x 100 feet, and will be built of stone. (Details previously noted.) Work will proceed at once. Plans and specifications by Edgar V. Seller, architect, Real Estate Building.

The Philadelphia, Baltimore & Washington Railroad Co. has awarded the contract for the erection of a new stone arch bridge to replace the one at Principio destroyed by floods, to Sparks & Evans, of this city. The new structure will be a single arch span with 40-foot span.

Stacey Reeves' Sons and J. E. & A. L. Pennock, builders, have filed their bids with Theophilus P. Chandler, architect, 328 Chestnut street, for alterations and additions to the Delaware Insurance Company, at Third and Walnut streets. Plans provide for new fire-proof vaults, new toilet rooms, hydraulic elevator, etc., and general interior improvements.

Two bids were received by A. L. English, Director of Public Safety, for the construction of the smallpox pavilion of the new Municipal Hospital to be erected in the 33d Ward. Henderson & Co.'s bid was \$135,800 for the work, using plaster instead of tiling, or \$140,000 including tiling; Doyle & Doak's bid for the same work was \$138,670, or including tiling \$141,832. The appropriation is \$150,000.

G. W. & A. M. Zane, builders, are about to start an operation of 50 dwellings to be erected on the south side of Lehigh avenue between 22d and 23d streets, and on Showaker street near 22d. They will be of brick, two-and-a-half stories high and will measure 16 x 90 and 16 x 80 feet. They will have hardwood finish and contain all the up-to-date improvements.

C. B. Edwards, crockery, 1024 Market street, will move about June 12th to 919 Market street. This will necessitate removal and alteration of fixtures, shelving, etc. Shannon's hardware store, 1022 Market street, will be removed about the same time, but is not yet located. The above is the result of the entire building having been leased to a New York

party who will occupy it as a Five Cent Store. A New York architect has made measurements with the view of preparing two sets of plans, one of which will provide for alterations and perhaps additional stories, while the other will provide for an entirely new building. Nothing, however, can be done in construction work until the premises are vacated by the tenants.

W. J. Gruhler, builder, 77 Herman street, Germantown, has been awarded the contract for alterations and additions to the residence of Henry S. Grove, Esq., at 254 West Tulpehocken street, Germantown. Plans provide for the building of a stone addition two stories high, to measure 32 x 16 feet, and general interior improvements. Work will proceed at once.

A. Raymond Raff, builder, 1635 Thompson street, has been awarded the contract to build the three-story factory building, 40 x 79 feet, with a wing 70 x 40 feet, at Norris and Hope streets for J. Barton Smith Co., It will be of brick and slow-burning construction, with all the up-to-date factory appointments. Plans and specification by Charles Balderson, architect, 411 Walnut street.

G. K. Swank, builder, Hale Building, is about to erect 92 dwellings and 7 stores on the lot at the east side of 28th street between Cumlerland and Huntingdon streets. They will be two stories high, of brick and will measure 15 x 51 feet, and will have porches in front and will contain all up-to-date improvements. This operation will cost about \$500,000. Mr. Swank is now ready for sub-bids.

The contract for the completion of the League Island drydock will probably go to a Pittsburgh firm, the G. M. Scofield Company. The bids were as follows: John C. Rodgers & Co., 31 West 125th street, New York, on electrical work if allowed the use of machinery on the ground, \$112,000; without machinery, \$113,600; for constructing the dock if allowed the use of machinery, \$1230,000; without the machinery, \$1243,000. The G. M. Scofield Company, 1103 Arrott Building, Pittsburgh, on electrical work, with the use of machinery on the ground, \$80,000; for completing dock, with the use of machinery, \$1,063,000; without the machinery, \$1,148,000. Westinghouse Electrical Manufacturing Company, for electric work, \$95,000, if allowed the use of machinery on hand. The General Electrical Company of Schenectady, N. Y., for electrical work, with or without the machinery, \$87,650. The new contractors will undertake the work on the plans that were a part of the contract with the Atlantic, Gulf and Pacific Company. Two years are allowed in which to complete the work. The price with the old contractors was \$1,133,592. The lowest bid of the Scofield Company on the basis of using the machinery on the ground is only \$70,592 below the original contract price.

The Atlantic, Gulf and Pacific Company has been paid a sum considerably in excess of this difference, and it is obvious that if the bid of the Scofield Company is accepted, the Government will have recourse to the Atlantic, Gulf and Pacific Company or its bondsmen for the excess of cost that is caused by reletting the work.

John R. Wiggins Co., builders, Heed Building, have plans posted for alterations and additions to the stable at Velvereden, the residence of E. A. Schmidt, Esq., at Radnor, Pa. Plans provide for a two-story stone addition to the present stable and general interior improvements. Bids due February 19th. Plans and specification by John T. Windrim, architect, 1107 Walnut street.

W. K. Dougherty, builder, 1604 Sansom street, has plans filed for addition and general interior improvements to the residence of J. Franklin McFadden, at Haverford, Pa. Bids due February 10th. Plans and specification by Cope & Stewardson, architects, 320 Walnut street. The same firm is bidding on the new engine house for the Pennsylvania Railroad to be built in the West Philadelphia yards. It will be a one-story structure of brick, with slag roof. Plans by the company's engineer.

L. F. Foucke, of Reading, Pa., and George C. Dietrich, builder, 939 North Seventh street, are requesting sub-bids on the new edifice to be erected at Pottsville, Pa., for the Methodist Episcopal congregation to replace the old one. It will be two stories high, will be built of granite and will measure 150x78 feet. It will have the usual church furnishings and will be heated by steam. It is estimated to cost about \$20,000. Plans and specifications were prepared by George W. Kramer, architect, No. 1 Madison avenue, New York. Bids due February 21st.

Mayor Ashbridge has signed the following ordinances: One of the most important of these measures was that granting permission to the Atlantic Flour Mills Company to erect a steel and glass bridge twelve feet in width across Delaware avenue, between Green and Noble streets, to connect their property. This structure will extend to the wharf property of the company, and will be 200 feet in length. It is said that other manufacturing firms and corporations located along Delaware avenue propose to ask Councils to grant them similar concessions. The signature of the Mayor was also affixed to the ordinance directing the City Solicitor to take title to the premises Nos. 2712, 2714 and 2716 North Second street, 33d Ward, as a site for a large fire station. The plans for this structure have been drafted, and the erection of the structure will be prosecuted as soon as the money for the same is appropriated. Also to the ordinance authorizing the condemnation of a property at Eleventh and Venango streets in the same ward for a twenty-one division school house. The passage of these two bills through Councils is said to have been directed in order to repay the residents of the 33d Ward for locating the new Municipal Hospital in that section.

in your residence, regardless of its size or exposure. The Radiators are like so many iron hot water bags through which the hot water from the boiler in the cellar, constantly circulates, maintaining even in the coldest weather, a summer temperature in every part at the smallest possible cost for fuel.

As the man behind the gun establishes its efficiency while in action, the Boiler behind the Radiators, it right in every way, does the trick without an ounce of pressure and with only an average fire.

way and Railroad Committee and the Mayor have been asked to confer with the Lehigh Valley and Jersey Central Railroads, the Lehigh Valley Traction Company and the County Commissioners to ascertain what they will pay toward the erection of a bridge at Allentown to cost \$35,000.

—At Braddock, Allegheny county, Mr. Benjamin Braznell will erect a four-story store at Braddock avenue and Library street, as a continuation of the present Braznell Building.

—The Braddock National Bank will erect a bank building to cost about \$100,000. It will be Colonial in design and will be of Georgia marble, fine interior finish, handsome bank fixtures, etc.

—At Harrisburg, a charter has been granted the West Fairview & Harrisburg Bridge company for the construction of a bridge across the Susquehanna river from Maclay street, Harrisburg, to North street in West Fairview. It will be two miles long. Among those interested are Frank Martain, of West Fairview, J. W. Wetzel and Conrad Hambleton, of Carlisle, and others.

—At Reading, Berks county, the Highway Committee has approved the plans submitted by the United Traction Company for the proposed South approach to the Front street bridge. The plans for the abutments and superstruc-

tures which will be constructed by the Reading Railway Company have been approved by S. D. Missimer, Chief Engineer United Traction Company, 12 South Fifth street.

—At Allentown, Lehigh county, the deal for the sale of the farms of Robert E. Wright and his brother J. Marshall Wright near Allentown, as a site for the State Homoeopathic Insane Hospital has been closed and it is said that bids will soon be called for the erection of the buildings. The site now includes about two hundred acres and is located on a high hill between Allentown and Bethlehem.

—At West Chester, Chester county, the County Commissioners are about ready to ask for bids for the erection of a nurses' home at the Insane Hospital, near Embreeville, Pa. The plans may be seen at the Court House office of the Commissioners. The structure will be ample in size, three stories high and will contain a large central hall, parlors and dining room, kitchen, pantries, dormitories, bath rooms, etc. The plans were prepared by Edwin F. Bertolet, of Philadelphia. The cost will be \$10,000.

—At Allentown, Lehigh county, the congregation of St. Paul's German Lutheran Society will erect a church to cost \$40,000. It will be of brick and stone, slate roof, steam heat, stained glass windows, handsome church furniture and fixtures. Rev. G. A. Greiss, 143 South Eighth street is the pastor. —The Dubbs Memorial Reformed Church is ready for bids for a new edifice. C. E. Guth, 527 Liberty street can give information.

—At Lebanon, Lebanon county, it is stated that a trolley line will be constructed to Valley Glen Park from Annville and connect with the main line of the Lebanon Valley Street Car co. The cost of the line is estimated at about \$60,000. The line will be nearly seven miles long and will pass through Syner, Clear

Spring Mills and on through the beautiful scenery of Swatara Creek terminating at Valley Glen Park, where it is said a number of improvements will be made.

—At Clearfield, Clearfield county, the First M. E. congregation will erect a handsome new church from plans prepared by W. O. Weaver & Sons, of Harrisburg, Pa. It will be of native stone, slate roof, mosaic tile and marble work, plate and leaded glass, oak furniture, electric lights, and steam heat. The estimated cost is about \$50,000.—Mr. F. G. Harris will erect a brick dwelling to cost about \$5,000.—The Clearfield National Bank will remodel its bank building. A. R. Powell is the president.

—At Port Perry, Allegheny county, the Baltimore & Ohio Railroad Company has had plans prepared for a short line to be built through Southern Pennsylvania and contracts for its construction will soon be let. The new line will leave the present main line at Port Perry, passing through East Pittsburg and striking the route of the old Penn Road near Gratztown, Pa., and will rejoin the main line near Hancock, Mr., at which point a bridge will be built across the Potomac river. J. M. Graham, chief engineer, Baltimore Md.

—At Sunbury, Northumberland county, a meeting was recently held by the officers of the Odd Fellows' Orphanage at Snyderstown. Among those present were: W. H. Hallman, president; E. C. Wagner, of Girardville; Robert A. Davis, of Mount Carmel; A. Hilliard, of Watsonstown, and Dr. L. B. Wally, of Mifflintown. Acting on directions from the board of directors, plans have been drafted looking toward the raising of \$40,000 for the erection of a new home at the orphanage. The plans will be submitted to the various lodges of the State for action.

It provides for the construction of a boulevard from Atlantic Highland to Cape May. It also proposes that the boulevard or any part of it may be laid out, opened and improved by the Boards of Freeholders in the counties through which it extends at any time that two-thirds of the

municipalities along its route may petition for it.

At Princeton, the announcement has been made that plans are being formed for the erection of a new dormitory for the university. The building will be one of the finest on the campus and will be erected by subscription from the members of classes from 1892 to 1897. The following committee has been appointed: W. K. Prentice, H. G. Murray, W. A. Sexton, A. C. Imbrie, J. D. Kilpatrick, Robert Garrett, and J. H. Keener. The plans have been submitted to the Trustees on Grounds and Buildings and to Pres. Woodrow Wilson. The proposed structure will be Gothic in style similar to Blair and Little Halls. The new dormitory is the second to be planned for the university during the past year, the other being the gift of the class of 1879 in honor of its classmate. President Wilson. It is said that quite a number of buildings will be erected at the university in the near future.

The entire proposed outlay aggregates six millions of dollars. Of course, it goes without saying that this large sum of money cannot be spent in one year, but it is probable that a beginning will be made during the present year in carrying out this great enterprise. It also seems probable that the bill providing for a union steam railroad depot in this city will be enacted into a law at the present session of Congress. If that is done then a start will be made in an expenditure which it is estimated will reach ten millions of dollars.—The carrying out of the plan for the building of the structures at the Washington arsenal for the use of the War College also involves a large amount of money. Then the standardizing bureau is to have some funds for putting up additional buildings.—The House Committee has completed and introduced the omnibus public building bill which carries appropriations aggregating about \$6,000,000. The largest item

in the bill is that of one million dollars as an addition to the appropriation for the municipal building in the District of Columbia. The District will also get \$215,000 for an addition to the buildings of the bureau of engraving and printing, of which \$15,000 is for the site for the erection of new stables and a laundry. The new building is to be erected on the present site of the stable and laundry now owned by the Government. The next largest item in the bill is a half million dollars for the Federal building in San Francisco. Atlanta, Ga., will get \$200,000 for a site for a Federal building; Kansas City the same amount.

Architect Notes.

Joseph Huston, architect, Witherspoon Building, will complete plans and specifications and send same out to builders for estimates on or about March 1st, for an office building, to be built on East Fifth street, Chester, Pa., for District-Attorney Josiah Smith and W. I. Schaeffer. It will be two stories high, of brick and stone and will measure 52x125 feet. (Details previously noted.)

Ballinger & Perrot, architects and engineers, 1200 Chestnut street, have taken out a permit to erect a manufacturing building at the southeast corner of 13th and Hamilton streets. It will be six stories high and will measure 80x75 feet, and will be built of brick and slow burning construction. It will be equipped with two tower fire escapes, a passenger and freight elevator heated by steam and will have all the up-to-date appointments of a building of its kind. Duhring, Okie & Ziegler, architects, South Penn Square Building, have completed plans and specifications and sent same out to builders for estimates for a three-story rear addition of brick, to measure 50x40 feet, to the Shakespeare Building, 107-19 Chestnut street. (Details of this work fully described in these columns.) The following builders are bidding: Frank E. Wallace, Machin & Brown, W. R. Dougherty, Jacob Myers & Sons, D. A. McClelland, R. C. Ballinger & Co., W. W. Rea & Sons, J. N. Thompson and H. Marion Zane. Bids due February 28th.

H. L. Reinhold, Jr., architect, 430 Walnut street, is working on plans for an addition to the college at Beth Ayres, Pa. It will be three stories and basement high and will be built of stone with red tile roof and will measure 46x72 feet. It will have a handsome tower on the corner, 83 feet high. The basement will contain the steam heating plant. The first floor, gymnasium and class-rooms; the second floor will be the chapel, which will seat 480 people; the third floor, assembly hall, to seat the same number. It will be wired for electricity and will contain all up-to-date appointments. Will be ready for bids in about two weeks' time.

Rowland W. Boyle, architect, 1624 Chestnut street, will send plans and specifications out this week for the two-story and basement addition to St. Francis' School, at Twenty-fourth and Green streets. It will be built of stone with Indiana limestone trimmings and slate roof, and will measure 60x100 feet. The basement will contain gymnasium, locker room, shuffleboard, bowling alley and billiard room, four shower baths and toilet room. First floor will contain meeting room and class rooms. Second floor will contain class-rooms. It will have best open plumbing, tile work, heated by steam, wired for electricity and all up-to-date improvements.

Edgar V. Seeler, architect, and Roberts Com-

pany, engineers, Real Estate Building, have completed plans and specifications and sent same out to builders for estimates for the 11-story handsome fireproof office building, 60 x90 feet, to be built at Milk, Washington and Devonshire streets, Boston, Mass., for the Penn Mutual Life Insurance Company. (Details previously noted.) The following builders have been invited to bid: Wells Brothers Company, Doyle & Doak, George A. Fuller Company, and Thompson-Starrett Company, of this city, Norcross Brothers, Whidden Company, and L. P. Soule Company, of Boston, Mass. Bids due March 5th.

Milligan & Webber, architects, 520 Walnut street, have completed plans and specifications and sent same out to builders for estimates for a new plant to be built on a plot of ground, 450x400 feet, at Cheltenham avenue and Pennsylvania Railroad, Camden, N. J., for the Whitney Car Wheel Company. The plans provide for a wheel foundry structure, 40 feet high, measuring 176x98 feet; an engine and boiler house, 50x56 feet, with a steel stack 125 feet high; a machine and pattern shop, 50x85 feet; a chemical laboratory, 40x40 feet, and a one-story office building, 53x20 feet, all to be built of brick and slow burning construction. Bids due March 3d. H. B. Shoemaker & Co., Machin & Brown, Henderson & Co., and W. R. Dougherty are bidding.

A new town which will have a population of 1,500 will be built midway between Ferry Church and Swatara, Dauphin county, near Harrisburg, Pa., along the line of the Philadelphia & Reading Railroad, by Mr. H. Hershey, the Lancaster chocolate manufacturer. He will erect 150 modern dwellings, which will be two and three stories high. He has already begun work there on the erection of a new factory which will employ 600 men and which will supersede the plant now at Lancaster, Pa. It is his purpose in building the new town to form a modern dwelling community for his employees and their families. Mr. Hershey has planned an expenditure of \$1,000,000 to further his enterprise. A Lancaster architect is now engaged on the plans and specifications and builders will be invited to bid in a short while.

Carl P. Berger, architect, South Penn Square Building, will send plans and specifications out this week for a five-story warehouse to be built at 24 North Ninth street and alterations to 26 North Ninth and 904 Filbert street, for Carl F. Lauber. The new building will be built of brick and iron, the front ornamental cast-iron, the rear iron and metal frames, the floors will be constructed of wood and iron. The first floor of this building will be a store. The third, fourth and fifth floors and cellar will be storage and bottling departments. It will be equipped with elevator, heated by steam, wired for electricity, etc. The plans provide for the alterations as follows: A new dining-hall on

the second floor to measure 34x75 feet, new toilet-rooms, stairs, and enlarging of the kitchen. The wiring and steam heating for the new building is reserved.

Office of Elmer F. Jacobs, Morgantown, W. Va.—Residence for Gilpin South, Esq., Bald Hill, Pa., plans now in preparation, frame construction, siding and shingle exterior, 40x56 feet, two stories and finished attic, slate roof, steam heating, gas-electric lighting, oak, cherry steam pine trimmings, sanitary plumbing and white pine trappings, parquet floors, patent plaster and plastic relief work, tile floors, veneered doors, oak and white pine, boiler, clothes dryer, dynamo, electric plant, gas engine, refrigerator, slate roofing, wood columns and wood tanks. Estimated cost \$9,500.

School building for the Fourth Ward, Morgantown, W. Va., plans now in preparation, frame construction, press and common brick exterior walls, 58x75 feet, two stories, slate roofing, warm air heating, Georgia pine trim, gas-electric lighting. The contracts will include pressed, enameled and common brick, architectural iron, metal cornices, skylights, ventilators, metal lath, yellow pine, prismatic and wire glass, metal corner beads, veneered doors, tile floors, art glass, slate roofing and blackboards. Bids will be advertised for at a later date.—Double residence for W. L. Combs, Morgantown, W. Va., ready for bids February 23d; bids close March 7th. Frame construction, brick exterior, 42x60 feet, two stories and finished attic, slate roofing, steam heating, gas-electric lighting, oak and white pine trim. Estimated cost \$8,000. Contracts include pressed brick, common brick, metal lath, oak white pine, reversible windows, grilles, metal corner beads, veneered doors tile floors, art glass, hand power trunk lift, wood columns, wall ties, slate roofing and boilers.—Residence for Geo. W. Kephart, Esq., plans ready for bids. Frame, siding and shingles exterior, 40x40 feet, two stories and attic, slate roof, warm air heat, oak and Georgia pine trim, electric lighting, ready for bids February 20th, and bids close March 7th. Estimated cost \$4,000. Contracts will include art glass, metal corner beads veneered doors, white and yellow pine, dynamo, gas engine, slate roofing and wood columns. An independent water plant will be installed and the building plumbed throughout with the best sanitary work.—Warehouse for the H. C. Baker Hardware Co., Morgantown, W. Va., now ready for bids. Who Invented the Steam Engine?

The Marquis of Worcester, while imprisoned in the Tower of London in 1656, invented and constructed a perfect steam engine and had it publicly exhibited the same year at Vauxhall in successful operation. Thirty-four years later, in 1690, Dennis Papin added the piston to the marquis' discovery. In 1698 Captain Savary devised and built a steam engine different in many details from those made by Worcester and Papin, and in 1705 Newcomb, Cawley and Savary constructed their celebrated atmospheric engine, which was complete in every detail.

The above array of historical facts notwithstanding, James Watt, who was not born until sixty years after these great men had given the steam engine to the world, enjoys the distinction of being the veritable inventor, originator and author of the most useful contrivance of the present day.

Fulton, who lived and worked in the early part of the century, is given the credit of being the man who demonstrated that steam could be applied to navigation; this, too, in face of the well-known historical fact that De Gary propelled a vessel by steam in the harbor of Barcelona in 1543.—Exchange.

Architect Notes

Walter Smedley, architect, Stephen Girard Building, is working on plans for four one-story brick and iron stores to measure 20x60 feet each, to be built at the foot of St. Charles place, Atlantic City, for Newlin Haines, proprietor of the St. Charles Hotel, that city.

D. K. Boyd, architect, Harrison Building, has been commissioned to prepare preliminary plans for a theatre or opera house to be built at Wayne, Pa. Two propositions have been considered, one for an opera house with stores about 120 feet square and the other for a lyceum and theatre 75x100 feet.

The time for deciding the architectural competition for the new building for the Bucks County Historical Society at Doylestown, Pa., has been extended to April 1st. The architects who have submitted plans for the work

are: H. L. Reinhold, Jr., Savary & Scheetz, Dull and Coates and Schermerhorn & Phillips.

Isaac Pursel, architect, 119 South Fourth street, is working on plans and specifications for a handsome new edifice to be built at Olney, Pa., for the First Presbyterian congregation, of that place. It will be a one-story church and Sunday-school building and will be built of stone with slate roof. It will be heated by steam, wired for electricity and will have the usual church furnishings. Plans will be ready for bids in about two weeks.

Horace Trumbauer, architect, Land Title Building, has completed plans and specifications and sent same out to builders for estimates for a new residence to be built at Overbrook and Lancaster Pike, Overbrook Pa., for Mrs. Mary A. Hoar. It will be three stories high, 40x60 feet, and will be built of stone with all the latest and most modern improvements. Bids due February 27th. The following builders are bidding: H. Marion Zane, H. B. Shoemaker Company, D. W. Sperry, Jacob Myers' Sons, F. T. Maguire, of this city, and Milton W. Young, of Overbrook, Pa.

Building and Real Estate Notes.

Thomas Seeds, Jr., builder, 1216 Race street, will repair the damage caused by the fire recently at 1023-5-7 Race street. The work will cost about \$20,000.

Henderson & Co., Limited, Heed Building, builders, have been awarded the contract to build the Municipal Hospital on the Macalester farm site in the Thirtieth Ward. Their price was \$143,200.

Doyle & Doak, Stacey Reeves & Sons, and William Steel & Sons have posted plans for a four-story manufacturing building to be built at 212-14-16 Dock street, for C. M. Moody and H. M. Sproson. It will be built of brick and slow burning construction.

J. D. Lingle, builder, of Wayne, Pa., has been awarded the contract to build the new residence at Wayne, Pa., for Mr. Chas. S. Walton. (Details previously noted.) Plans and specification by D. K. Boyd, architect, Harrison Building, this city. Work will proceed at once.

Thomas M. Seeds, Jr., & W. J. Gruehler, George Roth, Alex. Caire, Mr. Camburn builders, have plans posted for alterations to the residence of Colonel Samuel Goodman, at Chestnut Hill. Bids due in Architect Arthur Brockie's office, 328 Chestnut street, on February 27th.

J. B. Thompson, builder, 1627 Ludlow street, has been awarded the contract for alterations and additions to the residence of J. E. Faunce, at 4037 Pine street. (Details previously noted.) Work will cost about \$7,500. Plans and specifications by Newman & Harris, architects, Real Estate Building.

Stewart Construction Company, builders, have been awarded the contract to make alterations and build additions to the Black Diamond File Works, at Frankford avenue and Richmond street. Details previously noted. Plans and specifications by Ballinger & Perrott, architects and engineers, 1200 Chestnut street.

Director Haddock announced that 4 contracts

for filter work have been awarded to D. J. McNichol. Over \$2,000,000 is involved in the contracts which provide for supplying sand and underdrains for the Torresdale and Belmont plants, building a foundation and superstructure for the lower Roxborough preliminary filter and distribution pipe to extend from Ladders' Point.

John R. Wiggins, Chas. McCaul, J. E. and A. L. Pennock and C. G. Macey, builders, have filed their bids with Otto Wolf, architect, of 1025 Arch street, for the three-story addition 32x77 feet to the John Roehm branch of the Consumers' Brewing Company, on the east side of Fourth street below Poplar. The addition will be built of brick and slow burning construction.

Charles Budd, builder, with an office at 1821 Spring Garden street, will erect 7 handsome three-story and attic dwellings at Forty-sixth and Cedar avenue. They will be built of brick and stone with porch fronts, the interior will be in hardwood finish, and they will contain every appointment and convenience. Mr. Budd is now receiving estimates for the erection of the above houses.

Builders H. Marion Zane, of this city; Frank A. Souder, Daniel Knauer and C. F. Thompson, of Atlantic City, have filed bids with Chas. Barton Keen, architect, 1604 Chestnut street for the alteration and addition to the residence of I. A. Weigard, Esq., at Atlantic City. According to revised plans prepared by him they provide for a two-story addition and general interior improvements.

Trust Company Building, Wayne, Pa., Messing & Stocklen, builders, 319 South Juniper street, have been awarded the contract to make alterations to the properties 233-35 South Camac street for the Philadelphia Sketch Club. Plans provide for the re-arrangement of the interiors for club purposes. Plans and specifications by John J. Dull, architect, 1137 Walnut street.

Kendrick & Roberts, builders, Keith Building, have plans posted for a one-story mill building to be built at McKees Rocks, Pa., for C. T. Schoen & Co. It will be constructed of brick and steel with truss roof, slag covered. Bids due February 28th. Plans by Cromwell Engineering Co., Cleveland, O.—Also bidding on new residence to be built at Newtown, Pa., for Mr. Barnesby. (Details previously noted.) Bids due February 26th. Plans by H. L. Reinhold, Jr., architect, 430 Walnut street.

The executive council of the Philadelphia Board of Trade thinks that \$200,000 is enough for the expenses of the State of Pennsylvania at the St. Louis Exposition and at a meeting held recently it was decided that the appropriation of that amount should be recommended. The Legislature of the State of Pennsylvania and Governor Pennypacker do not agree with the Philadelphia economists. The concurrent resolution which originated in the Senate and was passed by both Houses and signed by the Governor last week carries an appropriation of \$300,000, and that amount will be expended by the commission to fittingly represent this State at the great western world's show.

Angus S. Wade Company, builders, 1501 Sansom street, have plans posted for a twin store building to be built at Wayne, Pa., for Mr. A. Talone. It will be three stories high and will be built of brick with slate roof and will measure 32x53 feet. It will have hardwood finish and all up-to-date improvements. Bids due February 27th. Plans and specifications by Francis A. Gugert, architect, Wayne Tile Cramp & Co., builders, 1421 Filbert street, have been awarded the contract to build the addition to the West End Trust Company building at 1404 South Penn Square. This addition is to be the same height as the original building and to conform in that style of architecture. It will measure 20x59 feet, and will cost \$150,000. Plans and specifications by Furness, Evans & Co., architects, 401 Chestnut street.

Holt & Shober, engineers, Bourse Building, have awarded the contract to erect the warehouse for the Union Ice Manufacturing and Cold Storage Company, at 406-410 South Second street, to Chas. L. Turner, who has an office on the grounds. It will be four stories high, of brick and stone and will measure 200x78 feet and is estimated to cost \$75,000. Plans and specifications prepared by them. Work will start at once.

Councils Survey Committee has reported ordinances for two much needed bridges at railroad crossings. One provides for a bridge over the Germantown and Norristown branch of the Reading Road, on the line of Seventeenth street, for which \$70,000 is available. The other is to carry Allegheny avenue under the connecting railroad near Ninth street, at a cost of \$180,000. When this bridge is complete Allegheny avenue will be opened to travel from Richmond street to Ridge Avenue.

Kendrick & Roberts, builders, Keith Building, have plans posted for a new dormitory building to be built on the grounds of the Princeton College, at Princeton, N. J. It will be three stories high and will have an ornamental front of stone and will measure 115x46 feet. Bids due February 25th. Plans by Harry Hill, architect, of Trenton, N. J.—Also plans posted for the Memorial Church of Thomas Sinnott, to be built at Wenonah, N. J. It is a one-story structure of stone. Bids due February 26th. Plans by Isaac Pursell, architect, 119 South Fourth street, Philadelphia.

W. R. Dougherty and Kendrick & Roberts, builders, have revised plans posted for the new edifice to be built at Germantown avenue and Dauphin street for the Fifth Moravian congregation. It will be one story and basement high, 44x53 feet and will be built of stone with slate roof. The basement will contain main Sunday-school room and classrooms. The first floor will contain audience room, class-room, etc. It will be wired for electricity, heated by steam, and will have the usual church furnishings. Bids due February 27th. Plans and specifications by A. A. Ritcher, architect, Lebanon, Pa.

It is reported that efforts have been made on behalf of the Pennsylvania Railroad to secure the property of the Allison Car Manufacturing Company at Thirty-second and Walnut streets, but so far without success. This property, which covers a considerable area adjacent to the Baltimore Central and Philadelphia, Baltimore & Washington tracks, would be an important adjunct to the Pennsylvania Railroad, as the ground could be used for additional yard facilities, which the company is badly in need of, in that portion of the city. The building of the elevated freight line across the city would also be materially facilitated, as the location of the piers is practically on the border line of this property.

Chas. Gilpin, builder, northeast corner of 15th and Chestnut streets, has plans posted for a gardener's cottage, to be built at Rossmont, Pa., for Mr. Geo. H. McFadden. It will

be three stories high, of clapboard and shingle and will measure 33x45 feet. Bids due March 2d. Plans by T. Mitchell Hastings, architect, 328 Chestnut street.—The same office is requesting sub-bids on the dormitory building to be erected at Princeton, N. J., for the Princeton College. Bids due February 28th. Robert Tarlow & Sons, builders, 413 South 5th street, have been awarded the contract to make extensive interior alterations to the store of W. H. Steigerwalt, at 1004 Chestnut street, at a cost of \$6,000. Plans and specifications by Harry L. Reinhold, Jr., architect, 430 Walnut street.

Through Pennsylvania

—At Greenville, Mercer county, G. F. Aldenderfer has made plans for remodeling the store building of P. J. McFarland.

—At Perkasia, Bucks county, the proposition to borrow \$8,000 for public improvements was carried at the recent election.

—At Fredericksburg, Lebanon county, a large canning factory will be erected. \$12,000 has been subscribed for the purpose.

—At Scranton, Lackawanna county, the lowest bid for the erection of the new high school was sent in by M. J. Ruddy. His bid was \$89,950.

—At Stroudsburg, Monroe county, the Monroe County Water, Power and Supply Company has been granted a charter. The capital is \$10,000.

—At West Chester, Mr. P. M. Sharpless has under consideration the erection of about forty dwellings, on which work will begin early in the spring.

—At New Castle, Lawrence county, it is said that work will soon begin on the erection of large furnaces for the United States Steel Corporation.

—At Washington, Washington county, the Citizens' Water Company will make extensive improvements to its plant at an estimated cost of about \$10,000.

—At Masontown, Fayette county, the Sterling Brewing Company, recently organized, will erect a brewery. J. V. Knott, of Homestead, Pa., is said to be preparing the plans.

—At Sharon, Mercer county, the county commissioners have under consideration the construction of a bridge across the Shenandoah river from Dock to Main streets.

—At Tamaqua, Schuylkill county, it is said that a new school house will be erected for which bids will be received until March 2d. A. L. Oliver is secretary of the school board.

—At Hazleton, Luzerne county, at the recent election it was decided to increase the indebtedness of the school district to the extent of \$50,000 for the purpose of erecting a new school building.

—At Spring City, Chester county, the Montgomery & Chester Electric Railway Co., and the Schuylkill Valley Illuminating Co., will make extensive improvements at a cost of about \$120,000.

—At Crafton, Allegheny county, the congregation of St. Philip's Church will soon erect a new edifice to cost about \$75,000. The plans are being revised by the architect, W. P. Ginther, of Akron, O.

—At Erie, Erie county, it is stated that contracts will be let in a short time for 2860 feet of 30-inch, 1750 feet of 27-inch and 1826 feet of 20-inch tile sewers. Separate bids will be received on each section.

—At Lebanon, Lebanon county, it is said that plans have been prepared for a new dormitory for the Cumberland University. It will be three stories high, of brick, well finished throughout and will cost about \$20,000.

—At Homestead, Allegheny county, Mr. James Welch will erect a dwelling at Thirtieth and Martha streets, Homestead, from plans prepared by A. Vernon, Beedle Block, Homestead. The cost will be about \$4,000.

—At West Fairview, Cumberland county,

the Enola Illuminating Gas Company has been incorporated with a capital of \$10,000 to furnish gas to West Fairview. Those interested are Frank P. Snodgrass, George Nauman and others.

—At Sharon, Mercer county, the commissioners of Mercer county have decided to remodel the jail. The old cells will be replaced by new ones and a new roof will be put on; other changes will be made at a cost of several thousand dollars.

—At Lancaster, Lancaster county, the Lancaster & Rocky Springs Railway Company has agreed to the ordinance passed by council and will erect an extra 450 horse-power rotary converter station for the Park line and will also construct a bridge over Conestoga creek.

—At Butler, Butler county, the Methodist Episcopal congregation will soon break ground for a new church to cost about \$35,000. It will occupy the site of the present structure at McKean and North streets. J. C. Fulton, of Uniontown, Pa., has prepared the plans.

—At Altoona, Blair county, it is stated that a bridge will be constructed on the Pennsylvania Railroad main line between 16th and 17th streets, to be 87 feet span, to carry two street railway tracks. A. C. Shand, superintendent, Altoona Division, P. R. R., is in charge of the work.

—At Harboro, Montgomery county, work will begin in a short time on a building, 32x45 feet, and two stories high, to be used as an engine and boiler room and laundry. It will be situated about one hundred and fifty feet from the main building and will be connected with it by a greenhouse.

—At Kittanning, Armstrong county, the Kittanning & Mosgrove Street Railway Company has been organized with a capital of \$18,000, and will construct a line three miles long, from Wickbore to Mosgrove by way of Hay's run. Those interested are Frank A. Maesta, James McCullough, Jr., and others.

—At Meadville, Crawford county, the Meadville Theological Seminary will be enlarged by the erection of an addition. The plans have been prepared by Edward J. Lewis, No. 9 Park street, Boston, Mass. The cost will be about \$35,000. W. W. Sackett, secretary, First National Bank Building, Meadville, Pa., can give information.

—At New Castle, Lawrence county, the New Castle Trades & Labor Assembly has under consideration the erection of a temple to cost about \$40,000. It will be three stories high, of brick. There will be a public library on the first floor, lodge rooms on the second floor and a large auditorium on the third floor with a seating capacity of about two thousand.

—At Charleroi a new theatre will be erected at Sixth Street and McKean avenue by a stock company known as the Charleroi Amusement Company of which John K. Tener, C. F. Thomas, Captain G. H. Thomas and G. L. Crouch are members. The proposed building will be finely finished and provided with all modern facilities and appointments of a first-class theatre.

—At Allentown, the directors of the Allentown & Reading Traction Co. have decided to make improvements, including the double-tracking of the line from Dorney's Park to Allentown, a distance of several miles, the addition of a new engine and generator to the power plant at Kutztown, and the enlargement of the storage battery facilities at the Blandon station.

—At Marysville, Perry county, council has granted franchises to the Perry County Electric Railway Company, and a line will be constructed between Marysville and Duncannon.

—At Erie, Erie county, a new school building will be erected at Tenth and Cascade streets. It will be of brick and stone, fine interior finish. It will contain twelve rooms and the cost will be about \$50,000. The plans have not yet been prepared.

in your residence, regardless of its size or exposure. The Radiators are like so many iron hot water bags through which the hot water from the boiler in the cellar, constantly circulates, maintaining even in the coldest weather, a summer temperature in every part at the smallest possible cost for fuel.

As the man behind the gun, establishes its efficiency while in action, the Boiler behind the Radiators, if right in every way, does the trick without an ounce of pressure and with only an average fire.

—At West Fairview, Cumberland county, a charter has been granted the Enola Water Company, of West Fairview, with a capital of \$10,000. Frank Martin, of West Fairview; Arthur R. Cuple and Caleb S. Brinton, of Carlisle, are interested. The Riverside Water Company, of West Fairview, has also been organized. The capital is \$10,000. George K. Billinger, Edwin K. McConkey and others of York, Pa., are the incorporators.

—At New Brighton, Beaver county, J. A. Bradshaw has been awarded the contract for the erection of the Beaver Valley Hospital at New Brighton. The cost will be about \$35,000. The plans have been prepared by C. C. & A. L. Thayer, of New Castle, Pa.

—At Bradford, McKean county, it is stated that the school board is considering the question of the erection of a new school building in the Sixth Ward. The estimated cost is about \$25,000.

—At McKees Rocks, Allegheny county, it is stated that the Pittsburg & Lake Erie Railroad Co., of which J. A. Atwood, Pittsburg, Pa., is chief engineer, has asked bids for extensive improvements at McKees Rocks and Youngstown, O., to cost \$75,000. Two large shops are to be added to the McKees Rocks layout at a cost of \$60,000. There will be also a concrete bridge at Youngstown to enable the company to cross a number of industrial plants which will cost about \$15,000.

—At Allegheny, Allegheny county, the committee which was appointed some time since by Recorder J. O. Brown, to find some means of relief for the congestion of the down-town district, has recommended that a tunnel line be constructed to the East End. The estimated cost of such an improvement is about \$6,000,000. The plan proposed provides also for a down-town terminal at Try street. The committee consists of H. C. Frick, Col. A. J. Logan and R. B. Mellon. Two years would be required to complete the work.

—At Perkins, Bucks county, ground will be broken on March 1st for the church and parsonage to be erected for St. Stephen's congregation. The church will be of granite with trimmings of Indiana limestone. The basement will have a ladies' parlor, kitchen, dining room and toilet room. The auditorium and Sunday-school room will have a seating capacity of one thousand; steam heat, electric lights and all modern conveniences will be provided. The cost will be about \$25,000. Rev. Elmer S. Noll is the pastor. The parsonage will harmonize with the church in design.

—At New Castle, Lawrence county, plans have been perfected for the erection of a large new furnace for the United States Steel Corporation. Work has begun on the foundations for the proposed furnace on a site adjoining the other four furnaces owned by the company. The new furnace will be of six hundred ton capacity and will be under the management of John Reis, of New Castle, who has charge of the Sharon and New Castle plants of the company. Work has been stopped on the new \$1,500,000 tube mill at South Sharon, under the management of Mr. Reis, and it is said that orders have been issued to remove the mill to another location possibly to New Castle, Pa., where the company is centralizing many of its plants.

—At Pittsburg official announcement has been made that the Jones & Laughlin Steel Company will enter the steel rail trade and will erect an immense plant to cost about \$2,000,000. The company will also increase its facilities for finishing products by erecting large structural mills at a cost of about \$1,000,000.—The G. M. Schofield Company, of Pittsburg, is the lowest bidder for the contract to finish the dry dock at League Island Navy Yard, Philadelphia. The bid sent in by the company was \$1,143,000 with an agreement to finish the work in two years.—It is stated that the Pittsburg, Shawmont & Northern Railroad

Company will increase its capital from \$12,000,000 to \$15,000,000 for the purpose of a number of improvements, including a line from Macedon to Wayland, also a branch line to Lake Ontario. M. F. Bonzano, of Olean, N. Y., is chief engineer.

—At Erie, Erie county, the Old Ladies' Home will be enlarged by the erection of an addition to cost about \$15,000. The plans for these improvements have been prepared by Architect Charles Paxton Cody, of Erie.

The contract has been awarded to Cumison Bros., of Erie.—The same builders have been awarded the contract for a brick addition to the store of Henry Sevin.

—At Altoona, Blair county, should the present Legislature grant the appropriation of \$55,000 asked for, an addition will be erected to the Altoona Hospital. Plans for such an addition have already been drawn and provide for a wing to be erected in the rear of the main building. It will be 52x82 feet, and as nearly fire-proof as possible. Double operating rooms, sterilizing room, etherizing room, doctor's dressing room, cupboards, closets, etc., will occupy the first floor. There will be, in other parts of the structure, the gynecological ward, eighteen private rooms and dormitories for those connected with the hospital. The addition will be connected with the main building by a covered passage way. A number of bids have already been handed to the trustees, but have not been opened, pending the action of the Legislature. The estimated cost of such an addition is about \$20,000.

—At Wayne, Delaware county, Wendell & Smith have bought sixty acres of ground in Easttown township from Brinckley Haley, of East Bradford. The ground includes only a part of Mr. Haley's farm. The same firm has bought other farms adjoining the sixty acres mentioned above. It is said to be the intention of Wendell & Smith to subdivide all the ground purchased into fine large building sites and to improve them by the erection of a number of handsome suburban homes similar to those erected at Wayne and St. David's.—It is expected that there will be extensive building operations along the line from Daylesford on the Pennsylvania Railroad to Newtown Square, as it is thought the P. R. R. will extend the Newtown Square road to Daylesford. The distance which is about six miles has been surveyed. This extension will open up a fine section for handsome dwellings.

—At McKeesport, Allegheny county, Mr. N. Levy will erect a three-story brick store and apartment house at Third avenue and Market street from plans prepared by H. J. Lindemann, of McKeesport. It will be well finished throughout and provided with all modern conveniences. The same architect has prepared plans for a three-story brick store and flat to be erected on Market street for B. G. Reiter.

—Also plans for a building to be erected at Jerome and Locust streets for banking and office purposes. It will be well equipped for the purpose intended. Architect H. J. Lohman has prepared plans for a four-story building to be erected on Locust street for Mr. W. C. Soles. Vandervort, First National Bank Building, has made plans for five brick dwellings to be erected at Dellevue for John Richey. They will cost \$3,000 each.—The G. A. R. association has taken under consideration the erection of a fine memorial hall to cost about \$60,000. The plans have been prepared by Architect T. D. Evans, Lewis Building, Pittsburg. Bids are being received by Samuel H. Cass, Times Building, Pittsburg, for the three-story brick apartment house to be erected on Rebecca street, Allegheny, for S. S. Robertson, Frick Building, Pittsburg.—The Central Presbyterian congregation will erect a new church at Sandusky and North Diamond streets. The Rev. J. Allison is the pastor. Plans for such a structure have been prepared by Allison & Topp, Westinghouse Building, Pittsburg, and call for a structure with fine interior finish, church furniture and fixtures, etc.

—At Derry Church, Dauphin county, it is stated that a new town will be established midway between Derry and Swatara by Mr. M. H. Hershey, of Lancaster, Pa., the chocolate manufacturer. It will be along the line of the Philadelphia & Reading Railroad. All the ground bordering on Spring Creek from its source to its mouth where it empties into Swatara creek has been bought by Mr. Hershey from Samuel Peters, Joseph L. Gingrich, David Swartz, Abraham Goble, John Curry, Jacob Ketring, Isaac Gingrich, John Longnecker and others. About \$200,000 was paid for the land. Marble quarries are nearby from which stone will be procured for the foundations of about one hundred and fifty houses which will be erected, also a power house. The town will be laid out with grass plots and pleasure parks, with stone walks, fountains, etc. Work has already begun on the erection of a large factory for the manufacture of chocolate. Mr. Hershey will have a handsome dwelling erected for himself. It will be one of the finest dwellings between Philadelphia and Harrisburg. Mr. Hershey has a factory at Lancaster also one in Philadelphia. It is said the general plans include a trolley line to be constructed between Derry Church and Lancaster, Pa. The location of the town is about twelve miles from Harrisburg. About \$1,000,000 will be expended on these improvements.

—At Harrisburg, Representative Hutt, of Philadelphia, has introduced a bill in the Legislature to appropriate \$500,000 for the erection of two sanatoria for consumptives, one to be erected in the northeastern part of the Pocono region and the other in Franklin county or the Montalto region. The governor is authorized to appoint a committee of five to be known as the Pennsylvania State Tuberculosis Committee. The committee will be empowered to select the sites, determine the manner of arrangements, construction and equipment of the buildings and the officering and administering of the institutions. The institutions shall be so constructed so as to accommodate twenty-five hundred patients each.—The properties 266-208 and 210 Locust street near Court avenue, have been bought by Mr. Harry Hursh, the manager of the Grand Opera House and it is said to be the intention of the new owner to erect a fine theatre on the site. It is also stated that J. B. McElfatrick & Son and Fuller Chaffin, of New York City, are preparing the plans. The seating capacity will be about fourteen hundred—six hundred on the first floor, with two galleries seating four hundred each. There will be also eight boxes, seating forty-eight persons. The stage will be large and thoroughly equipped. The interior will be finely finished, electric lights, modern system of heating and ventilating, handsome furniture and all modern improvements. This new theatre will give Harrisburg three well equipped theatres of the first-class, including the new

The plans which were recently on exhibition at the Architectural Club, in New York, of the cathedral, if constructed according to the model, will be the most magnificent structure in the world. The proposition is to erect on Fifth avenue, in the neighborhood of Seventy-sixth street, a cathedral that will outdo St. Peter's of Rome, both in size and beauty, an edifice that will be a wonder of the world. Ever since the Roman Church began its work in this country it has been the dream of ecclesiastics to build a structure of this sort, something that would be a visible realization of Catholic devotion. It has remained for a Canadian priest to unfold the project, Canon Bouillon, of Ottawa, has just finished eight years' work on the project. Part of the time he lived in Rome studying the architecture of St. Peter's, and being a skilled draughtsman himself, he has been able, with the assistance of the best artists in Italy, to plan a temple that will be superior in many ways, to the famous "Monument of Thirty Popes." The structure will, it is estimated, cost \$25,000,000, and will require twenty years to build. The plans are being photographed for distribution far and wide. It is proposed first to canvass the church for opinions on the subject, and if the movement appears popular, to open subscriptions and urge every member of the Catholic Church in the New World to contribute.—Exchange.

At New York City, the Jauncey Company, W. K. Aston, 41 Wall street, will erect an eight-story office building at the southeast corner of Wall and Water streets. Clinton & Russell, 22 Nassau street, will prepare the plans.

The same architects are preparing plans for a fifteen-story office building to be erected on the triangular piece of ground at Beaver,

Wall and Pearl streets, for the Century Realty Company and Wm. F. Havemeyer. The general contract has been awarded to the Remington Construction Company, 115 Broadway.—

The same contractors have the contract for the erection of a building at the southeast corner of Fifth avenue and Sixtieth street. The ground floor will be erected by the Van Norden Trust Company and the other floors will be fitted up for apartment purposes. The plans for this structure have been prepared by Henry J. Hardenbergh, 10 West Twenty-third street.—Neville & Bagge, 217 West 125th street, have prepared plans for a six-story apartment house on 121st street, for the Brogan Construction Company, 97th street and Amsterdam avenue.—The M. McCormack Construction Company will erect a six-story apartment house at the northwest corner of 125th street and St. Nicholas avenue. The plans will probably be prepared by Neville & Bagge.—William H. Blumenthal, 396 Broadway, has prepared plans for an eleven-story fireproof warehouse, 229x117 feet, to be erected by the Varick Realty Company, Mills Building, Wall street. The structure will eventually cover the entire block now occupied by the United States appraisers' stores.—The new Hall of Records, instead of being finished off with cement as intended, will be finished with marble as originally intended by the architect, John A. Thomas. This change will cost \$250,000.

It has been stated by Joseph U. Crawford, engineer of the branch lines of the Pennsylvania Railroad, that a bridge will be built across the East river at Hell Gate. The estimated cost will be over \$8,000,000, and the length of the bridge, including approaches, will be 2 miles, the center span to be 840 feet long. The bridge is to be 135 feet above the water, and is to extend from Port Morris, Harlem, to Randall's Island, thence, where the Pennsylvania lines will be connected with the New York, New Hampshire & Hartford Railroad. W. H. Brown, chief engineer, Philadelphia, Pa.—Plans have been filed for the erection of a nine-story brick hotel at 153 West 47th street, for Mr. R. Brown. The estimated cost is \$175,000. The plans have been prepared by G. F. Pelham, 503 Fifth avenue.—Jacob R. Cantor, president of the borough of Manhattan, will receive bids until March 2d for furnishing material and for repairing the Ludlow street jail.—Bids will be received until March 2d by John W. Brannan, president of the board of trustees, Bellevue and Allied Hospitals, for repairs and alterations to the plumbing system of the main building of Bellevue Hospital.

Architect Notes.

Charles Burns, architect, 717 Walnut street, has completed plans and specifications and sent same out for estimates for the new parish house for the Protestant Episcopal Church of the Saviour, to be built at 38th and Chestnut streets. It will be stone, three stories high, and will have the usual appointments. Bids due March 7th. The following builders are bidding: Geo. L. Sipps Co., Doyle & Doak, A. H. Williams & Sons, A. Raymond Raff and A. Whitehead.

Arthur H. Brockie, architect, 328 Chestnut street, has completed revised plans and specifications and sent same out for new residence for John C. Harris, to be built on Chestnut avenue, Chestnut Hill, Phila. It will be two stories and attic high and will be built of brick and will contain all up-to-date improvements. The following builders are bidding: W. R. Dougherty, Appleton & Burrell, W. J. Grubler, Thos. Little & Sons, Geo. Roth and John Owens. Bids due March 12th.

M. H. Dickenson, 3d, architect, Real Estate Building, is working on preliminary plans for four houses; one to be built in New Jersey, two in West Philadelphia, and one in Lansdowne, Pa. They will be two and three stories high and will be built of brick and will contain eight and ten rooms each, and will measure 30x40 feet, with all up-to-date improvements. The house at Lansdowne will be three stories high and will be built of stone and will measure 40x50 feet, and will have a tile roof. It will have a porch all the way around. It will have hardwood on the interior with two tile baths and all the up-to-date appointments. This house will cost about \$18,000.

Caldwell & Simon, architects, 1229 Walnut street, have completed plans and specifications and sent same out to builders for estimates, alterations and additions to the residence of Julius Kellar, at 2116 Venango street, Tioga. Plans provide for the building of a new third story of stone, a rear addition, also of stone, and to be two stories high, and general interior improvements. Bids due March 9th. The following builders are bidding: W. R. Dougherty, Thomas Little & Sons, A. S. Wade & Co., and Thomas M. Seeds, Jr.

Carl P. Berger, architect, South Penn Square Building, is at work on plans and specifications for a store and dwelling to be built at 138 North Ninth street, Allentown, Pa., for Mr. Chas. W. Merz. It will be three stories and attic high and will measure 20 feet 6 in x 83 feet. It will be built of light faced brick, with stone front. It will have hardwood on the interior, with tile work, electric work, and hot-water heating. On the first floor will be a store 15x40 feet and will have all up-to-date appointments. Local builders will be asked to bid.

Horace Trumbauer, architect, Land Title Building, has completed plans and specifications

and sent same out to builders for estimates for the handsome new residence to be built at Sixty-second street and Fifth avenue, New York, for John R. Dregel. It will be five stories high, of stone and brick. (Details previously noted.) Bids due March 7th. The following builders are bidding J. E. & A. L. Pennock, of this city; J. P. Brady Co., T. J. Riley and Jacoby & Young, of New York.

The same office has sent out plans and specifications to Herman Voigt, H. Marion Zane, John W. Gill, B. Ketcham & Sons for the proposed new double deck pavilion, 378 feet long, a grand stand and new hotel and improvements to Washington Park at Twenty-sixth and Allegheny avenue for Martin Ulrich. Bids due March 6th.

Rowland W. Boyle, architect, 1626 Chestnut street, has been commissioned by the Little Sisters of the Poor to prepare plans for a new home and convent at 53d and Chester avenue, this city. The size of the lot is 450x450.

This home will be one of the largest and most complete of any of its kind in the United States. We will be able to give more details later.—The same architect has completed plans and specifications and sent same out to builders for estimates for the two-story and basement addition to the St. Francis' R. C. school, at Twenty-fourth and Green streets. It will be built of stone, with Indiana limestone trimmings and will have a slate roof and will measure 60x100 feet. (Details fully noted in one of our previous issues.) Bids due March 10th. Wm. McShane, John McShane and P. Hurley are bidding.

Guy King, architect, 431 Walnut street, has completed plans and is now taking estimates on the improvements to the banking house of Clarence Jones & Co., at 110 South 4th street, this city. Plans provide for general interior improvements. Also taking bids on a Sunday-school and parish house for the Briarcliff Church, at Briarcliff Manor, N. Y. It will be two stories high, of stone with slate roof, and will measure 73x42 feet. It will be heated by steam, wired for electricity and will have all the appointments of a building of its kind. Also invited bids from builders for a new dwelling for Mr. W. W. Law, at Briarcliff Manor, N. Y. It will be three stories high, of stone and frame with shingle roof. It will have hardwood finish, heated by hot water and will contain all up-to-date improvements. He is also taking estimates on an extension to the Briarcliff Lodge, at Briarcliff, N. Y. It will be built of stone and frame and will measure 40x100 feet, and will contain new kitchen, tile baths, etc.

Chas. J. Brooke, architect, 14 South Broad street, is engaged on the working drawings for the alteration and addition to the Island Heights Yacht Club, at Island Heights, N. J. Plans provide for a two-story addition, measuring 41x40 feet, to be built of frame and

shingle, to the present clubhouse. The first floor will contain shuffleboard, billiard and pool-room, with two large open stairways; second floor, a large assembly-room to seat 400 people, board-room, etc. On the second floor will be a balcony all around the clubhouse with an inclosed porch on the first floor. There will also be general interior improvements made to the present clubhouse.

The same architect will be ready, in about one week's time, for estimates for the new residence for Mr. Shopshire, to be erected at the corner of Berdran and Sharon avenues, Collinsdale, Pa. It will be two-and-a-half stories high, 30x40 feet and will be built of frame and stone. It will have a porch on front and will contain all up-to-date improvements.

The Board of Education, on Tuesday last, accepted the architect's plans for the new manual training school to be erected at Lehigh avenue and Eighth street. The funds available for the purpose amount to about \$200,000. This will enable the board to erect the largest and best equipped manual training school in any country. Will be advertised for bids on March 6th. Bids due in Horace Cook's office March 17th. The building, which will be constructed of Port Deposit granite, will be three stories in height, with an ornamental slate roof, and will have a tower 106 feet in height. The structure will set back 75 feet from the curb line on Lehigh avenue, upon which front the main entrance will be located, although there will also be entrances on both the east and west sides of the building. In the rear of the latter will be a play ground, 100 feet long and 300 feet in depth. On the first floor will be located the president's and secretary's rooms, library, exhibition, two classrooms, physical laboratory, large lecture-room, two apartments for the manual training departments, and an auditorium with a seating capacity of between 600 and 800. On the second floor there will be five classrooms, chemical laboratory, lecture room, two rooms for manual training department, and the gallery of the auditorium. The upper floor will contain two large drawing-rooms, five classrooms, laboratory, large lecture rooms, and two manual training rooms. In the basement will be the coal, lunch, engine and boiler rooms, and a considerable space in which to locate forges. Toilet facilities will be provided on each floor, with tower fire-escapes on the east and west sides of the building. The front of the structure will be ornamental in character, and at the main entrance there will be a double stairway, each five feet in width. There will also be stairways at each of the rear corners of the school. The entire building will be provided with all of the latest improvements in school architecture for the accommodation of the pupils, of whom upwards of 1,000 can be accommodated, and will be heated and ventilated by the fan system.

Interesting Tests of Limoid

The Charles Warner Company, of Wilmington, Del., has recently had made by Booth, Garrett & Blair, 404 Locust street, this city, a chemical analysis of "Limoid," hydrated lime, with the following results:

Insoluble matter	2.52	per cent.
Oxide of iron and alumina	0.56	"
Calcium hydrate	63.84	"
Magnesium oxide	32.20	"
Carbonic acid	0.59	"

With this strong evidence as to the purity of Limoid, the company directed the chemists to make various tests of "Limoid," as a part of a mixture in conjunction with Nazareth Portland cement, with the view of establishing its tensile strength when used with the two parts of sand to one part of mixture.

The Nazareth Portland cement was used because it was decidedly preferable to the thoroughly understand the strength and reliability of the cement used and thus avoid "groping in the dark."

With one and a half parts of Limoid and one part of Nazareth Portland cement and two parts of sand the average result of the five briquettes tested after seven days hardening was 81 pounds, in twenty-eight days 134 pounds, and for three months 148 pounds. With one and one-quarter parts of "Limoid" and one part of Nazareth and two parts of sand, the test, after seven days, yielded 101 pounds; in twenty-eight days 144 pounds and in three months 154 pounds. With a three-quarter part of "Limoid," one part of Nazareth and two parts of sand the result in seven days was 119 pounds, in twenty-eight days 173 pounds and in three months 217 pounds. With a one-half part of "Limoid" and one part of Nazareth, after seven days the test yielded 129 pounds, in twenty-eight days 179 pounds and in three months 181 pounds. All of above tests were made taking one part of mixture with two parts sand, to compare with standard Rosendale cement tests.

While these tests were eminently satisfactory to the manufacturers it was decided to mix one lot on a ball mill for one hour, using one

part each of "Limoid" and Nazareth as a mixture with the usual two parts of sand, the result was as follows: After seven days hardening, 137 pounds; twenty-eight days, 169; three months, 174.

These results conclusively establish the value of "Limoid" as a handy filler of considerable strength. As a very important addition it gives to the mixture the smooth, spreading properties of lime mortar with the same strength as good natural cements.

Architect Notes

G. W. & W. D. Hewitt, architects, Bullitt Building, are working on plans and specifications for a three-story brick extension, measuring 58x136 feet, to be built at the Merchant Warehouse on Delaware avenue below Chestnut street.

Hale & Morse, architects, Drexel Building, are working on plans for the addition to the office building of the New York Ship Building Company at Camden, N. J. Plans will be ready for bids in about one week's time.

Isaac Pursell, architect, 119 South Fourth street, has been commissioned to prepare plans for the new Carnegie library to be built at Vineland, N. J. It will be two stories high, of brick and stone and will measure 60x75 feet, and will cost \$20,000. It will have all the appointments of a building of its kind.

Harry Reinhold, Jr., architect, 430 Walnut street, has extended the time for filing bids until March 9th, on the new residence as planned by him for J. S. Barnesby, at Newtown, Pa. Kendrick & Roberts and R. Monroe Stout, of this city; C. Gilton and Mr. McClelland, of Newtown, are bidding.

Herman Miller, architect, Crozier Building, is working on plans and specifications for alteration and addition to the residence of Dr. J. C. Borsch, at 1310 Walnut street. Plans provide for the building of a two-story back building of brick, and general interior improvements. Plans will be ready for bids in about one week's time.

Seymour & Paul A. Davis, architects, 907 Walnut street, are preparing plans for the new Carnegie library at State College, Pa. It will be a handsome stone and granite structure. It will be two stories in height, 100x200 feet. The first floor will contain the main reading room, while the upper story will be devoted to study rooms. The total cost of the work will be about \$100,000.

The following interests architects, and will be a precedent unless reversed by a higher court:

Architect Elijah Myers, of Detroit, Mich., prepared plans for a new court house at Wilkesbarre, Pa. The plans were accepted, but the commission was enjoined by the tax payers from erecting the building. Myers sued the County of Luzerne in the U. S. Circuit Court for \$10,000. The case was earnestly fought on both sides. The jury gave Myers a verdict for the amount with interest amounting to \$14,750.

Herbert J. Wetherill, architect, 328 Chestnut street, is working on plans and specifi-

cations for a winter cottage to be built at Miami, Fla. It will be in the Spanish style of architecture and will be one and a half stories high, 100x30 feet, and will be built of clapboards and shingles. It will have four bathrooms, hardwood on the interior and will contain all up-to-date improvements. Local builders will be invited to bid.

Newman & Harris, architects, Real Estate Building, are working on plans and specifications for a new residence to be built at the N. E. corner of Twenty-first and De Lancey place, for C. S. W. Packard. It will be a four story brick structure, in the Colonial style of architecture, and will measure 18x90 feet. It will contain all the up-to-date improvements. Will be ready for bids in about two weeks.

Rankin & Kellogg's, architects, 1024 Walnut street, plans have been accepted in competition by the board of freeholders of Camden, N. J., for the handsome new courthouse to be erected on the site of the present one in Camden, N. J. The plans show a handsome structure, to be three stories and basement high, with an ornamental tower on the front. It will be built of stone and is estimated to cost \$500,000, and when finished will be one of the handsomest buildings of its kind in the State.

T. Mitchell Hastings, architect, 328 Chestnut street, has completed plans and specifications and sent same out to builders for estimates for alterations and additions to the cottage of John P. Crozier, at Beach Haven, N. J.

Plans provide for a two-and-a-half-story frame addition and general interior improvements. Bids due March 7th F. Allison, Chas. Gilpin, F. L. Hoover & Sons, and Kendrick & Co., of this city, and W. Botler & Co., of Beach Haven, N. J., are bidding.

Building and Real Estate Notes.

Wm. Wright, W. J. Gruhler and Charles Gilpin, builders, have filed their bids with Arthur H. Brockie, architect, 328 Chestnut street, for the new stable to be built on Olney avenue, Germantown, for Rodman Wistar. It will be two stories high, of stone and will measure 40x35 feet, and will have the usual sanitary stable appointments.

Stacey Reeves' Sons, D. A. McClelland, Joseph Bird, John R. Wiggins Co., Alex. Chambley, Cramp & Co., Mitchell Bros., Penn Erecting Co., C. E. Sharp, have filed bids with Charles E. Oelschlaeger, architect, Harrison Building, for a six-story brick factory to be built at 1023-25 Vine street for Mrs. Mary E. Belmont. It will have all the up-to-date factory appointments. Contract will be awarded in a few days.

Philip Haihach, Herman Voigt, Angus S. Wade Co., George L. Sipp, Stacey Reeves' Sons, Jesse Pharoah, B. Ketchem & Sons, Kendrick & Roberts, Kendrick & Co. Henderson Limited Co., have filed bids with Carl P. Berger, architect, South Penn Square Building for the new five-story warehouse to be built at 24 North Ninth street and alterations to 26 North Ninth street and 904 Filbert street for Carl F. Lauber. (Details previously noted.)

Eldridge E. Wock, owner, office Forty-ninth street and Baltimore avenue, will erect a three-story dwellings at Forty-ninth street and Baltimore avenue.

F. E. Wallace, builder, 107 Chestnut street, is requesting bids on the two-story stone stable, 25x45 feet, to be built at Haverford, Pa., for Clarkson Clothier. Bids due March 5th. Plans by Bailey & Truscott, architects, 421 Chestnut street.

Charles Gilpin, builder, northeast corner of Fifteenth and Chestnut streets, will erect the two-story frame and stone addition to the stable of Arthur P. Baugh at Wynnewood, Pa. Contract price \$3,000. Work will proceed at once.

W. R. Dougherty, builder, of 1604 Sansom street, has been awarded the contract for the storage shop and office building at the Shellport Shop, near Wilmington, Del., for the Philadelphia, Baltimore & Washington Railroad. Plans by the company's engineer. (Details previously noted.)

Scott & Kriebel, builders, Mutual Life Building, have been awarded the contract to build the new three-story residence at Radnor, Pa., for Carroll Hodge. It will be built of brick and stone and will cost about \$7,000. Plans and specifications by Perrot & Bissell, architects, Bourse Building.

D. A. McClelland, builder, 515 South Twentieth street, has been awarded the contract for the extensive improvements to the saloon of Conrad Hapner at Broad and Christian streets. Bid \$3,000. Plans and specifications by M. H. Dickenson, 2d, architect and engineer, Real Estate Building.

John E. Wiggins & Co., builders, Heed Building, have been awarded the contract to build the three-story brick addition, 32x77 feet, to the John Roehm branch of the Consumers' Brewing Company on the east side of Fourth street below Poplar. Plans and specifications by Otto Wolf, architect, 1025 Arch street. Work will proceed at once.

Hale & Kilburn, furniture manufacturers, on 6th street above Market street, have taken out a permit for their new plant, to be built at 18th street and Glenwood avenue. The work will include the erection of a one-story machine shop, 200x700 feet, a one-story boiler house, 18x32 feet, and a four-story brick factory, 700x200 feet.

Board of Education on Tuesday last decided to purchase the property of the Colored Friends' School on Bainbridge street above 9th street, and five stores on South street back of the school property. This will give them a clean sweep to South street. The building will be altered to suit the needs of a first-class school. The amount paid for all was \$66,000.

Michaelsen & Sons, 4001 Green street, builders, have been awarded the contract to build the new residence for Dr. Sims, at Balto. It will be three stories high, of brick with slate roof. It will have a porch on the front; the interior will be in hardwood finish. It will have tile baths and all up-to-date improvements. Plans and specifications by Guy King, architect, 431 Walnut street.

The Tattall Engineering Co., of Philadelphia, has been awarded the first of the many contracts to be given out in connection with the Hershey plan to build a big chocolate factory and new town at Derry Church, west of Palmyra. The Tattall contract is for the erection of an Alphons Custodia radial brick chimney, six feet in diameter and 150 feet high, at the proposed factory of the Hershey Chocolate Company.

Wm. Steele & Sons, builder, southwest corner of 16th and Arch streets, will erect the new seven-story store and office building for Felix Isman, at 1016-18 Chestnut street. It will be built of brick and stone and will run from Chestnut to Sansom street. It will have all the modern improvements and will be equipped with passenger and freight elevators,

heated by steam, wired for electricity, etc., and will cost about \$100,000. Plans by Wm. Steele & Sons.

The Thompson-Starratt Company, builders, Real Estate Building, will erect the new building for Bailey, Banks, & Biddle, at 1218-22 Chestnut street. It will be a ten-story brick and granite structure, 76x76 feet, with a rear addition facing on Sansom street, eight stories in height. The building will be fire-proof and is estimated to cost \$500,000. It is reported that the work on the new building will be started about July. The plans were prepared by G. Starratt, New York.

The Cedar Hill Hotel, recently purchased by the Rapid Transit Company, will soon be torn down to make room for the erection of a terminal building. The delay has been occasioned by the inability of the company to get possession of the whole property. This has been accomplished and work will be commenced. The erection of car construction and other buildings will follow. The property is located near the Cedar Hill Cemetery at the terminus of Frankford road.

Wm. Ferguson, builder, 635 West Tioga street, has been awarded the contract for the complete revision of the interior, new floors and new stone front to the building at 1216 Walnut street. Plans and specifications by Mantle Fielding, Jr., architect, 110 South Fourth street. The heating and elevator is reserved by the architect. The same architect has awarded the contract to W. A. Worrell, builder, of Media, Pa., for alterations and improvements to the residence of Mrs. Daniel Brinton, at Media. The heating is not included in this contract.

We learn that bricklayers are to get sixty cents per hour, instead of fifty-five cents. Plasterers are also to be increased. Brick to be raised from eight to twelve dollars per thousand, lumber \$1.50 per thousand feet. Laborers are also to be raised. This will have but a small influence in deterring builders, as the demand for houses is increasing and the supply of small houses is extremely limited.

James Clark, owner, office 424 Weightman Building, will erect 34 two-story dwellings at Fifty-fourth and Race streets; also 22 two-story dwellings at Fifty-third and Vine streets, and 71 two-story dwellings on Peach and Ruby streets. Estimates are wanted. Commence about April 1st.

Two additional contracts in the work of improvement of the Pennsylvania Railroad between this city and Pittsburg to provide for the great volume of traffic were made. Both are for work between Bolivar and Blairsville intersection, about fifty miles east of Pittsburg. It is intended to increase the number of tracks to four, and it is for the two additional tracks that the contracts were made. In order to expedite the work, the distance is divided into two sections. McMenamin & Sims, of Philadelphia, are to build the first section, extending about two and a half miles west from Bolivar. The second section, continuing to Blairsville intersection, two and a half miles further, will be built by the Thomas McNally Company, of Pittsburg. Work will begin at once, and is to be completed in twelve months.

Sketch models in plaster of Paris for the statue of President McKinley to be erected in the eastern pavilion of Memorial Hall, have been received from seventeen sculptors, representing four nationalities. The competition, which included besides the commission for the statue five prizes of \$500 each, closed on March 2 and by that time it was expected that several more models would be submitted.

The countries represented so far are America, Germany, Belgium and England. The five prize designs will probably be exhibited in City Hall. The jury of award will examine the designs submitted and will report thereon within sixty days after March 2. They will select from the authors of the five designs the one to

be recommended for the entire work, provided it decides that any one of these designs is deemed worthy of recommendation. The jury of award is composed as follows: Wilson Eyre, Jr., Theophilus P. Chandler, Edward H. Coates, Charles Dana, J. Q. A. Ward, Paul Bartlett and Frank Miles Day.

A Hot Water Bag

In the bed of a sick person, practically illustrates the wonderful heating quality of a

HOT WATER HEATING PLANT

in your residence, regardless of its size or exposure. The Radiators are like so many iron hot water bags through which the hot water from the boiler in the cellar, constantly circulates, maintaining even in the coldest weather, a summer temperature in every part at the smallest possible cost for fuel.

As the man behind the gun establishes its efficiency while in action, the Boiler behind the Radiators, if right in every way, does the trick without an ounce of pressure and with only an average fire.

Washington, D. C.

It is said that ground will be broken early in April for the two new theatres, previously mentioned. Each will have a seating capacity of about two thousand and both will be finely finished and equipped with every modern facility and improvement. The larger one will cost about \$1,000,000, as it will combine the features of a theatre and office building, and will be erected by Philadelphia capital for a theatrical syndicate which is now erecting theatres in Chicago, Pittsburgh and New York. The other which will cost about \$400,000, exclusive of the cost of the ground, will be erected by a syndicate also. The exact location of the sites has been withheld, but it is thought that the larger theatre will occupy the site at the intersection of G. and Fourteenth streets. It will be nine stories high, of granite, with two stores in front on the ground floor, with a broad main entrance to a lobby and thence to a beautifully-decorated foyer leading to the auditorium. The site of the second theatre is said to be Lafayette Square. It is rumored that a third theatre may be erected by Belasco, Harrison Grey Fiske, Hackett and others.—The congregation of the Eckington Presbyterian Church, at North Capital and Q streets, has under consideration the erection of an edifice at that corner, where space has been reserved for an edifice adjoining the chapel in which the members of the United Brethren congregation, at R and North Capital streets, are also contemplating the erection of a handsome church to cost about \$30,000.—The section north of Eckington, known as Bloomingdale, has grown so rapidly that Roman Catholic and Methodist Protestant congregations have been organized.—The Mount Vernon apartment house, at New York avenue and Ninth street, will be enlarged by the erection of a large addition on the west of the present structure and facing on New York avenue. The new structure will conform in design with the present building.—An apartment house will be erected at the Southwest corner of L and Fifteenth streets by Mr. T. F. Schneider. It will be 100x100 feet, seven stories high and will contain over sixty suites of apartments of from one to five rooms each with bath. The entrance will be of marble, elaborately finished, with staircases of the same. The interior finish will be fine, and all modern conveniences will be provided.—Appleton P. Clark has prepared plans for a handsome dwelling to be erected at Chevy Chase for Mr. Clifford Howard. The site is at Connecticut avenue and Lenox street.

There will be large porches, fine entrance, with beamed and paneled reception hall, brick fireplace, fine library, grill work, living room 20 x 30 feet, large mullion window in angle nook and dining-room. The finish of the first floor will be in weathered white pine.

Architect Notes.

A. A. Ritcher, architect, Lebanon, Pa., has been selected in competition to prepare plans and specifications for a new church and Sunday-school building at Allentown, Pa., for St. Paul's Evangelical Lutheran congregation of that place. It will be a one-story church with finished basement. The size of the church will be 60x90 feet and with gallery will accommodate 900 persons. The Sunday-school building will be one-story with galleries and will accommodate 1,200 persons. The working drawings will be begun immediately and sent out for estimates in about four weeks.

At Beaver Falls, Pa., Architect J. A. Snyder has prepared plans for a brick dwelling to be erected for Mr. W. F. Reeder. It will cost about \$5,000; also plans for a two-story and attic brick dwelling to be erected at Rochester, Pa., for Mr. W. L. Miller. It will cost about \$6,000.

At Greensburg, Pa., Architect Frederick W. Mowbray, Bank and Trust Building, has prepared plans for a church to be erected at Jeanette, Pa., for St. Stephen's Episcopal congregation. It will be well finished and will cost \$12,000. Rev. Mr. Barber, of Greensburg, is receiving bids for its construction; also plans by same architect for a frame dwelling to be erected at Greensburg, for Mr. Lydia Truxal. It will cost about \$3,500; also plans by same architect for a two-story brick building to be erected at Youngwood, Pa., for Mr. J. L. McCane. It will be fitted up for hotel purposes and will be provided with modern conveniences. The estimated cost is about \$10,000.

Ballinger & Perrot, architects and engineers, 1200 Chestnut street, have submitted plans to the Building Inspector for a machine shop and stable to be built at the southwest corner of Taylor and Wallace streets for B. Rutter. They will both be two stories high, built of brick and slow burning construction.

Dull & Coates, architects, 1127 Walnut street, have completed plans and specifications and sent same out to builders for estimates for the two-story brick addition to the factory of Richezza & Verna, at 1021-23 South Ninth street. Bids due March 14th. The following builders are bidding: F. E. Wallace, Wm. L. Ross, Mensing & Stocklen, Jos. Price and C. G. Macey.

Stearns & Castor, architects, Stephen Girard Building, are working on plans for addition to the factory of James Bromley, at Adams street, Frankford. They have also been commissioned by the school board of Rockledge School at Rockledge, Pa., recently destroyed by fire, to prepare plans for a two-story stone school, to be built at that place. The first floor will contain school room; the second floor assembly room. It will have all the up-to-date improvements.

Paul Hartman, architect, 514 Walnut

street, has been commissioned to prepare plans for a five-story brewery, 90x90 feet, to be built at New Bedford, Mass., for Smith & Bros. It will be built of brick and stone.

Lindley Johnson, architect, Harrison Building, has completed plans and specifications for a brick Colonial house to be built at Overbrook, for B. F. Williams; also for alterations to residence of Mr. Wm. Gerbard, at Overbrook, Pa. This work will be done by day's work.

Heacock & Hokanson, architects, 931 Chestnut street, are working on plans and specifications for additions and alterations to the St. Peter's Evangelical Lutheran Church at North Wales, Pa. Work includes new altars, new wood ceiling, leaded glass, windows, new tower, new plumbing, etc. Will be ready for bids about April 1st.

Isaac Pursell, architect, 119 South Fourth street, has completed plans and specifications and sent same out to builders for estimates for the new church for the Conshohocken Baptist congregation to be built at Fourth and Harry streets, Conshohocken, Pa. (details fully noted in one of our previous issues.) Bids due March 16th. The following builders are bidding: F. Hoover & Sons, Kendrick & Roberts and Burd P. Evans, of this city; F. A. Davis, Jno. T. Havner, R. T. Halliwell, of Conshohocken, Pa., and H. Simpson, of Norristown, Pa.

Heacock & Hokanson, architects, 931 Chestnut street, have completed plans and specifications and sent same out to builders for estimates for a new residence to be built at Langhorne for J. H. Clarke. It will be two and a half stories high, 30x42 feet, and will be built of stone. It will have a porch on the front and side, the interior will be in hardwood finish and it will contain all up-to-date improvements. Bids due March 16th. The following builders are bidding: D. W. Sperry, Lynch Bros., Davies & Sons, A. H. Prentzel, H. J. Saunderson and A. Macey.

William Copeland Furbers, architect and engineer, 421 Chestnut street, plans have been accepted in competition for the handsome new bank building to be erected on the northwest corner of 4th and Market streets, for the Central Trust and Savings Company. It will be six stories and basement high, 28x82 feet. It will have a granite base, will be built of limestone and terra-cotta and brick. The first and second floors will be built for banking purposes, the upper floors offices. It will be equipped with elevator, heated by steam, wired for electricity and will have every appointment and convenience.

Chas. W. Bolten & Co., architects, Witherpoon Building, are engaged on plans for a new parsonage to be built at Bridgeport, Pa., for the First Presbyterian Church of that place. It will be three stories high, 30x50 feet, and will be built of stone with slate roof. The

interior will be in hardwood finish and it will contain all up-to-date improvements. Will be ready for bids in about two weeks; also are preparing plans for alterations and additions to the public school at Willow Grove. Plans provide for a two-story stone addition to contain four classrooms and general interior improvements to the present school. Will be ready for bids in a short while.

Newman & Harris, architects, Real Estate Building, have completed plans and will send same out to builders for estimates on March 12th for the new residence to be built at the northeast corner of Twenty-first and De Lancey Place for C. S. W. Packard. It will be four stories high, 18x90 feet, and will be built of brick. The following builders have been invited to bid: W. R. Dougherty, R. C. Ballinger Co., Chas. Gilpin, J. T. Thompson, Jacob Myers & Sons and Thomas Seeds. Bids due March 23d.

Bailey & Truscott, architects, 421 Chestnut street, have plans in the course of preparation for a new house for Mr. Wm. T. Read to be built on Cooper street, Camden, N. J. It will be three stories high and will be built on a lot measuring 34x68 feet. It will be constructed of brick and will have a porch in the rear. The interior will be in hardwood finish. It will be heated by hot air and will contain all up-to-date improvements. It will be ready for bids in a few days.

Watson & Muckel, architects, 1208 Chestnut street, are working on plans for the remodeling of a clubhouse at Bushkill Falls, N. Y. Plans provide for interior and exterior improvements, new porches, etc. Also are working on plans for interior improvements to the chapel of the Convent of the Holy Child of Jesus, at Sharon Hill, Pa. Also preparing plans for a handsome stone tower to be 100 feet high and to accommodate the new chimneys of St. Simeon's P. E. Church, at Tenth and Lehigh avenue. Rev. Mr. Cope is the pastor. Will be ready for bids in a few days for a new residence to be built at Holmesburg, Pa., for C. F. Yeagle. It will be three stories high of frame and will be in the Colonial style of architecture. It will have a porch on front and will contain all up-to-date improvements. The same office will send plans out for bids in about 10 days for a new residence for Mr. John Rapp to be built in Tacony. It will be three stories high 30x52 feet, and will be built of brick and terra-cotta. It will have a porch on the front. The interior will be in hardwood finish and will be heated by hot water, wired for electricity and will contain all up-to-date improvements. Will be ready for bids in about 10 days time for a new residence for Dr. J. W. King to be built at Fairfax Court House, Va. It will be in the Colonial style of architecture and will be three stories high, of frame, with shingle roof. It will be heated by hot water and will contain all modern improvements.

A. & G. Bohem's New Catalogue

A. & G. Bohem, Architectural Sheet Metal Works, 15th and Federal sts., Phila., have recently issued a very attractive Catalogue (a copy of which we have just received), containing illustrations, descriptions and prices of the materials manufactured by them, such as Metal Cornices, Bay Windows, Finials, etc. They make a specialty of Cornice Work from drawings, and also Sheet Metal Work for Mills and Factories. This Catalogue also contains some very attractive designs for large operations. A copy of the above would prove a very handy reference for any one contemplating building.

Building and Real Estate Notes.

Angus, Wade Co. and W. R. Steele have plans posted for a new theatre to be built at 209-11-13 East State street, Trenton, N. J., for Mr. O. D. Wilkinson. It will be built of cut stone and ornamental brick and will measure 120x91 feet. It will have two galleries. The stage will measure 51x44 feet, and will be equipped with every modern appointment and convenience. Bids due March 12th. Plans and specifications were prepared by A. E. Westover, architect, 1033 Chestnut street.

Doyle & Doak, Wm. R. Steele & Sons, Henderson & Co., J. H. Jordan and C. S. Hacey are bidding on the new manual training school to be built at Lehigh avenue and Eighth street, for the Board of Public Education. (Details previously noted.) Bids due March 17th. Plans by J. Horace Cook.

L. H. Focht, builder, Heed Building, has plans posted for the handsome new passenger station to be built at Norristown, Pa., for the Pennsylvania Railroad Company. It will be a two-story structure of stone. Bids due March 12th. Plans by Furness-Evans Company, architects, 401 Chestnut street.

D. W. Sperry, builder, 1305 Arch street, has plans posted for alterations and additions to Palm House for P. A. B. Widener, at Elkins, Pa. Plans by Horace Trumbauer, architect, Land Title Building. The same builder has been awarded the contract to build the judge's

stand at the race track at the residence of P. A. B. Widener, Elkins, Pa.

The court has just decided that the county commissioners of Luzerne county have the right to erect the proposed new court house at Wilkesbarre, Pa. Its cost will reach about \$1,000,000. The suit of the tax payers has been before the courts for ten years.

F. L. Hoover & Sons, builders 705 Ranstead street, have filed their bid with Val. B. Lee, architect, at Oak Lane, Pa., for alterations and additions to the house of Mr. Robert A. Neely, situated on York Road below Oak Lane avenue. Plans include a new wing and general interior improvements.

W. R. Dougherty, builder, 1604 Sansom street, has plans posted for alterations and additions to St. Michael's P. E. Church, at Germantown, Pa. Plans provide for an addition to the present church of stone and general interior improvements. Plans and specifications by Cope & Stewardson, architects, 320 Walnut street. Bids due March 17th.

W. S. Twining, Chief Engr. of the Philadelphia Rapid Transit Company, has sent to certain contractors blue print plans and specifications, inviting bids for the building of that section of the proposed subway in Market street, between Broad street and the Schuylkill river. This section will carry four tracks. Bids to be in on or before March 16th.

Samuel Shoemaker, builder, 5603 Haverford avenue, will break ground soon for an operation of 74 dwellings and four stores to be built at Fifty-seventh and Girard avenue. They will be two and three stories high and will measure 16x50 feet, and will be built of brick and they will have all up-to-date improvements. This operation will cost about \$300,000.

Herman Voigt, builder, Twenty-eighth and Thompson streets, has been awarded the contract to build the five-story and basement warehouse at 24 North Ninth street, and make extensive improvements to 26 North Ninth street and 904 Filbert street, for Carl F. Lauber. (Details of this work previously noted.) Plans by Carl P. Berger, architect, South Penn Square Building.

The Philadelphia and Trenton Rapid Transit Street Railway Company was chartered at the State Department, Harrisburg, Pa., with a capital of \$42,000. The line is seven miles long and extends from Hagerman street and Frankford avenue, in the Forty-first ward, Philadelphia, along Hagerman to Hoffnagle, to Torresdale avenue, to Pratt, to Dyre to Frankford avenue. The capital is \$42,000.

Matthew Hall and Charles Kline have consolidated their mantel, tile and heater and range business into the Hall-Kline Company, which will be located at 1927-29-31 Market street. Both have had a long-continued experience in all the branches of this end of the building material business. Both houses are popular and the consolidation should prove extremely advantageous to each.

E. E. Wallace and Kendrick & Roberts, builders, will submit bids on March 12th to the building committee for the new M. E. Church to be built at Eighth and Porter streets. It will be one-story high and will measure 60x68 feet,

and will be built of brick and stone. Plans and specifications by Stearns & Castor, architects, Stephen Girard Building.

Burd P. Evans, builder, 706 North Ninth street, has been awarded the contract to build the new edifice at Germantown avenue and Dauphin street for the Fifth Moravian congregation. It will be one-story and basement high, 44x58 feet and will be built of stone, with slate roof. (Details previously noted.) Plans and specifications by A. A. Ritcher, architect, Lebanon, Pa.

H. Marion Zane, builder, Hale Building, has been awarded the contract to make extensive alterations and additions to the residence at 1037 North Broad street. The work will comprise as follows: A new front of brown stone; the building of a rear addition, 14x18 feet, three stories high, of brick, and general interior improvements, such as new tile baths, open plumbing work, etc. Work will proceed at once. Plans by private parties.

J. E. & A. L. Pennock, 305 Walnut street, have posted plans for the new Allegheny General Hospital, to be built at Stockton avenue and Diamond streets, Allegheny. It will be a seven-story, fireproof structure, of brick, granite and Indiana limestone, 136 ft 8 inches by 176 feet 3 inches. Near the hospital will also be a two-story brick power house, 77 feet 4 inches by 32 feet. All bids on the work must be sent to Beezer Bros., architects, Pittsburg, by March 14th.

The Councils' Committee on Charities and Correction put through on ordinance empowering the president of the Board of Charities and Correction and the Director of Public Safety to select an architect for the proposed city hospital buildings and authorizing the Mayor to enter into a contract or agreement with the architects selected, to draw plans and supervise the construction until the buildings are ready for occupancy, "upon such terms and conditions and with such commissions as are usual in such cases."

F. E. Wallace, builder, 1017 Chestnut street, will file bids with owner on March 12th, for a two-story store and dwelling 16x26 feet, to be built of brick and contain all up-to-date improvements and to be erected at Lemont street, Roxborough, Phila. Plans by private parties. Also has file bid on the same day with Amos Barnes, architect, Ninth and Walnut streets, for alterations and additions to the store and dwelling, situated at the southeast corner of Osborne and Righter streets, Wissahickon, for F. J. Fertie.

The members of the Frankford Avenue Baptist Church, Frankford avenue and Aramingo street, have decided to expend over \$4,000 on alterations and improvements. A new choir loft will be constructed over the pulpit, which will also be altered, the transferring of the choir stalls from the present location furnishing space for additional pews. A kitchen and toilet room will also be installed and the organ rebuilt at a cost of \$1,625. It is expected the alterations will be completed in about six weeks when new carpet will be laid on the main auditorium. Sunday-school room, class rooms and those used by the various societies,

Miscellaneous

At Columbus, Ohio, it is said that all the bids recently received for the erection of the engineering building for the Ohio State University have been rejected and that new ones will be called for to be received until March 11, 1903. Alexis Cope, secretary of the board of trustees, can give information.

At Marietta, O., Architects Fugman & Ulrich, 1634 Williamson Building have prepared plans for a church to be erected for St. Mary's congregation. It will be of stone with fine interior finish, ornamental glass, pews, gas and electric fixtures, and all modern conveniences. The estimated cost is about \$50,000.

At Sistersville, W. Va., the People's National Bank will erect a handsome building to cost about \$18,000. It will be of brick and stone, fine interior finish, tile work, handsome bank fixtures, sanitary plumbing and all modern conveniences. The plans have been prepared by Architect W. B. O'Neill & Company, of Marietta, O.

At New Britain, Conn., it is said that contracts will soon be let by the water commissioners for building the retaining reservoir in Wolcott mountain. The main work will consist of the construction of two dams. The necessary excavating has already been done by the department. The department will also soon arrange for the sale of \$75,000 bond issue to pay for the reservoir.

A Hot Water Bag

In the bed of a sick person, practically illustrates the wonderful heating quality of a

HOT WATER HEATING PLANT

in your residence, regardless of its size or exposure. The Radiators are like so many iron hot water bags through which the hot water from the boiler in the cellar, constantly circulates, maintaining even in the coldest weather, a summer temperature in every part at the smallest possible cost for fuel.

As the man behind the gun establishes its efficiency while in action, the Boiler behind the Radiators, if right in every way, does the trick without an ounce of pressure and with only an average fire.

If you will only insist on having a

A new kitchen and dining-room will be added, also additional bathroom.—Owens & Sisco have made plans for additions to the Springfield State Asylum. There will be a new two-story building, 50x200 feet, of brick and terra-cotta. The cost will be about \$30,000.—Work will begin in a short time on the addition to Mullin's Hotel at Baltimore and Liberty streets. The contract has been let to Wells Brothers' Company. The estimated cost of the new building is about \$350,000.—Werner Bros., of Ellicott City, Md., have been awarded the contract for the erection of the new administration building for the Maryland Agricultural College at College Park, Md. The new building will be four stories high, of brick and limestone, and will cost about \$50,000. The plans have been prepared by Owens & Sisco, of Baltimore.—The same architects have revised the plans for the Salem Lutheran Church to be erected at Catonsville. The following builders have made estimates: Henry E. Nagle, William E. Nagle and John Gerwig.—Henry S. Ripple has the contract to erect a cottage at Catonsville for Mr. Charles Wacker. The plans were prepared by Barker Q. Klutts, of Knoxville, Tenn.

Wants

Sealed proposals will be received at the office of the Light-house Inspector, Philadelphia, Pa., until 12 o'clock M., 17th March, 1903, and then opened, for furnishing and delivering provisions and fuel for vessels and stations in the Fourth Light-house District during the fiscal year to end June 30, 1904, in accordance with specifications, copies of which, with blank proposals and other information, may be had upon application to Commander S. P. Comly, U. S. N., Inspector.

Washington, D. C.

Continental Hall, to be erected by the Daughters of the American Revolution, will be erected from plans prepared by one of three firms which have been selected. They are by Lord & Hewlett, with Woodruff Learning, associate architect; Edward P. Casey and Messrs. Paul Raymond Siegel and Charles F. Livermore, associate architects. It will be necessary to have a final competition to decide which of the three firms will be given the work.

Arrangements have been made to begin work on the proposed trolley line for the Georgetown end of the Aqueduct bridge to Great Falls. The route has been surveyed and will be called for in a short time. The distance is about fourteen miles. It is planned to erect a large power house not far distant from the Virginia end of the bridge. The cost of the work is estimated at about \$400,000, and it is hoped to finish the road by next fall.

Arthur Heaton has prepared plans for a handsome dwelling to be erected on Highland avenue, Cleveland Park, for Mr. H. A. Hine.—The Sanitary Improvement Company has bought ground at Q and Third streets and will erect a number of medium size dwellings.

It is said that there is a prospect of the erection of a hotel at Cleveland Park.—The location selected for the proposed Hall of Nineteenth and E and F streets. The building will front on the public space known as Raw-

lin's Square.—The site for the proposed office building for the members of the House will be a square of ground south of the Capitol.—Plans are under consideration by the Russian Ambassador for a fine ballroom. The Second Presbyterian Church, South, which was recently organized has appointed Dr. Otto M. Munceaster, E. H. Compton, Dr. George P. Dubose, James J. Royster and William S. Feland a committee to select a site and to arrange for the erection of a new church the coming summer.—Harding & Upman have prepared plans for a chapel to be erected at the northwest corner of Fifteenth street and Columbia road, for the Methodist congregation.—The same firm will prepare plans for a church to be erected later by the same congregation.—Lord & Hewlett have been directed by the Secretary of Agriculture to make alterations in the plans which they have submitted for the building for that department, so as to keep the expenditure within the limit of the appropriation, which has been reduced to \$1,500,000. This amount is expected to cover the cost of the new building, the demolishing of the buildings on the site selected and to include heating, ventilating, elevators and approaches. The plans for two new theatres to be erected in Washington, are now in the office of Mr. Frederick Wright, who represents the syndicate in Washington, Mr. P. T. Marve, the architect who drew the plans for both theatres, has his office with Mr. Wright in the Washington Savings Bank Building, Washington, D. C.—It is said that the same syndicate has had Mr. Marve prepare plans for a theatre in Baltimore and one in a city of Virginia, near Washington.

Architect Notes.

Heacock and Hokanson, architects, 931 Chestnut street, are working on plans for a two-story twin house. It will measure 32x44 feet, and will be built of frame and stone and will contain all up-to-date improvements.

It is reported that the Newhall Engineering Company, 136 South 4th street, are working on plans for the new factory to be built at 17th and Vine streets for Griffith Meter Company. This structure will replace the one recently destroyed by fire.

Duhring, Okie & Ziegler, architects, South Penn Squire Building, have completed plans and specification and sent same to Cleveland builders for a new residence to be built at Cleveland, O., for H. M. Yeoman. It will be three stories high and will be built of brick with all up-to-date improvements. (Details previously noted.) Bids due March 21st.

Mantle Fielding, architect, 110 S. 4th street, has completed plans and sent same out to builders for estimates for a gardener's house and farm building for the estate of Robt. C. Strawbridge, at Bryn Mawr, Pa. It will be built of brick and half timber and will measure 64x20 feet. Stacey Reeves and Sons, Chas. Gilpin and W. J. Gruhler are bidding.

D. K. & L. V. Boyd, associate architects, Harrison Building, have completed plans and specifications and sent same to Milton W. Young, who will take sub-bids for a two-and-a-half-story high Colonial residence to be built at Overbrook, Pa., for Mr. Arthur Peterson. It will be built of stone and will measure 50x60 feet. The interior will be in hardwood finish. It will have open fireplaces and all modern improvements.

Cope & Stewardson, architects, 320 Walnut street, are working on plans for the new building of the engineering department of the University of Pennsylvania. It will be built on a lot at 33d and Locust streets. The plans provide for a handsome stone and brick structure three stories in height, 300x150 feet. It is estimated that this structure will cost about \$400,000. Local builders will be invited to bid shortly.

Watson & Huckel, architects, 1208 Chestnut street, have sent out revised plans and specifications for bids for the new three-story stone parish building for the rectory of the Church of the Resurrection, situated at Tioga street east of Broad street. (Details previously noted.) Bids due March 25th. F. S. Riggs, Kendrick & Co., J. W. Fritzinger, Schultz & Son, Reynolds & Caldwell and H. B. Shoemaker & Co., are bidding.

W. L. Plack, architect, 1403 Filbert street, has been commissioned by F. W. Woolworth & Co., to prepare plans for the extensive interior improvements and new fronts to 1020-22-24 Market street, to suit the needs of their new 5 and 10c store, to be open at the above place.

It is estimated that this store will be one of the largest of the numerous ones owned by the company throughout the United States. (Details previously noted in one of our issues.)

D. K. Boyd, architect, Harrison Building, has completed plans and sent same out to builders for estimates for a new residence to be built at Oak Lane, for Ferdinand Fritsch. It will be two and a half stories high and will be built of frame and stone. It will measure 30x75 feet, and will contain all up-to-date improvements. Herman Voight, Chas. Yunk, B. Barton, McClintock & Weaver, W. Kohl and J. Kohl are bidding. Bids due March 20th.

Frank Keisker, architect, Arcade Building, has completed plans and specifications and sent same out to builders for estimates for alterations and addition to the residence of Geo. B. Pfingst at Oak Lane, Philadelphia. Plans provide for new library, baths, hardwood floors, tile work, best open plumbing, etc. Bids due March 25th. The following builders are bidding: H. Marion Zane, Chas. Yundt, H. M. Preston, Kreitzberg & Yapp, Stuart Bros., and Hill & Stevens, of Oak Lane, Philadelphia.

Frank H. Keisker, architect, Arcade Building, has completed plans and specifications and sent same to owner and builder, Chas. Yundt, of 2108 North Sixth st., who will take bids for a twin house to be built on Fourth street, north of Chew street, Olney, Pa. It will be two story and attic high, 16x38 feet, and will be built of brick and pebble dashed. It will have a porch on the front and the interior will be in hardwood finish. It will be heated by hot air and contain all up-to-date improvements.

Architect Cooper Patterson, New Haven, Pa., has just completed plans and specifications for the New Haven, Pa., National Bank Building, which is to be a three-story Roman brick building, which will be fitted out with mosaic marble floors, tile wainscoting, steam heating and all other modern, up-to-date appliances. The plans and specifications will be open for bids until about April 1st. The directors are considering the advisability of adding a fourth story to the building for a hall, in which case they will give a longer time for bids.

Isaac Pursell, architect, 119 South Fourth street, has been commissioned to prepare plans and specifications for a new church and Sunday-school to be built of stone for the Temple Lutheran congregation and to be erected on the northeast corner of 52d and Race streets. He has also completed plans and sent same out to builders for estimates for addition to the plant of the Phosphor Bronze Smelting Company at the southeast corner of 22d and Washington avenue. It will be one-story high, of steel construction and will measure 130x168 feet. Bids due March 23d. The following builders are bidding: John R. Wiggins & Co., Jacob R. Jordan, F. L. Hoover & Son, Kendrick & Roberts, Mitchell Bros., Angus S.

Wade, Thos. Seeds, Kendrick & Co., and Chas. McCaul Co.

Building and Real Estate Notes.

Rodgers Bros., builders, of Stanwick, N. J., have been awarded the contract to build the two-story squab house at Lumberton, N. J., for Mrs. O. W. Schaefer. It will be constructed of frame. Plans by Heacock & Hokanson, architects, 931 Chestnut street.

Machin & Brown, builders, 401, Chestnut street, have filed bid for alteration and addition to forge room of the plant of S. L. Allen & Co., located at 5th and Glenwood avenue. It will be one story high, of brick and steel. Plans and specifications by Ballinger & Perrot, architects and engineers, 1200 Chestnut street.

The bids were opened on Tuesday last. J. S. Rogers, builder, of Stanwick, N. J., has been awarded the contract to build the new residence at Wyncote, Pa., for Mr. H. F. Scheetz. It will be two and a half stories high, of stone, timber and will contain all up-to-date improvements. Plans and specifications by Savery & Scheetz, architects, Stephen Girard Building.

Mr. Mitchell, superintendent of Jno. Wanamaker's mechanical department, informs us that the erection of the proposed store building at 13th and Chestnut street will be let to a general contractor and that the plans will be posted and bids will be asked for in a few days. Mr. Mitchell was unable to state just where the plans and specifications would be exhibited.

William Steele & Sons, builders, 1600 Arch street, have filed bid with John T. Windrim, architect, 1107 Walnut street, for the new building for a branch of the Philadelphia Free Library at 2123-5-7 South street, for John Wanamaker. It will be a handsome three-story building of granite and will measure 40x68 feet. It will have the usual appointments of a building of its kind.

March 17th, by the property committee of the Board of Education for the erection of the new manual training school to be built at 8th and Lehigh avenue. The following bids were for the erection and all equipments: J. E. & A. L. Pennock, \$333,687; Jordan, \$337,384; Kendrick & Roberts, \$303,777; Doyle & Doak, \$358,800; Henderson, \$326,957; Ballinger & Co., \$344,428; W. O. Smith, \$344,457; Peoples and Walsh, \$328,250; Wm. R. Steele & Sons, \$364,471. Kendrick & Roberts were, therefore, the lowest bidders, but as Council has only appropriated \$200,000 a motion was made that a committee of six be appointed, comprising three members of the committee and three members of the Board of Education, to consult with the finance committee of Council to secure the additional amount needed and if secured award the contract to the lowest bidder.

JOHN N. O'ALLAGHER,
Proprietor, Publisher and Editor.

PHILADELPHIA, WED'Y, MCH. 18, 1903

There is a terrible bit of irony in the fact that notwithstanding the fact that Mr. John Wanamaker reaped the larger share of his success as well as his fortune right here in Philadelphia and from the patronage of Philadelphians, that he felt compelled to go to Chicago for an architect to mature the plans for his proposed new store at Thirteenth and Market streets.

No one can question Mr. Wanamaker's right to do as he saw fit in this respect, but the sting is none the less effective on that account.

It cannot be truthfully said that our own local architects are not capable enough to meet any requirements that he might possibly exact, either in the way of conception, skill in construction, knowledge of material, time limit or any of the many essentials that go to establish capability, for there are many evidences to the contrary at almost every turn of our street corners.

We have no desire to question any man's rights involved in the many ramifications of his business enterprises, but we say right here and we want Mr. Wanamaker to read it, that if there is a single man on God's earth who has a right to stand for all that loyalty means to the city in which he has made his big money through the earnest support and patronage of its citizens, it is Mr. John Wanamaker.

Mr. Krause's New Warehouse.

On a lot, 40x200 feet, located at 1330 and 1332 North Fifth street and extending back to Randolph street, William Krause, Patent Pavement, Cement and Asphalt Floors, has erected an extensive warehouse with a storage capacity for at least 5,000 barrels of cement. This structure rests on the Randolph street end of the lot and is 40x68 feet, leaving benches sufficient room for stable-yard, room enough to accommodate the wagons, trucks, etc.

Of course, a carpenter shop for the repairing, making and storage of tools is an important adjunct to a business of this character, and the second story of the warehouse is utilized for this purpose. On the premises has also been established a branch office.

The business of Mr. Krause justified and even necessitated additional facilities of this character some time ago, but it was only after the cold weather commenced last year that he was able to spare the time that the construction work required under his personal supervision.

Building and Real Estate Notes.

H. B. Shoemaker & Co., of 113 North 7th street, will move to larger quarters after March 18th. They will be located on the second floor at 17 South 9th street.

F. L. Hoover & Sons, builders, 709 Ranstead street, have filed bid with C. E. Rahm, architect, 410 Walnut street, for alterations to 407 Walnut street, for the Fire Association of Philadelphia.

Frank E. Wallace, 1017 Chestnut street, is bidding on a house for Mr. Wm. T. Reed, at No. 514 Cooper street, Camden, N. J. Bids due on or before 9 A. M. Monday, March 23, 1903. Plans by Messrs. Baily & Truscott.

George Ristine, builder, Bryn Mawr, Pa., has been awarded the contract to build the cow stable at the country seat of George Vaux, Esq., Bryn Mawr, Pa. Plans and specifications by Morris & Vaux, architects, Stephen Girard Building.

Frank Gilbreth, 176 Federal street, Boston, Mass., has been awarded the contract to build the new paper plant at Modena, Pa., for the Megargee Paper Co., of this city. (Details previously noted.) He is now ready for sub-bids on the erection of the same.

Strock Brothers, Chestnut Hill, will erect four two-story five room dwellings on Southampton ave, west of Germantown ave. They will be 15 feet front, with side yard. Also four two-story dwellings, six rooms and bath room on Roanoke street, above Abington avenue, about 14 feet front.

W. C. Wright, builder, 22 Harvey street, Germantown, has been awarded the contract to build the new stone stable for Rodman Wister, Olney avenue, Germantown. It will be two stories high and will have the usual sanitary stable appointments. Plans and specifications by Arthur H. Brockie, architect, 328 Chestnut street.

Samuel Carson, builder, at Jenkintown, Pa., has been awarded the contract to build the two double and one single cottages at Walnut avenue below Summit avenue, Jenkintown, Pa., for Thomas B. Culber, Esq. They will be three stories high, of stone and timber with porch fronts. Plans by Dull & Coates, architects, 1120 Walnut street.

John McShane, builder, 2117 Appletree street, has been awarded the contract to build the addition to St. Francis' R. C. school at 24th and Green streets. The addition will be two stories and basement high and will be built of stone with Indiana limestone trimmings. (Details previously noted.) Plans by Rowland W. Boyle, architect, 1626 Chestnut street.

Wm. Steele & Sons, Kendrick & Roberts, J. E. and A. L. Pennock, Angus S. Wade Co., Chas. Gilpin and Mr. Rodgers have filed bids with Hale and Morse, associate architects, Drexel Building, for the two-story addition,

115x41 feet to be built of brick, to the office building of the New York Ship Building Co., at Camden, N. J.

Kreitzburg & Yapp, builders, 802 Walnut street, are bidding on the proposed new clubhouse to be built at Townsend's Inlet, N. J., for the C. B. Hatch Rod & Gun Club. Building to be erected on piles, to be two and a half stories high, frame, 24x40 feet, and to be equipped with all the conveniences to make it an up-to-date structure for the purpose. Bids called for March 20th. Private plans.

in your residence, regardless of its size or exposure. The Radiators are like so many iron hot water bags through which the hot water from the boiler in the cellar, constantly circulates, maintaining even in the coldest weather, a summer temperature in every part at the smallest possible cost for fuel.

As the man behind the gun, establishes its efficiency while in action, the Boiler behind the Radiators, if right in every way, does the trick without an ounce of pressure and with only an average fire.

Architect Notes.

Herbert J. Wetherill, architect, 328 Chestnut street, is working on plans and specifications for a new hospital for Dr. Smith and to be erected at Dickenson, North Dakota. It will be three stories and basement high, 50x65 feet, and will be built of frame and will have the usual appointments of a building of its kind.

Adin B. Lacey, architect, 1020 Chestnut street, has completed plans and specifications and sent same out for estimates for additions to 'Old Ladies' Home of Philadelphia, at Wissinoming. Plans provide for a new wing and new infirmary building. Bids due in about one week's time. Jno. Rapp, builder, is bidding.

PHILADELPHIA, WED'Y, MCH. 25, 1903

Obituary

On Sunday last, at his late residence at Merion, Delaware county, Mr. Geo. W. Hancock, in his 67th year.

Mr. Hancock was highly esteemed in both financial and real estate circles. He was prominent as a real estate expert and a more thoroughly conscientious man never lived. He was also prominently associated in charitable and educational work, to which he devoted considerable time.

Before road juries in the city's interests he was a bulwark of tangible logical fact in the way of defence and in his time was instrumental in saving the city many thousands of dollars. He was a close student of real estate values as well as collateral influences and was unwavering in his loyalty to his own estimates and honest convictions, regardless of consequences. His real estate business at Fortieth and Lancaster avenue will be continued.

Removal

S. Casals Co., contractors and builders, have removed their office to 703 Lippincott Building, corner 12th and Filbert streets. Their shop is still located at the old address, 4334 Lancaster avenue. Telephone connection at both places.

Architects' Notes

Chester A. Kirk, architect, Harrison Building, has sent plans and specifications to H. Marion Zane, Doyle & Doak and Thomas Little & Son for the three-story frame and stone house, 29x60 feet, to be built at Atlantic City, N. J., for Mahlon W. Newlin. Bids due March 28th.

Chas. W. Bolton & Co., architects, Wither-spoon Building, has sent plans and specifications to Burd P. Evans, Hill & Stevens and J. S. Rodgers, of Stanwick, N. J., for the new edifice for the congregation of the M. E. church, at Camden, N. J. (Details previously noted.) Bids due March 28th.

H. L. Reinhold, Jr., 430 Walnut street, architect, has completed plans and specifications and sent same to the owner, who will take bids for a two-and-a-half-story frame and stone

residence, 25x27 feet, to be built at Collingswood, N. J. It will have a porch on front and will contain all up-to-date improvements. G. Franklin Davis, 240 South Fourth street, is the owner.

Chas. Balderson, architect, 411 Walnut street, has been commissioned by the Cunningham Piano Company, of 1105 Chestnut street, to prepare plans for their new factory to be erected at 41st and Poplar streets. It will be six stories and basement high, and will measure 50x105 feet, and will be built of brick and slow burning construction. Plans will be ready for bids about the middle of April.

Jacob Naschold, architect, 504 Walnut street, has completed plans and specifications and sent same out to builders for estimates for alterations and additions to 230-32 Vine street. Plans provide for the rebuilding of the present properties and the fitting the same up to suit the needs and requirements of a Russian bath establishment. Bids due April 2d. The following builders are bidding: H. B. Shoemaker Co., Chas. Autcher, W. J. McShane and Chas. L. Given.

H. L. Reinhold, Jr., 430 Walnut street, architect, has completed plans and specifications and sent same out for estimates on the addition for the academy of the new chapel at Bryn Athyn, Pa. It is three stories high, 75x40 feet, built of stone with Spanish tile roof. Bids due about April 6th. The following builders are bidding: F. L. Hoover & Son, J. E. & A. L. Pennock, Monroe Stout, Robt. Tartlo Co., C. M. Sharp and W. R. Dougherty, of this city; W. E. Rightly, of Southampton, Pa.

H. W. Applegate, builder, of Island Heights, N. J., has been awarded the contract to build the addition to the Island Heights Yacht Club, at that place. (Details previously noted.) Plans and specifications by C. J. Brooke, architect, 14 South Broad street.

Appleton & Burrell, builders, 1204 Chancellor street, has been awarded the contract to build the one-story addition to the plant of S. L. Allen at 5th and Glenwood avenue. (Details previously noted.) Plans by Ballinger & Perrot, architects, 1200 Chestnut street.

H. R. Shock, builder, Stephen Girard Building, has been awarded the contract to build the four-story addition, 53x113 feet, of brick and slow burning construction to the mill of James Bromley, at Adams and Leiper streets, Frankford, Phila., from plans and specifications prepared by Stearns & Caster, architects, Stephen Girard Building.

Kendrick & Roberts, builders, Keith Building, have filed bid with Chas. Barton Keen, architect, 1604 Chestnut street, for two three-story residences, to be built at Carlisle, Pa., for A. F. Bedford, Esq. They will be built of stone and will have a slate roof and will measure 65x38 feet each, and will have all up-to-date improvements.

Burd P. Evans, W. R. Dougherty, J. E. & A. L. Pennock, G. F. Payne Co., W. A. Hurlock and Louis Haves & Sons have filed their bids with Wilson, Harris & Richards, architects, Drexel Building, for a one-story building, 60x82 feet, to be built of brick, for Fels & Co., at Island road and Philadelphia, Baltimore & Washington Railroad.

Grey Bros., builders, of Rosemont, Pa., have been awarded the contract to build the handsome new stable for Clarkson Clothier at Haverford, Pa. It will be two stories high, of stone and will have the usual sanitary stable appointments. Plans and specifications by Bailey & Truscott, architects, 421 Chestnut street. Work will proceed at once.

A quarterly meeting of the members of the Building Exchange was held at 18-24 South Seventh street, on Tuesday last, March 24th. An address on the water filtration system in this city was delivered by John W. Hill, chief of the Bureau of Filtration. A very fine luncheon was also served previous to the address. The affair was enjoyed very much by the large number of the members and their friends.

W. R. Dougherty, builder, 1604 Sansom street, has plans posted from Cope & Stewardson, architects, 320 Walnut street, for a house and stable to be built on Chestnut avenue, Chestnut Hill, for J. Wilmer Biddle, Esq. The house will be two stories and attic high, of brick and stone and will measure 100x34 by 21x46 feet. The stable will be one story and loft high, of brick and will measure 34x55 feet. Bids due April 1st.

Chas. Gilpin, builder, northeast corner 15th and Chestnut streets, has been awarded the contract for the handsome new entrance doors to the residence of Mrs. Geo. A. McFadden, at Rosemont, Pa., as designed by T. Mitchell Hastings, architect, 28 Chestnut street.

The same builder has been awarded the contract to build the two additions, measuring 115x41 feet, of brick, to the office building of the New York Shipbuilding Company at Camden, N. J. Plans by Hale & Morse, architects, Drexel Building.

Edward Harrington, Son & Co., Incorporated, have had plans completed by their own draughtsmen for a foundry building and factory to be erected on the site of the Continental Market, on the plot of ground between Sixteenth, Seventeenth, Callowhill and Carlton streets, recently purchased by that firm. The plot measures 100 by 395 feet, and the price paid is said to have been \$100,000. The proposed building will be four stories high, to cover an area 100x200 feet. The present building of the company at Fifteenth street and the Reading Subway have been sold, it is said, to Burnham, Williams & Co., who will utilize them as an addition to their locomotive works. Estimates for the work of erection will be invited from builders next week.

Through Pennsylvania

—At West Chester, Chester county, it is stated that the West Chester Street Railway Company has under consideration a new route to Lenape.

—At Johnstown, Cambria county, the Citizens' Light, Heat & Power Company has let the contract for its subway to Reagan & Mulock, of Philadelphia. The estimated cost is about \$42,000.

—At Townsend, Allegheny county, it is stated that the congregation of St. Mary Magdolene Roman Catholic Society will erect a handsome parsonage adjoining the church on Tenth street.

—At Salisbury, Lancaster county, a franchise has been granted the Meyersdale & Salisbury Street Railway Company, which will construct a line to connect Meyersdale and Salisbury.

A. O. Lorentz, of Meyersdale, manager. —At Sandt's Eddy, Northampton county, the Quaker City Cement Company will erect a large plant. The contract has been awarded to McFadden & Co., of New York. The mill will have a daily capacity of 5,000 barrels.

—At Oakmont, Allegheny county, the plant of the Oakmont & Verona Light, Heat & Power Company was destroyed by fire not long since. It will be rebuilt as soon as possible. James Michland is secretary of the company.

Architect Notes.

Dull & Coates, architects, formerly of 126 Walnut street, have moved to their new office at 908 Walnut street.

The Department of Public Safety, through Mr. Robt. C. Hill, Chief of the Bureau of Building Inspection, has issued an imperative order that hereafter all plans filed must be on white print and that blue print will not be received for filing.

Chas. W. Bolton & Co., architects, Witherspoon Building, are now ready for bids for the new parsonage for the congregation of the First Presbyterian Church, at Bridgeport, Pa. It will be three stories high, of stone. (Details previously noted.)

Geo. I. Lovatt, architect, 418 Walnut street, is working on plans for a new school for St. Mary's Roman Catholic parish. Rev. Geo. P. Seubeoh, rector, to be built at York, Pa. It will be three stories high, built of brick and stone and will measure 45x90 feet. It will have all the up-to-date school appointments.

W. S. Hewitt, architect, 2376 Arctic avenue, Atlantic City, has been commissioned by James Doris to prepare plans and specifications for two store buildings to be erected for him on a plot of ground corner of Georgia and Atlantic avenues, that city. They will be three stories high, of brick and will have all modern improvements.

Edwin F. Durang, architect, 1200 Chestnut street, has completed plans and specifications and sent same out to builders for estimates for a laundry building to be erected for the Sisters of Mercy Convent, at Merion, Pa. It will be two stories high, of brick. John McShane and Jacob Myers & Sons are bidding. Bids due April 3d.

Duhring, Okie & Ziegler, architects, South Penn Square Building, are working on preliminary plans for a new four-story building to be erected at 6th and Germantown avenue, for the DeWitt Moore Gospel Association. It will be brick and stone.—Also for a new three-story brick hotel, to be built at Riverside, N. J. It will contain 40 rooms. Further details later.

Chas. M. Burns, architect, 707 Walnut street, has completed plans and sent same out to builders for estimates for a one-story and basement addition, 24x60 feet, of brick and stone, to the residence of Mr. George C. Thomas, at the southeast corner of Twenty-first and Spruce streets. Bids due April 4th. W. R. Dougherty, A. H. Williams, George Watson and A. Whitehead are bidding.

Morris & Vaux, architects, Stephen Girard Building, have completed plans and sent same out for estimates for an addition to the Haverford Friends' Meeting House at Haverford, Pa. The addition will be one-story and basement high and will be of brick and pebble dash with shingle roof. It will measure 40x53 feet. John R. Wiggins & Co., R. C. Ballinger &

Co., of this city, and F. H. Mahan, of Ardmore, Pa., are bidding. Bids due April 3d.

Clyde S. Adams, architects, 1202 Locust street, has been commissioned by the Retail Grocers' Association to prepare plans for their new warehouse to be erected at Willow and Orianna streets. It will be five stories high, 84x184 feet, and will be built of brick and stone and slow-burning construction and will have all up-to-date appointments. Plans will be ready for bids in about one week's time. The Retail Grocers' Association of 202 South 9th street, will invite bids.

Horace Wells Sellers, architect, Stephen Girard Building, has completed plans and specifications and sent same out for estimates for a large one-story stone residence, 204x43 feet, with a wing 48x46 feet, to have a loggia in front, 40x20 feet, and a two-story stone stable, 34x43 feet, to be built at "Clifton" Edgemoor, Delaware county, Pa., for the estate of William Sellers. Bids due April 6th. The following builders are bidding: J. E. & A. L. Pennock, W. R. Dougherty and Frank Riggs.

Ralph E. White, architect, formerly associated with Edwin F. Durang, architect, of 1200 Chestnut street, has opened an office in the Pennsylvania Building, Room 903. The new firm will be known as Ralph E. White & Co., architects and engineers. They are working on plans and specifications for a handsome new stable to be erected at Bala, Pa., for Mrs. Schriver. It will be two stories high, of stone and shingle roof. It will measure 30x42 feet. The first floor will contain two box-stalls and single stalls, carriage house, etc. The second floor, coachman's quarters.

Seymour and Paul A. Davis, architects, 907 Walnut street, have been commissioned by the Pennsylvania State College to prepare plans and specifications for the handsome new Carnegie Library to be erected at State College, Pa., at a cost of \$150,000. It will be built of granite and light brick and will be three stories high. It will measure 120x100 feet. The interior will be handsomely finished. It will be equipped with an elevator, heated by steam, wired and lighted by electricity and will have every modern convenience and appointment. Plans will be ready for bids in about two weeks' time. Philadelphia and local builders will be invited to submit bids.

The following architects have been invited to prepare designs in competition for the handsome new Carnegie Library to be erected on the corner of Indiana and Pacific avenues, Atlantic City, which is to cost \$55,000: Hale & Morse, Frank H. Keisker and Paul & Seymour Davis, of this city; Kent & Jarden and A. Ross, of New York; Patton & Miller, of Chicago, Ill., and S. Hudson Vaughn, J. R. Odger, Harry Stout, of Atlantic City. All designs must be in the hands of Mr. Heston, chairman of the committee, by May 1st. The successful architect will be decided upon at

once and work will be begun on the new library by June 1st.

Heacock & Hokanson, architects, 931 Chestnut street, have completed plans and specifications and sent same out to builders for estimates for a new residence to be built at Glenside, Pa., for Edward Gaskill. It will be two and a half stories high, of frame, with shingle roof, 34x30 feet. Bids due April 7th. D. W. Sperry, W. S. Kohl, William Krewson, F. L. Hoover & Son and Mitchell Bros., are bidding.

Building and Real Estate Notes

It is stated that a church building will be erected at Sixteenth and Christian streets for the colored people.

J. E. & A. L. Pennock, builders, 305 Walnut street, have been awarded the contract to build the new allegheny General Hospital, at Allegheny, Pa., at a cost of \$60,000.

The contract for the new bridge over the Reading Railroad at 17th street and Indiana avenue, has been awarded by Chief Haddock to McGraw & Gay, for \$76,300 or \$6,300 more than the appropriation. Councils will transfer the difference.

Angus S. Wade & Co., builder, 1501 Sansom street, have been awarded the contract for extensive additions and improvements to the residence of Jules Kellar, 2116 Venango street. (Details previously noted.) This work will cost about \$10,000.

Mr. Clement Newbold will erect a fine residence at Jenkintown, Montgomery county. Plans by Architect Gus Lowell, Boston, Mass.

The selection of the McKinley statue design for Memorial Hall, has been postponed until April 9th next.

J. Morris Rossiter, builder, of Devon, Pa., has been awarded the contract to build the new stable at Wayne, Pa., for Reginald L. Hart, Esq. It will be two stories high, of frame, with shingle roof. Plans by D. K. Boyd, architect, Harrison Building.

Chas. Yundt, builder, 2108 North 6th street, has been awarded the contract to make alterations and additions to the residence of Geo. P. Pingst, at Oak Lane, Pa. (Details previously noted.) Plans by Frank H. Keisker, architect, Arcade Building.

Lynch Bros. builders, 348 North 57th street, have been awarded the contract to build the new residence at Langhorne, Pa., for J. Henry Clark. (Details previously noted.) Plans and specifications by Heacock & Hokanson, architects, 931 Chestnut street.

Alex Chambley, builder, 707 Walnut street, has been awarded the contract to build the addition to the Phosphor Bronze & Smelting Company at 22d street and Washington ave-

nue. It will be one story high, of brick and steel construction, 130x108 feet. Plans by Isaac Pursell, architect, 119 South Fourth street.

Appleton & Burrell, builders, of 1204 Chancellor street, have been awarded the contract to build a melting shop, 60x120 feet; a hammer shop, 50 feet square; a producer house, 24x57 feet; all to be built of brick, for the Frankford Steel Company, at Frankford, Phila.

J. S. Rodgers & Co., of Stanwick, N. J., have been awarded the contract to build the new residence at 514 Cooper street, Camden, N. J., for William S. Read. It will be three stories high, of brick. (Details previously noted.) Plans and specifications by Bailey & Truscott, architect, 421 Chestnut street, Phila.

F. E. Wallace, builder, 1021 Chestnut street, has posted plans for a new stable to be built at Highland Station, Chestnut Hill, for Jos B. Clark. It will be two stories high, 30x80 feet, and will be built of stone with slate roof. Bids due April 8th. Plans by C. C. Zantinger, architect, 263 South 4th street.

E. Joseph Miller, builder, at Magnolia, N. J., has been awarded the contract to build the new church at Laurel Springs, N. J., for the Roman Catholic congregation of St. Lawrence. It will be one story high, of frame, with shingle roof. Contract price \$6,900. Plans by Henry Dagitt, architect, 435 Chestnut street, Philadelphia.

Raffaello & Ceglie, builders, have the contract to build the new bank building at the southeast corner of 7th and Pemberton streets, for Gennaro Di Genova. It will be three stories high, of brick, 16x60 feet, and will cost \$51,000. Plans by Milligan & Webber, architects, 520 Walnut street. Work will proceed at once.

Joseph Price, builder, 327 South 20th street, has plans posted for a new residence to be built at Summit avenue and Updown road, Jenkintown, Pa. It will be three stories high, 86x36 feet, and will be built of stone with shingle roof. It will contain all modern improvements. Bids due April 2d. Plans by Walter F. Price, architect, 731 Walnut street.

Kritzbarg & Yapp, builders, 804 Walnut street, have plans posted for a new cottage to be built at Seaside Park, N. J., for W. F. Thatcher. It will be three stories high, of frame with shingle roof and will measure 50x20 feet, and will have the usual appointments. Bids due April 3d. Plans by Harry Macomb, architect, Real Estate Building.

John R. Wiggins, & Co., builders, Heed Building, have been awarded the contract to make alterations and additions to the machine and blacksmith shop at Port Richmond, and to build a tar extractor house, 24x18 feet, at Tioga and Richmond streets, and to alter the office at 22d and Filbert streets, at a cost of \$12,000, for the United Gas Improvement Company.

Thomas Little & Sons, builders, 1220 Ransdend street, are bidding on the church building to be erected at the northeast corner of B and East Huntingdon streets. It will be two stories high, of stone and will have a handsome ornamental tower. It will have the usual appointments of a building of its kind.

Bids due April 2d. Plans and specifications by Furness Evans & Co., architects, 401 Chestnut street.

Thomas Little & Son, J. P. Thompson, James Johnson, of this city; W. E. Hauser, of Glenside, Pa., and John Kaufle, of Lansdale, Pa., have filed their bids with John P. B. Sinkler, architect, Pennsylvania Building, for the handsome new residence of Dr. Wharton Sinkler, to be built at Jenkintown, Pa. It will be three stories and basement high, 35x30 feet, and will be built of stone with slate roof and will have all the up-to-date appointments.

At a meeting held not long since at the Girls' High School, the subject of a suitable memorial to Mr. Lewis Elkins, who left an annuity fund of \$15,000 for aged and disabled women teachers, was discussed at some length and those present favored the erection of a memorial window in the Norman School. It is thought a fund of \$3,000 can easily be raised for such a window. The Alumnae Association of the Normal School, the Alumnae Association of the Girls' High School, the Teachers' Institute and the Educational Club were all represented at the meeting.

On April 4th next, Chief Engineer Brown, of the Pennsylvania Railroad Company, will receive the bids for the masonry and grading of the double-track, low-grade freight line between Thorndale and Glenlock, to parallel the present road-bed between these points across Lancaster county. The grade of the Trenton Cut-off is also to be reduced; the contract for some of this work has been let, the rest will be done by the section hands. Plans for the new station at Chester are completed and specifications are being prepared and contracts will be let when these are finished. The contracts to be let for the new low-grade freight line are as follows: Glenlock—Section No. 4, from Station 300 to 370, 7000 feet long, about 80,000 cubic yards of excavation and masonry for four undergrade bridges and one overhead road bridge. Ship Road—Section No. 5, from Station 370 to 450, 8,000 feet long, about 250,000 cubic yards of embankment and masonry for three undergrade bridges. Bradford Hills—Section No. 7, from Station 490 to 575, 8,500 feet long, about 450,000 cubic yards of excavation and masonry for three undergrade bridges. Valley Creek—Section No. 8, from Station 575 to 630, 5,500 feet long, about 250,000 cubic yards of excavation and 7,000 cubic yards of archmasonry. Downingtown—Section No. 9, from Station 630 to 735, 10,500 feet long, 450,000 cubic yards of excavation and masonry for steel viaduct across the Brandywine, 2,400 feet long, and for one undergrade bridge. Thorndale—Section No. 10, Station 735 to 280, 8,500 feet, about 70,000 cubic yards of excavation and masonry for six undergrade bridges.

Through Pennsylvania

—At Valley Forge, Chester county, Mr. and Mrs. I. Heston Todd have offered to give a site for the proposed Memorial Episcopal Church at Valley Forge. Rev. W. Herbert Burk is in charge.

DEAR SIR:

I Will Contract

to heat your residence, however large or small, with HOT WATER, and file a Trust Company's bond for ten times the cost, the same to be forfeited if I fail in any direction.

This means that there shall be more than enough radiation at the smallest possible cost for coal. No leaks, no mistakes, no annoyances of any kind. The boiler to be of the best make.

The responsibility all mine, and the cost no greater because of good work and material.

ARCHITECT NOTES.

Duhring, Okie & Ziegler, architects, South Penn Square Building, will submit designs in competition for the new Carnegie Library to be built corner of Indiana and Pacific avenues, Atlantic City.

C. E. Rahn, architect, 410 Walnut street, is working on plans for a store and dwelling to be built at 209 Second street, Southeast, Washington, D. C., for W. H. Rookstool. It will be three stories high, 16x60 feet, and will be built of stone and brick and will contain all the up-to-date improvements. This house will cost \$5,000. Mr. Rahn will be ready for bids the latter part of this week.

Chas. W. Bolton & Co., architects, Wither-spoon Building, has completed plans and sent same to owner, Mrs. Horace G. Hollowell, who will take bids for a new three-story Colonial residence to be built of brick and will measure 30x40 feet, and to be erected at Collishocken, Pa. It will have a porch on front, wired for electricity, heated by steam, will have all up-to-date improvements.

Heacock & Hokanson, architects, 931 Chestnut street, have sent plans to builders H. Marion Zane, T. M. Davis, Geo. C. Dietrich, Appleton & Burrell, Machin & Brown and Lynch Bros., for estimates for a four-story and basement factory building, 41x43 feet, to be built of brick and slow-burning construction for H. J. Kaltenhaier and to be erected at the southwest corner of Bread and Cherry streets. Bids due April 14th.

Henry Dagis, architect, 435 Chestnut street, is working on plans for a school and rectory to be erected at California and Atlantic avenues, Chelsea, N. J., for the congregation of the Roman Catholic Church of Our Lady Star of the Sea of that place. The school will be three stories high, of stone and will measure 120x65 feet. The rectory will be four stories high, 45x60 feet, and will also be built of stone. Will be ready for bids in a short while.

M. H. Dickinson, 3d, architect and engineer, Real Estate Building, has completed plans and specifications and sent same to the owner, Mr. Harry D. Beaton, of 5408 Woodland avenue, who will take bids for his new residence to be built at 54th and Chester avenue. It will be three stories high, of brick with slate roof, and will measure 32x73 feet. It will have a porch on front, the interior will be in hardwood finish. It will be wired for electricity, heated by steam, best open plumbing work, and will have every convenience and appointment.

A. E. Westover, architect, Keith Building, is working on plans for a handsome new theatre to be built at the corner of Locust and Second streets, Harrisburg, Pa., for J. C. Mischler. It will be four stories high, 147x70 feet, and will be built of stone and pressed brick. It will have all the appointments of a

first-class theatre and is estimated to cost about \$70,000.—He is also engaged on plans for a new theatre to be built at Altoona, Pa., for J. C. Mischler. It will also be four stories high, 140x70 feet, and will be built of brick, stone and terra-cotta and will cost \$75,000. We will be able to give further details in regard to these theatres later.

Thomas Stephen, architect, Masonic Temple, Camden, N. J., has completed plans and specifications and will send same out for estimates the latter part of this week for the new church to be built at Collingswood, N. J., for the First M. E. congregation of that place. It will be one story and basement high, of stone. (Details previously noted.) Bids due April 25th.—

He is also working on plans for alterations and additions to the residence of Mr. George G. M. Watson, at Langhorne, Pa. Plans provide for the building of a back building and general interior improvements.—Mr. Stephens will soon request bids for the remodeling of the store property of J. N. Brey, at Broadway and Mickel street, Camden, N. J.

Wm. F. Kolle & Co., architects and engineers, have completed plans and specifications and are now ready for bids for the interior finishing of the new three-story brick office building, measuring 20x80 feet, for A. Erdrich & Sons, to be built at Frankford, Pa.—In the same office are working on plans and specifications for a saloon and dwelling to be erected on Germantown avenue near Erie Avenue. It will be three stories high, 22x100 feet, and will have an ornamental front of Pompeian brick with Indiana limestone trimming. The interior will be in hardwood finish, heated by hot water, wired for electricity and will have all up-to-date improvements. Will be ready for bids the latter part of this week.

Chas. J. Brooke, architect, 14 South Broad street, has completed plans and specifications and sent same out to builders for estimates for the new residence of Chas. Shomire, at Collinsdale, Pa. It will be two-and-a-half stories high, of frame and stone. (Details previously noted.) Bids due April 13th. Kritzburg & Yapp, J. P. Thompson, of this city; W. C. Shuster, of Lansdowne, Pa., are bidding.—He has also completed plans and sent same to the owner, Mr. Theo. Tweitmann, who will take bids for a new residence to be built at Tacawanna and Pear street, Frankford, Phila. It will be two-and-a-half stories high, 15 feet 4 in x 50 feet and will be built of brick. It will have a porch on one side and in the rear, the interior will be in hardwood finish and it will contain all up-to-date improvements.

Newman & Harris, architects, Real Estate Building, have completed plans and specifications and sent same out to builders for estimates for the addition to the Corn Exchange National Bank at Second and Chestnut streets, on the site of the building on Second street, adjoining the bank. It will be two stories high,

similar in architectural appearance to the present Colonial style structure. Bids due April 13th. J. E. & A. L. Pennock, John R. Wiggins, Doyle & Doak, Roydhouse, Arey & Co., Stacey Reeves & Sons, and John Duncan are bidding.—The same firm have prepared plans and specifications and will invite local builders to submit estimates for a camping building and a main living camp to be erected at Lake Placid in the Adirondacks, for A. H. Grandy, of Norfolk, Va. A two-story structure, 35x22 feet, will be built of spruce logs. The first floor will contain living and dining-rooms, library; second floor, bedrooms. A bathhouse, icehouse and recreation-house are also provided for.

W. L. Plack, architect, 1403 Filbert street, has completed plans for a handsome new residence to cost \$12,000, to be built at Alexandria, Pa., for Mr. John Phillips. It will be two story and attic high, 48x54 feet, and will be Colonial in design. It will be built of brick, heated by hot water, wired for electricity and will have every appointment and convenience. Local builders only will be invited to bid.

—He is also working on plans for a \$15,000 residence and barn for Hon. Frank G. Harris, to be erected at Clearfield, Pa. The house will be two stories and attic high, with slate roof and will measure 40x56 feet. It will be built of brick with terra-cotta trimmings. The interior will be in hardwood finish. It will be heated by hot water with open plumbing work and will contain all modern improvements. The barn will be two stories high, of open timber work and pebble-dashed. Local builders will be invited to bid.—Also engaged on plans for alterations and additions to the residence of J. M. C. Dickey, Esq., at Oxford, Pa. The work will consist of a new Colonial porch two stories high, new roof and new rear two-story addition to be built of open timber and roughcast. Plans will be ready for bids in a short while.—Mr. Plack is also working on preliminary plans for a new residence to be built at Haddonfield, N. J., for A. M. McComb, Esq. It will be two stories and attic high and will be built of frame and stone and will have shingle roof. It will measure 30x38 feet, and will contain all modern improvements. It will cost \$5,000.

BUILDING AND REAL ESTATE NOTES.

John H. Gill, builder, Heed Building, have filed bids with owner, M. M. Sullivan, for addition to Bull's Head Hotel, at 3723-36 Market street. Plans provide for a two-story addition to the present structure. Plans by John H. Gill.

The Empire Theatre, of Frankford, Pa., has been leased for a term of years by A. T. James. The theatre will undergo extensive renovation. Many thousands of dollars will be spent in improvements and when completed it will be in every respect a model house.

PHILADELPHIA, WED'Y, APR. 8 1903

BUILDING AND REAL ESTATE NOTES.

F. L. Hoover & Sons, Inc., builders, have moved their office from 703 Ransstead street to Rooms 3 and 4 at 631 Chestnut street.

A bequest of \$1,000 has been made to St. Mark's Episcopal Church, Frankford, Phila., for a memorial stained glass window by Mrs. James Butterworth's will, in memory of her husband.

Alex. Chambley, builder, 707 Walnut street, has been awarded the contract to make the alteration and addition to 149 North 15th street. Plans by Chas. E. Oelschlaeger, architect, Harrison Building.

Chas. Gilpin, builders, northeast corner of 15th and Chestnut streets, has been awarded the contract to build the rear addition to the residence of Chas. McManus at 1404 North 15th street. Work will proceed at once.

H. Marion Zane, builder, Hale Building, has been awarded the contract to alter the dwelling at northeast corner of Market and Lindenwood streets, into a store. It will have plate glass windows, etc. Work will proceed at once.

W. R. Dougherty, builder, 1604 Sansom street, has filed bids with Furness & Evans Co., architects, 401 Chestnut street, for alterations and additions to the Haverford Grammar School Building, at Haverford, Pa. The plumbing, electric work and heating not included.

Scott & Kriebel, builders, Mutual Life Building, are requesting sub-bids on five twin houses to be erected on north side and east side of Walnut Lane, Germantown. They will be three stories high, of brick, they will have porches on front and will have all up-to-date improvements. Bids due April 10th.

Plans are now being prepared for the erection of a new fire engine house at York road and Champlott avenue, in the Forty-second ward. Councils have appropriated \$15,000 for this building, which will be, when completed, one of the finest suburban fire houses in the city. Plans will soon be ready for bids.

Mr. Franklin P. Cook, of Atlantic City, has bought the Sea Side Hotel, of that place, from Mr. George Lippincott, of Philadelphia, for \$300,000. It is stated that when Mr. Cook

gets possession next fall he will make extensive improvements to the building, including the construction of one hundred additional rooms.

Saml. Davis, Solomon Lavery, Shoffner & Bros., H. M. Simpson and J. S. Rodgers, builders, have filed their bids with Architect Savery & Scheetz, of Stephen Girard Building, for two two-and-a-half story stone and shingle houses to be erected at Conshohocken, Pa. One for Walter D. Wood and the other for Oscar T. Wood.

Geo. Gray, builder, 1670 Margaret street, Frankford, Phila., has been awarded the contract for the addition to Kneedler & Co.'s mill at Bridesburg, Phila. It will be two stories high, of brick and slow-burning construction and will measure 61x53½ feet. It will have slag roof. Plans by Charles J. Brooke, architect, 14 South Broad street.

DEAR SIR:

I Will Contract

to heat your residence, however large or small, with HOT WATER, and file a Trust Company's bond for ten times the cost, the same to be forfeited if I fail in any direction.

This means that there shall be more than enough radiation at the smallest possible cost for coal. No leaks, no mistakes, no annoyances of any kind. The boiler to be of the best make.

The responsibility all mine, and the cost no greater because of good work and material.

J. B. KING & CO., No. 1 Broadway, New York

This **MF** trade mark is stamped on every sheet of the best roofing tin made. This **MF** mark means "Most Favored," because this brand is most favored by architects, dealers, and builders everywhere. **MF** Roofing Tin was first made in Wales 50 years ago—later the process was improved in America—and the product developed, until now **MF** Roofing Tin is more in demand than any other brand. The superior quality of **MF** Roofing Tin is attested by the first prize awarded it at the Paris Exposition, 1900, where it was in competition with all the world.

The entire tinning process is effected by skilled hand labor, without the use of acids or rolls. The very best plates, a great amount of pure tin and new lead, the utmost care in manufacture, successively making **MF** the best of all roofing. It is most economical, because it lasts longest—many roofs made of **MF** 50 years ago are sound as ever today. **MF** Roofing Tin is sold by dealers everywhere. Specify it in your building estimates. Ask your roofer,

or W. C. CRONEMEYER, Agent, write Carnegie Building, Pittsburgh and receive illustrated book on roofing.

ARCHITECTS' NOTE

H. L. Reinhold, Jr., architect, 430 Walnut street, has completed plans for fifteen double and a single dwelling to be built at Ardmore, Pa. They will be two-and-a-half stories high, frame and shingle and will measure 32x45 feet, and will contain to rooms and a bath with all improvements.

Wm. Copeland Furber, architect and Engineer, 421 Chestnut street, will receive bids until Friday, April 24th, for the demolishing of the building at the northwest corner of Fourth and Market streets, and upon this site the new bank building for the Central Trust Savings Company will be erected.

Arthur H. Brookie, architect, 328 Chestnut street, has completed plans and sent same out to builders for estimates for a one-story brick and shingle roof stable, 55x27 feet, to be built at Chestnut Hill for John A. Harris. Bids due April 24th. Geo. S. Roth & Son, W. J. Grutier and John Owens are bidding.

W. C. Pritchett, Jr., architect, 418 Walnut street, has plans nearly finished and will send same out this week for bids for a new stone, Gothic style church for the Blocky Baptist congregation to be erected at Fifty-third and Wyalusing avenue. It will be one-story high, 72x50 feet, and will have the usual church furnishings.

Geo. T. Pearson, architect, 427 Walnut street, has prepared sketches for the addition to the building of the Northern Trust Company at the southwest corner of Sixth and Spring Garden streets. It will measure 45x90 feet, and will face on Marshall and Spring Garden streets, and will be built of gray granite and will match the present structure in style.

Chas. W. Bolton, architect, Witherspoon Building, has sent plans and specifications to A. G. Macey, Lynch Bros., F. L. Hoover & Sons, of this city, and two local builders for estimates for a two-story addition to the present public school at Willow Grove, Pa. It will be of stone and will have all the usual appointments. Bids will be received by Mr. Quigley, of Willow Grove, up to 6 o'clock, May 4th.

Horace Trumbauer, architect, Land Title Building, has won the architectural competition for the new building for the Bucks County Historical Society to be erected at Doylestown, Pa. It will be located at Ashland, Green and Pine streets and will be one story high, of brick and marble, with copper roof, and will measure 40x120 feet and is estimated to cost \$15,000. Plans will be ready for bids about June 1st.

Watson & Huckel, architects, 1208 Chestnut street, have completed plans and sent same out to builders for estimates for a Colonial residence to be built at Wilmington, Del., for W. W. Lobdell. It will be three stories high of brick. (Details previously noted.) Bids due April 28th. Wm. D. Haddock & Co., A. S. Reed & Bros. Co., John B. Johnson, Philomma

Chandler, Wm. J. Brown, of Wilmington, Del. Kendrick & Co., Kendrick & Roberts, Inc., and Frank S. Riggs, of this city, are bidding.

Bunting & Shingley, architects, 140 North Fifteenth street, have sent plans to builders W. R. Dougherty, Stacey Reeves & Sons, and Thomas Seeds, Jr., Garrett Girtton, of Newtown; W. Kafer, Jas. W. Larming, of Trenton, for estimates for the new dormitory building for the John M. George School near Newtown, Pa. It will be four stories and basement high, 113x39 feet, and will be built of brick with slate roof, and will have all the improvements of a building of its kind. Bids due April 30th.

C. J. Brooke, architect, 14 South Broad street, has completed plans for a one-story addition to the Wingohocking Mills at Frankford. It will be one story high, 122x48 feet, and will be built of brick and slow burning construction. Also completed plans for a stable to be built on Unity street, Frankford, owner's name withheld. It will be two stories high and will be L shape, 50x120 feet, and will be built of brick and slow burning and will have all the up-to-date sanitary stable appointments.

Newman & Harris, architects, Real Estate Building, are working on plans for a new store and office building to be built at 32 North Eleventh street, for Mr. H. Kahn. It will be five stories high, 28x125 feet, and will be in the renaissance style of architecture and will have an ornamental front of Hydraulic pressed brick and will be slow burning in its construction. It will have one passenger and one freight elevator, wired for electricity and will have all up-to-date improvements. Will be ready for bids in about three weeks' time.

Clyde S. Adams, architect, 1202 Locust street, has completed plans and specifications and sent same out for estimates for the new warehouse for the Equitable Warehousing Company, to be built at the northeast corner of Fifth and Willow streets. It will be five stories high, 84x184 feet, and will be built of brick and stone and slow burning construction. (Details previously noted.) Bids due April 30th. Chas. Gilpin, Jno. R. Wiggins & Co., Doyle & Doak, Burd P. Evans, Wm. R. Steele & Sons, Scott & Kribble, D. A. McClelland, Geo. C. Sipps and Kendrick & Roberts, Inc., are bidding.

Chas. E. Oelschlager, architect, Harrison Building, has been commissioned by Weimer, Wright & Watkins to prepare plans and specifications for a store building to be erected at 1210-12 Arch street. This structure is next door but one from the new building of Young-Smyth, Field & Co. It will be seven stories, basement and sub-basement high, 48x173 feet. It will have an ornamental front of brick and terra-cotta and will be slow burning in its construction. It will be equipped with two tower fire escapes, automatic sprinkler system, two passenger and two freight elevators. It will be wired for electricity, heated by steam

and will have every convenience and appointment. Mr. Oelschlager has taken out a permit for this new structure. Will be ready for bids in about one month's time.

Architect Wm. Bernhouse, Hammonton, N. J., has completed plans for a town hall for Mullica township to be erected at Elwood, Atlantic county, N. J.

Plans have been prepared and work is now started on alterations and additions to a hotel located near Jacksonville, Fla., consisting of a three-story addition on the main building, 40x124 feet, also a three-story addition to north wing, 40x60 feet. The present dining-room and kitchen are to be enlarged. The main hall, parlor and music-room on the first floor, are also to be enlarged. Ample bathrooms are to be provided, new bathrooms being placed throughout the present building. The new structure will be of frame, with a slate roof, and brick foundations. The building throughout will be lighted by electricity, heated by steam. A new power plant will be in the rear of the hotel. It will be 47x47 feet, built of brick and frame with slate roof and steel stack. It will be thoroughly equipped with apparatus to heat the buildings and furnish power for the machinery. Three new fire escapes will be built, one on annex and two on main building. Cost to be approximately \$30,000. The entire alterations are under the supervision of Ballinger & Perrot, architects and Engineers, 1200 Chestnut street, who are taking sub-bids on the work. The same firm are working on plans for an addition to a bakery in the central part of the city.

BUILDING AND REAL ESTATE NOTES.

J. D. Lingle, builder, of Wayne, Pa., has been awarded the contract to erect a gate lodge at Haverford, Pa., for Mr. Alexander B. Cox. It will be two stories high, of frame and will have shingle sides and roof. It will be heated by hot air with modern plumbing fixtures, etc. Plans by C. E. Schermerhorn, architect, 430 Walnut street.

Doyle & Doak, A. Raymond Raff and Stacey Reeves & Sons have filed bids with Carl P. Berger, architect, South Penn Square Building, for alterations and improvements to the store building at 1006 Chestnut street for Mr. G. A. Swartz. A new front will be put in and general interior improvements will be made, such as tile work, plumbing, electric work, etc.

W. R. Dougherty, builder, 1604 Sansom street, has been awarded the contract to build the handsome new residence at 1720 Locust street, for C. Morton Smith, Esq. It will be a four-story Colonial structure of brick and stone, 22x90 feet. The interior will be in hardwood finish and it will contain all modern improvements. Contract price \$22,000. Work will proceed at once. Plans by Cope & Stewardson, architects, 320 Walnut street.

TWENTY-ONE YEARS OLD AND A MARKED SUCCESS

The twenty-first annual report of the Mercantile Building & Loan Association, of which Mr. C. Stanley French is the president, is of public interest because it indicates in a marked degree the wonderful success to be attained for these organizations through careful and conservative business management.

The uniform increment of gain in every series of its shares from number one to twenty-one, without a single interruption during the twenty-one years of its existence as shown by the report, is extremely creditable to its official management besides being profitable to its shareholders.

Another fact is also established and that is the borrowers on its shares, notwithstanding the six per cent. interest which is charged, really get a lower rate through their profit-sharing advantages than can be obtained through the regular four and a half per cent. mortgage rate of interest.

The Association meets at 1414 Arch street.

BUILDING AND REAL ESTATE NOTES.

Mr. Nathaniel B. Crenshaw, who has been at the head of the Real Estate Department of the Girard Trust Company for many years, will sever his connection with that concern on May 1st next.

Gray Bros., builders, of Rosemont, Pa., have been awarded the contract for alterations and additions to the residence of Dr. Harry Toulmin, at Haverford, Pa. Plans by Dull & Coates, architects, 908 Walnut street.

J. E. and A. L. Pehnock, builders, 302 Walnut street, have plans posted for moving the Grand Opera House and additions and alterations of the Grand Opera House and Avenue Theatre, for the Pittsburgh Opera House Company. Bids due April 25th. Plans by MacClure & Spahr, architects, of Pittsburgh.

John R. Wiggins & Co., builders, Heed Building, are requesting sub-bids on alterations to stable of Kolb Bakery, at Broad and Butler streets. Work will consist of providing for twenty-two stalls and general interior im-

provements. Bids due April 27th. Plans by Chas. Balderson, architect, 411 Walnut street.

W. R. Dougherty, builder, 1604 Sansom street, have plans posted for an addition to the plant of the New York Standard Watch Company, situated on the north side of Woodward street, Jersey City, N. J. Bids due April 25th. Plans by Fritz Mink, architect and engineer, Keystone Watch Case Company Nineteenth and Brown streets.

John Rapp, builder, State street and Longshore road, Tacony, has been awarded the contract to build the addition to the Old Ladies' Home of Philadelphia, at Wissinoming. Work will consist of new wing and new infirmary building. Plans by Adin B. Lacey, architect, 1020 Chestnut street.

The Board of Survey has approved the plans for widening Belfield avenue between Broad street and Ogontz avenue, from 80 to 100 feet; also plans for a new sewer on Luzerne street east of Second street to Wingohock creek, and through the grounds of the new Municipal Hospital.

M. E. Hauser, builder, at Glenside, Pa., has been awarded the contract to build the new residence at Jenkintown, Pa., for Dr. Wharton Sinkler. It will be three stories and basement high, of stone with slate roof and will have the usual up-to-date appointments. Plans by John P. B. Sinkler, architect, Pennsylvania Building. Work will proceed at once.

Samuel B. MacDowell, builder, 1812 North Uber street, has been awarded the contract to build the four-story machine shop at the southeast corner of Seventeenth and Calowhill streets, for Edwin Harrington, Son & Co. It will measure 100x197 feet, and will be built of brick and mill construction. (Details previously noted.) It is estimated to cost about \$300,000.

J. P. Thompson, builder, 1608 Ludlow street, has been awarded the contract to build the new residence at the northeast corner of Twenty-first and De Lancey place for C. S. W. Packard, Esq. It will be four stories high, 18x90 feet and will be built of brick and will have all modern improvements. Work will proceed at once. Plans by Newman & Harris, architects, Real Estate Building.

It will be four stories and basement high, 49x55 feet, and will be built of brick and slow burning construction. Plans by Ballinger & Perrot, architects and engineers, 1200 Chestnut street.

J. E. & A. L. Pehnock, builders, 305 Walnut street, have been awarded the contract to build the addition to the Corn Exchange National Bank, at Second and Chestnut streets.

It will be two stories high, similar in architectural appearance to the present Colonial style structure. Work will proceed at once. Plans and specifications were prepared by Newman & Harris, architects, Real Estate Building.

The "Cement Age" is a new publication issued by the Cement Age Company, 140 Nassau street, New York. It is handsomely illustrated, showing the possibilities of cement stone, ornamental as well as for the most practical or durable purposes. It would seem from the contents of the first number of the "Cement Age" that Americans are only beginning to appreciate the wonderful scope of usefulness which cement possesses.

T. J. Riley, builder, at New York, has been awarded the contract to build the handsome new residence for J. Townsend Burden at the northeast corner of Ninety-second street and Fifth avenue, New York. It will be five stories high, 45x90 feet, and will be built of granite and Indiana limestone. The interior will be in hardwood finish. It will be wired for electricity, best plumbing work, tiles, baths and will have every appointment and convenience. Plans by Horace Trumbauer, architects, Land Title Building, Philadelphia.

Oberly has had plans prepared for fifty-four dwellings.—There is some talk among the directors of the Masonic Hall Company on the subject of improvements to the opera house during the summer months. Mr. Jesse K. Baylis is the lessee and manager.—The Delaware Amusement Company just organized will construct a scenic railway and an Egyptian Maze at Brandywine Springs Park. The cost of this work will be about \$30,000. The scenic railway will have four tracks with two tunnels, each 100 feet long and 40 feet wide.—Ground has been broken for the erection of Docksters new theatre by Contractor John E. Healey.—At Wilmington, the American Vulcanizing Company will erect a large mill from plans prepared by W. D. Brinckle. It will be of brick and steel and will cost about \$30,000.

THROUGH MARYLAND

At Elktion, The Cecil & Kent Railway Company has been granted a franchise to build an electric line between Elktion and Fredericktown by the way of Chesapeake City.

At Cumberland, it is said the Wabash Railroad will construct about eight bridges on the connecting link between Cumberland and Cherry Run. They will cost about \$125,000 each. W. S. Newhall, St. Louis, Mo., is the chief engineer.

At Westernport, the Commissioners of Allegany county, Md., and Mineral county, W. Va., have under consideration the construction of a steel bridge across the Potomac river to take the place of the present structure, which connects Westernport and Piedmont, W. Va.—The Westernport & Keyser Traction Company has been organized for the purpose of constructing a trolley line along the Potomac river from Westernport to a point near Keyser W. Va. Among those interested are James L. Luke, of Luke, Md.; U. U. Bond, of Bond, Md.; David P. Miller, of Cumberland, and others.

At Baltimore, Mrs. Mary Winter Davis will make improvements to the building at 327 North Charles street at a cost of about \$4,000. The contract has been awarded to George Bunneke & Sons.—A permit has been granted for the erection of an engine house on McCulloh near Gold street. The cost will be \$25,000. Milton C. Davis is the contractor.—Charles Simpson has been awarded the contract for the erection of a dwelling for Mr. E. B. Passano, at Allegany and Bosley streets, Towson, Md. It will be 40x50 feet, two-and-a-half stories high, of frame on stone foundations, fine interior finish, all modern conveniences. The cost will be about \$8,000.—The Roland Park Company has sold three adjoining lots to John McKenzie, Harry G. Evans and Frank R. Hayes, respectively. They are situated on Elmhurst road at the corner of Goodwood road. The total frontage is 265 feet with a depth of 170 feet. It is the intention of the purchasers to erect dwellings to cost from \$7,000 to \$8,000 each.

WASHINGTON, D. C.

Plans and specifications have been submitted to the Secretary of the Interior for the construction of a tunnel under Nichols avenue, Anacostia, to connect the Government Hospital for the Insane with the buildings. It will be one hundred feet wide, thoroughly waterproof, with appropriate approaches. Bids will be called for in a short time for its construction.—The Secretary of the Interior has rejected all bids sent in for the bath

houses to be erected on the Government reservoir at Hot Springs, Arkansas, and will receive new bids to be opened on May 7th.—Robert Stead has taken out a permit for the erection of four two-story brick dwellings at 1014-16-18 and 20 Eighth street, Northwest. The total cost will be about \$12,000.

Thomas M. Haislip has broken ground for five two-story brick dwellings at 1010-12-14-16 and 18 Eleventh street, Northeast. The cost will be \$3,000 each.—Charles H. King will erect two three-story apartment houses to cost \$15,000 each. They will occupy ground at 1406 and 1412 Burney street, Northwest.—F. A. Blundon will erect six two-story brick dwellings on Kenyon street, Columbia Heights, to cost \$15,000.—The Potomac Public School on Twelfth street between D and E streets, Southwest, is said to be in an unsanitary condition. A committee has been appointed to inspect the building and report the result.—The Cosmos Club will remodel the property at 25 Lafayette Square to serve as an addition to the present clubhouse.—It is said that the Metropolitan and the Army and Navy Club are considering the enlargement of their respective quarters if ground can be secured for extensions.—The Georgetown University has bought ground on Prospect avenue between Thirty-fifth and Thirty-sixth streets and will erect a building for the medical department.—The District Commissioners will receive bids until April 30, 1903, for the construction of a building for the Police Department and which will be erected on the Tenleytown road near River road.—Henry B. F. Macfarland, Henry L. West and John Bill, Commissioners. Plans and specifications may be obtained at office of Commissioners.

[ENTERED AT THE PHILADELPHIA POST-OFFICE AS SECOND CLASS MATTER.]

VOL. XVIII.—No. 17.

PHILADELPHIA, WEDNESDAY, APRIL 29, 1903

\$5.00 PER YEAR.

ARCHITECTS' NOTE

At Atlanta, Ga., the Fulton Building, it is said, will erect a fourteen-story building at Peachtree and Marietta streets. Those interested are W. P. Inman, Captain J. W. English and others.

At Detroit, Mich., it is stated that Joy & Bancroft have prepared plans for an eight-story addition to the Madison apartment house, at Madison avenue and Randolph street. The estimated cost is about \$125,000.

Chas. W. Bolton, architect, Wisherspoon Building, is working on plans for a new church building for the Snyder Avenue Congregational Church, to be built at Third and Snyder avenue. It will be one story and basement high, 60x70 feet, and will be built of stone with slate roof. The basement will contain the Sunday-school room, the first floor church. It will be wired for electricity, heated by steam and will have the usual church furnishings; will be ready for bids in about two weeks' time.

At New Castle, Pa., Architects C. C. and A. L. Thayer have prepared plans for a new building for the Beaver Valley General Hospital, at New Brighton, Pa. It will be three stories high, of Fallston brick, fireproof construction, slate roof, wood cornices, size 70x160 feet, fine interior finish, patent plaster, steam heat, gas and electric lighting, bath room fittings, fireplace tiling, wood mantels, gas fixtures, electric wiring. The cost will be \$35,000. The contract has been awarded to G. A. Bradshaw.

W. C. Prichett, architect, 418 Walnut street, has completed plans and sent same out to builders for estimates for an eight-story publishing house, to be built on the site of the old Arch Street Presbyterian Church, on Arch street west of Tenth, for John C. Winston Publishing Co. (details previously noted). J. R. Riley, J. E. & A. L. Pennock, Stacey Reeves & Sons, Appleton & Burrell, James A. Bradin, F. L. Hoover & Sons, Inc., Doyle & Doak, Roydhouse, Arey & Co., Lewis Haven & Sons, J. S. Cornell & Sons, W. W. Rea are bidding. Bids due May 3d.

Carl E. Berger, architect, South Penn Square Building, has finished plans and specifications and sent same to the owner, Andrew Kessler, of Logan, Pa., who will take bids for twin house to be built at Lindley avenue and Warnock street, Logan, Pa. They will be three stories high and will have a front of light faced brick with slate roof. They will have porch fronts and will contain eleven rooms each. The finish on the interior will be in oak and cypress. They will have best open plumbing work, tile work, mantles and all up-to-date improvements.

At St. Louis, Mo., it is stated that plans have been prepared for a hotel to be erected at Washington Boulevard and Euclid avenue by the Co-operative Missionary Union. The cost

will be \$40,000. Rev. T. G. Atterberry, 1211 North Garrison avenue, can give information.

It is said that an eight-story building will be erected at Seventh and Olive streets. J. A. Parker, agent, Holland Building, is said to be interested.—The congregations of the Mount Cabanne and Central Christian churches have bought a site at Union Boulevard and Von Versen avenue and will erect a church to cost \$50,000.

Horace Trumbauer, architect, Land Title Building, has completed plans and specifications and sent same out to builders for estimates for a new residence for Edward C. Knight, of this city, to be built at Yznaga Court and Bellevue avenue, Newport, R. I. It will be two stories high, 135x80 feet, and will be built of Indiana limestone; the interior will be in hardwood finish. It will be wired for electricity and contain every appointment and convenience. Doyle & Doak, Milton W. Younge, B. Ketchum & Sons, Geo. F. Payne & Co., of this city; John T. Brady and Thos. Reily, of New York, are bidding.

Seymour & Paul Davis, architects, 907 Walnut street, have completed plans and sent same out to builders for estimates for the new Carnegie Library, to cost \$150,000, to be built at State College, Pa., for the Pennsylvania State College. It will be two-story, stone (details previously noted), bids due April 20th. The following are figuring: George F. Payne Co., Kendrick & Roberts, Inc., H. M. Zane, A. H. Williams & Son, of Philadelphia; Vipend Construction Co., of Altoona; Conrad Schroeder, of Scranton; W. J. Smith, Wilkesbarre; Geo. W. Beard & Co., Reading, Pa.; W. H. C. Huffman & Sons, Bennett & Woodnutt, Williamsport, Pa.

T. Frank Miller, architect, Lippincott Building, has prepared plans and will be ready for estimates in about one week's time for an eight-story building, owner's name withheld, to be erected for tanning purposes in connection with morocco leather manufacturing. It is to be erected at 1016-18 Locust street, the site where the explosion happened two years ago. It will measure 23x57 feet, and will be of red brick and slow burning construction, and will be equipped with tower fire escape, automatic sprinkler and all up-to-date appointments and will cost \$40,000. It is the intention, as soon as the contract is awarded, to proceed with this work at once.

Geo. Bispham Page, architect, Harrison Building, has completed plans and specifications and sent same out to the handsome new residence for Alex Brown Cox, to be built at Paoli, Pa. It will be three stories high, of stone with slate roof, 63x39 and 33x20 feet. It will have a porch on the front, the interior will be in hardwood finish, best open plumbing work, tile work, wired for electricity, with every modern convenience. Bids due May 5th, Jacob Myers & Son, W. R. Dougherty,

of this city; J. D. Lendgel, of Wayne, Pa.; Grey Bros., of Rosemont; Wm. Russell, of Paoli; Plummer Jeffers, of West Chester; Milton W. Young, of Overbrook, are bidding.

Ballinger & Perrot, architects and engineers, 1200 Chestnut street, have completed plans and specifications and sent same out for estimates for a cottage, infirmary, power-house and alterations and additions to main building of the Methodist Episcopal Orphanage at Bala, Pa. The cottage will be three stories high, 38x48 feet, and will be built of stone with slate roof. The power-house will be one story high, 32x71 feet, of stone with slate roof. The infirmary will be two stories high, 51x38 feet, of brick. Bids due May 5th. The following builders are bidding: Geo. F. Payne & Co., Appleton & Burrell, Lewis Havens & Sons, Stacey Reeves & Sons, Geo. L. Sipps, J. S. Cornell & Son, and A. Raymond Raff.

At Albany, N. Y., the Albany Homoeopathic Hospital and Dispensary has had plans prepared for a new building on North Pearl street. It will be 42x100 feet, and seven stories high. The estimated cost is about \$100,000.—St Peter's Hospital, on Broadway, will be enlarged by an extension to cost \$60,000.—The city architect is preparing plans for a hospital for contagious diseases to be erected in connection with the Albany Hospital. City Council has appropriated \$40,000 for the purpose.—The Assembly has passed bills appropriating \$52,450 for improvements to the Women's Reformatory at Bedford; \$49,000 for improvements to the Clinton prison, and \$1,070,000 for improvements to the State Hospital for the insane.

At New York City, Cunningham & Bullard, 893 Jackson avenue, have prepared plans for eight three-story brick dwellings to be erected on the west side of Jackson avenue, at a cost of \$8,000 each, for Mr. R. C. Bullard.—Mr. Peter W. Rouss, 241 Park Place, Brooklyn, has bought ground at Prospect Park, West and Garfield Place, 100x125 feet, and will erect a dwelling 75x80 feet on the site. The estimated cost is about \$100,000.—Weich, Smith & Provost, 11 East Forty-second street, have prepared plans for two six-story dwellings, 20x100 feet and 25x100, to be erected on East Fifty-first street, near Madison avenue, for W. W. and T. M. Hall, 11 East Forty-second street.—It is said that plans have been prepared for a five-story stone building to be erected at Eighty-second street, Central Park West, for the use of the New York Red Cross Hospital and Training School, for the Red Cross Sisters. The cost will be about \$70,000.

Plans have been prepared by Horgan & Slattery for a six-story brick stable for James J. Duffy. It will cost about \$20,000.—The Knowlton Hall Company will erect a seven-story dormitory at 124th street and Broadway, from Columbia University. The cost will be \$250,000.

PHILADELPHIA, WED'Y, APR. 29, 1903

FORTY YEARS WITHOUT A BREAK.

Forty years is longer than the average life of man and while the sea rolls on forever man's efforts end with the inevitable.

The house of Felton, Sibley & Co., manufacturers and dealers in paints, varnishes, etc., 135-140 North Front street, has been located on that thoroughfare for forty years without a single interruption. This means forty years of prosperity, experience, respect and confidence of painters, and the making and selling of millions of tons of painting materials of all kinds, and the same effort and service and business goes on daily just as it did before many of you were born.

SAMSON SPOT SASH CORD GOOD FOR THIRTY YEARS

If house owners would exercise more care in the selection of sash cord both in repair work as well as in original construction an insufferable nuisance through the breaking off sash cords could be avoided.

To many persons the sash cords to the windows of a building seems of minor importance and for the sake of saving a bare pittance which represents the difference in the cost of poor cord and the Samson Spot Cord, which is conceded to be the best in the market, an infinite amount of trouble is caused subsequent owners and renters, who are in no way responsible and who have a right to be protected in that direction.

Indeed, it is a serious matter to the occupants of a building, whether new or old, to have broken sash cords in windows which are in constant use and to the recent purchaser of a dwelling it is very discouraging to be compelled even in a short time, to have new cords substituted at the expense of marred paint as well as the cost of repairs.

If architects would only specify the Samson Spot Sash Cord and contractors as well as operative builders would appreciate the fact that under the average wear the Samson Spot Cord is good for thirty years, a terrible amount of annoyance as well as danger and difficulty would be spared those who live in houses.

REMOVAL OF THE ITALIAN-AMERICAN TRUST COMPANY

The Italian-American Trust Company, which commenced business at 725 Carpenter street about one year ago, has been compelled to seek new quarters with greater facilities than the old location afforded; hence we announce the company's removal to the northwest corner of Ninth and Christian streets.

The company has been remarkably prosperous. It is immensely popular with contractors and others requiring a large force of reliable laborers; for the company has not only the power of concentrating Italian laborers for emergency calls however great, but it keeps a tab upon the character and reliability of those on its lists who seek employment through its influence and business connections in that direction.

ARCHITECTS' NOTES.

H. D. A. Jekel & Co., architects, Pennsylvania Building, are working on plans for interior alterations to first floor of Pennsylvania Building, to suit the needs of a cafe and restaurant for Geo. W. Stewart. Will be ready for bids for about 10 days' time.

Heacock & Hokanson, architects, 931 Chestnut street, have completed plans and specifications and sent same to the owner, who will take bids for a two-story frame house, 44x26 feet, with a porch 10 feet wide. It will contain nine rooms and bath, and be built near Jacksonville, Fla.

Emil Hartman, architect, 514 Walnut street, is working on plans for a new brew house, mill and malt storage house, engine, boiler, packing and wash house, for the Northampton Brewing Company at Northampton. The purposed structures will be fireproof. Will be ready for bids in about two weeks' time.

M. B. Bean, architect, of Lansdale, Pa., is working on plans and specifications for alterations and additions to the residence of J. H. Vail at Norristown, Pa. Mr. Vail has an office in the Hale Building, this city, and will take bids. The addition will be three stories high, of stone and general interior improvements.

At Boston, Mass., the school house committee has appointed A. Wadsworth Longfellow, Tremont Building, to prepare plans for a grammar school to be erected on old Christopher Gibson site, Dorchester.—Charles B. Perkins, 8 Beacon street, will prepare plans for completing the Francis Parkman School, Jamaica Plain.

Caldwell & Simon, architects, 1229 Walnut street, are working on plans and specifications for a new residence to be built at Elkins, Pa., for Wm. H. McCormick. It will be two and a half stories high, 30x50 feet, and will be stone to the first floor the balance frame with shingle roof. It will have a porch on front and will be wired for electricity and will contain all modern improvements.

H. C. Reinhold, Jr., architect, 430 Walnut street, has completed plans and specifications and sent same out to builders for estimates for additions and improvements to the Hotel Phoenix, at Phoenixville, Pa., for Jacob Wall. The plans provide for an addition to the pres-

ent hotel to be three stories high, of brick and frame and remodeling the dining-rooms. Jos. Ash and Robt. Tarlow & Sons, of this city, are bidding.

M. H. Dickenson, 2d, architect and engineer, Real Estate Building, has sent plans and specifications to Henderson & Co., A. Schoel, Wm. Marrow, C. F. Sharp, Kendrick & Roberts, Inc., M. P.
